## Clash Nicole Williams

Their Romeo-and-Juliet-level passion is the only thing Jude and Lucy agree on. That, and fighting all the time...

Also not helping? Lucy's raging jealousy of the cheerleader who's wormed her way into Jude's life.

While trying to hang on to her quintessential bad boy and also training to be the top ballet dancer in her class, Lucy knows something's going to give... soon.

How can she live without the boy she loves? How can she live with herself if she gives up on her dreams? If Lucy doesn't make the right choice, she could lose everything.

## Hazel \*Craves the Angst Reviews\* says

### *A full 5+ stars!*

THIS BOOK WAS TERRIFIC! But really, after book one, I expected nothing less than AMAZING... and I got it!

### ***The Review:***

Clash is the second book in the *Crash* series. Book one, *Crash*, was a force to be reckoned with! I loved it. This book was just as amazing and filled with just as many angst's and exciting hurdles to climb.

Lucy and Jude, who overcame major obstacles in book one throughout their last year of high school, are now in college. And though their colleges are only five hours from each other, the distance and time apart along with misunderstandings, miscommunications, doubt, fear and a sinister Spirit Sister threaten to come between them permanently.

Lucy does a lot of soul searching in this book. She sees the difficult road ahead of them and wonders if it's a path she wants to travel down. Between their tragic past, their torrent present and their undecided future, Lucy and Jude have to find out if trust and love really is enough to concur all. There were some highly emotional moments in this book along with a good dose of fun, playful banter and lots of swoon worthy Jude moments. That boy MAN, is a total dream! Who wouldn't want someone who could plow through a herd of line backers just to claim you as his but then quietly give you a rose just to prove he's thought about you that day. Wowzerz! Raging, uncontrollable temper or not, sign me up for an all night Jude-a-thon because that man is smokin'!

As for Lucy... \*shakes head\* That girl can throw down with the best of them! Can we say *cat fight!!! me-ouch!* But, as much as I like her character, I have to admit that Lucy took my insides and squished them under her pointes, along with Jude's heart. I didn't see much character growth with her from book one to book two until the end. She was indecisive and the way she constantly pushed Jude away was gut wrenching. This has been a constant theme for her through both books. And really, how many times can she push him away before she "figures her shit out?!?" There was one scene in the airport that eviscerated me! I felt so bad for poor Jude that, I myself, felt a Jude-rage coming on after reading it. The scene was powerful and heartbreakingly left me fuming.

But isn't that what makes a story great? One that has the power to lift you or destroy you with a chapter, paragraph or sentence? Those are the best kinds ;)

Oh and the sinister Spirit Sister of doom... needs her pom poms shoved up her gaping sphincter in the worst way! As perfect as Jude is in my book, he did irritate me a time or two with his *one sided* Hulk-like freak-outs. There was a scene where Lucy tries to prove her claim and he didn't take it well, but he was fine with throwing down the gauntlet if someone even looked at her with more than a passing interest. I wish he had nipped that *Vix Bitch* in the bud to begin with and not let her crazy "just-look-at-me-I'm-so-hot-how-can-he-not-want-me" crap get in the way of his and Lucy's relationship. Read the book, you'll see what I mean!

### ***The Wrap Up:***

I LOVED this book as much as I loved the first one. The writing was wonderful, the story was gripping and it kept me coming back again and again to devour it. Lucy and Jude's relationship isn't perfect, but this book

proves that you can have a turbulent storm raging around you and survive it as long as you have trust and love with a solid foundation... and a rope to hold onto... when it tries to fall out from under you.

NOTE:: Read this as a buddy read with Juls! Three chapters a day just wan't enough Jude was it?!? Thanks girl, that was a blast. Whats next? ;)

### **madie ✨ says**

My reaction to this one is the same as the first one, it wasn't horrible, but it wasn't the best.

It was the same exact thing, except now instead of being in high school, they're in college.

The description made me think that dancing would actually play a role in this book. But no. Dancing is barely mentioned, again, in this novel. Lucy dances about twice in the novel, and the rest is just her fighting about leaving or staying with Jude. Hell, Jude playing football is mentioned more than her dancing. I really don't understand why the author claims Lucy to be a good girl who loves dancing with all her heart, when you can clearly see her character is pretty much opposite.

Jude has changed, but relatively he's the same. He's toned down his anger, and is trying more on the "think before you act" approach. He's trying. That was one good point.

Lucy, on the other hand, was the same doubtful immature girl who would say one thing and do another.

After a certain event that involved the "spirit sister on the cheer squad who's attached herself to Jude in just about every way a girl could", she's pissed off. With good reason, really. But Jude tells her to trust him, to believe him. He's on his knees begging for fucks sake. She doesn't, of course.

