Above Your Raisin Mac Griffith

Associate Justice of the United States Supreme Court Nicholas (Nico) Grasso has a lapse in judicial temperament and shoves Vernon (Tree) Purcell into the swift and icy waters of the Rolling River in the high mountains of Colorado. Tree, a janitor, and a good one, is surprised by the ferocity of this attack even though he knows he has some talent for aggravating his betters. Justice Grasso comes to this pivotal moment to fly fish on the ranch of one of his true (billionaire) friends, Willard Jordan. Tree comes within drowning range of Nico after Tree has wandered from his native Alabama to try to get over the still searing death of his wife. Tree leaves his job as a high school janitor and eventually finds the same work on the Jordan ranch.

After being baptized by Nico, Tree simply keeps swimming downriver because he decides he is done with Nico and with this job. Neither Tree nor Nico knows that Tree inadvertently has in his possession an unopened letter from the pope to Nico. Nico sets about getting the letter back from fear of having its contents revealed. Tree, having opened the letter, sets about jerking Nico's chain in a way that is deeply satisfying to Tree.

Above Your Raisin is an exploration of love, grief, and loneliness; of the gifts that lie hidden within us; and of the friends that lie hidden to save us. Tree is a rare man with a rare mind on a rare journey.

Mary says

Kept my attention throughout

Kathy Webb says

I won this Kindle Edition book from a GoodReads giveaway - thank you to all involved.
This book has a good storyline - I would recommend.

Toni Wittus says

This book hooked me from the start and kept me up at night. Would recommend

Curtis Perrymore says

Sucks you in, and won't let go.

This book is very hard to define. It sucks you in and keeps you wanting more. At the same time it is like a runaway mind and a never ending thought. Like the strange tracks a mind can take right before sleeping, but you are too wired to let them go. It encourages out of the box thinking. Which I don't feel enough of our world is truly capable of. If you are even a little OCD, it will be stressful. It was for me, but I still couldn't put it down. I won this book from a Goodreads giveaway.

Denise Levendoski says

Thank you to Mac Griffith and Goodreads.com I won this book in a Giveaway.

Finally ! I got the true meaning of the title 95% into the book. This book, while I loved the story was a very hard read. I had to get used to the characters mind and language. There was a lot of rereading happening to make sure I understood the meaning of what they meant.

Sharon says

While I tried several times, I unfortunately was not engaged enough to read the story through to its conclusion. 2.5 stars