She went through book one doubting and not trusting him, planting the blame on him, and she's done it again this time.

She has no trust in him whatsoever. She'll love him, then leave him.

I honestly disliked her character a lot in the book. It was just really immature of her to act the way she did.

Another thing that bothered me was the actually possibility of there being another plot besides their love problem, and it not happening. There really was no resolution to the whole "My dad shot your brother" deal, and it was approached in this book, but it just dropped dead. This book is nothing but their love trials, and although that's good for some, the events that's happened in their pasts could have made an actual story line, and something to look forward to.

But no, all we get is a girl who runs away from everything, believing everyone else to be at fault, and a guy who's practically miserable the majority of the book.

There were minor characters in the book, and besides Thomas (who only got about 5 lines in this book but still seemed to be the most sane of them all), they were all depicted as sexy-driven maniacs. Characters that had potential, again, were shot down because of the incessant noting that they 1) Love beer 2) Love sex 3) Party like there's no tomorrow & 4) Slut it up everywhere they go.

Ugh. I just hate it when books can gain potential and it's just killed.

---

## AJ says

I realise I'm going to be in the minority with this one, but this book just didn't work for me. I was so excited when I knew we were getting another chance to read about Jude and Lucy. After all they went through in Crash, I was excited to actually see them put the past behind them and be in a relationship... or so I thought!

*"It feels like sometimes I'm just waiting for the bottom to fall out beneath us. You know?" I felt guilty for admitting it, but I was a realist, and couples like Jude and me had the odds more stacked not in our favour than in it.*

*"I know baby," he said. "I know. When it does though, we'll just grab a rope and wait it out."*

Good advice Lucy!! Wish you would have listened to him!!!!

Lucy just drove me batshit crazy though most of this book. Seriously, I just wanted to bitchslap her into next week! Yes, there's a bitch-character introduced who messes with their relationship, but Lucy was so quick to judge Jude and I'm annoyed that she didn't trust him or what she had with him.

Her roommate said it best - *"If you say you're going to trust your man, then trust your man. Don't revoke that privilege when he needs it most."* But again, she didn't listen. She let the doubt in, and it almost destroyed her, and what she had with Jude.

Jude never gave Lucy any excuse not to have faith in him. But even when that issue was resolved, she still didn't stop being a whiny drama queen because 'it's all too hard' and she's scared of the future. And because of this, she put Jude through hell, and my heart just broke for him. I still don't fully understand her motivation. (view spoiler) I was so incredibly pissed off with her that at one point I had to stop reading and go and clean my house in order to calm down and prevent myself from smashing my kindle against the wall.

On the positive side - Jude was utter perfection as always. Fiercely over-protective of his girl and openly demonstrative of his love for her, he was absolutely swoony! (and reminded me a lot of Travis from Beautiful Disaster \*sigh\*). His actions, and the way he treated Lucy were amazing. He put up with a lot, being incredibly supportive, he was always there for her, waiting for her to sort through whatever it was she was dealing with.

(view spoiler)

But then... after everything that they go through together, and everything that Jude tried to tell her, and all of the signs pointing forwards that Lucy just kept ignoring, all it took was a heart to heart with her Mom and a theoretical smack with the obvious stick for her to finally pull herself together.

*"Love isn't only love, sweetheart. It's hard work, and trust, and tears, with even a few glimpses of devastation. But at the end of each day, if you can still look at the person at your side and can't imagine anyone else you'd rather have there, the pain and heartache and the ups and downs of love are worth it."*

Nicely said Mom! AND ABOUT FREAKING TIME!!!!

The other issue I had with this book was the same I had with the first – the OTT moments which sprang up. Some of these moments I felt the author could get away with (the ‘first touchdown’ thing was gorgeous and made me squee), but others just didn’t work for me. Particularly the ending. While I was pleased that there was a HEA, and I confess I did grin at one point while reading it, mostly I was just rolling my eyes at the excessiveness of it all. It felt to me like the author was just trying to create a Hollywood ending.

And then the book just stopped. After all of the crap that Jude and Lucy go through, they get their HEA and it just ends. There is an epilogue, but it’s really brief. And we don’t get to see them being together with all of the issues behind them, and that also fell flat for me.

So, yeah. Overall I was disappointed with this. It had such a great start, with Jude and Lucy happy together, but Lucy’s insecurity and then total stupidity during the entire second half of the book just brought the whole thing down for me I’m afraid.

2.5 stars – I’m only rounding up because Jude is so freaking gorgeous!

\*\* Huge thanks to my GR buddies who allowed me to rant and swear myself ragged while I read this – much appreciated ;)

---

### **Aestas Book Blog says**

***“Jude wasn’t just my first love. He was my forever love.“***

Woohoo! Our lovable uber-protective badboy, Jude, is back!

I really liked this book, I had some issues with it, but overall, I was very happy with it. This book had great dialogue, swoony moment, heart breaking moments, a totally badass chick fight, a heart sick badboy, some big issues to work though and of course a happy ending

This book starts up after the ending of Crash (book #1) with Jude and Lucy attending college. Jude being the superstar football player has been assigned a “Spirit Sister” Adriane (aka sheb\*tchfromhell) who wants nothing more than to steal Jude away for her very own at any and all costs. Eeeepp!! This consequently (and understandably) made Lucy feel more and more insecure around her relationship with Jude (considering his man-whoring past) and leads to a lot drama around them learning to trust each other.

***“You’re all I’ve got, Luce. I’ll do anything not to lose you.”***

I have to say I HATED Adriane from the moment her name hit the page. I really haven’t hated a character this much in a long while. And I gotta admit, I totally sympathized with Lucy’s insecurities at first – the thought of another girl determined to get Jude just made my blood boil... and its not like Lucy knew she was a character in a book and destined for a HEA lol. In her eyes, she didn’t know what to think and was just working with the facts in front of her... I’m pretty sure it would make me worried too in her shoes.

I was really torn with who to side with... I think in the end, they were both equally to blame for the issues, and both equally to commend for fixing things. Overall I actually sympathized with them both. For the first while I sided with Lucy... Despite being utterly devoted to her, Jude did do several things that I don’t think he should have with whole Adriane thing which made me totally get why she was being insecure. Then for a

while, I sided with Jude because I felt Lucy went over-the-top with her reactions to the conclusions she drew. But at the same time, she had pretty good reason to come to those conclusions...and poor Jude is there and he's just so messed up and yet trying so freaking hard to do the right thing but at the same time, and yet some of his actions were just really hypocritical..... hmmm I could go on and on... basically: Holy Emotional Rollercoaster!!

***"Life isn't perfect, we sure as shit aren't perfect, so why should we expect love to be?"***

The book was a fair bit shorter than Crash though so none of the frustrations were too long and drawn out – making them quite bearable. And it helped that by the end, all the issues that came up in the book were completely resolved.

And I absolutely loved the ending!! It was really sweet and the author tied it right in beautifully with the beginning of Crash making the story kind of come full circle. I thought that was pretty perfect

This book is basically YA but with sex (very subtle descriptions).

---

### **Pilar ? says**

***"I just wish I could trade in the roller coaster for a carousel. Able to anticipate what was around every corner, making the journey with less dramatic ups and downs."***

I'm giving Clash 3 stars, it was really hard to rate because it was shorter. I really loved the first book, but I couldn't quite follow this one because of Luce's behavior. During this book, she couldn't make up her mind and she kept running away from Jude... I get that she was confused and insecure but come on, she was hurting the poor guy too.

And well, I don't really have words for **JUDE freaking RYDER**, he's a god, I'm completely in love and obsessed with him now, thanks to him I kept reading and enjoying this book...

Can't wait to see how Jude and Luce's story continues!!!

---

### **KarenH says**

LOVED this story!!! Jude Ryder is all kinds of sex-on-a-stick and he loves Lucy with such a Travis Maddox-like intensity, it makes him all the more appealing. If you are into teenage love stories with a hefty dose of angst, then this 2-book series is perfect for you!

The first book, Crash, takes place during Jude & Lucy's senior year in high school. This is when they meet, fall in love, and, unfortunately, are faced with numerous external situations that end up dictating their relationship. The 2nd book, Clash finds Jude & Lucy at separate colleges hoping to maintain their long-distance relationship by relying on their relatively new-found trust. But when a cunning bitch sets her sights on Jude, will that tenuous thread snap and let trust be damned? Apart from what transpires and how it affects Jude & Lucy's relationship, this exciting segment of drama culminates in a brutal chick fight. Lucy may seem fragile because she is a ballet dancer and is small in stature, but you know what they say... "hell hath no fury like a woman scorned". That scene still has me smiling!

Of course the road to an HEA for Jude & Luce is long, rough and scarred. But I've come to trust (almost) completely an indie author will bring her protagonists to the finish line in the most endearingly gratifying & sweetest way possible. Nicole Williams doesn't disappoint. This is mature YA at its best!

Jude Ryder

---

### **Laz says**

Hmmm...

I'll admit that the first book took me by surprise, it was really nice despite some editorial mistakes which were editorial so I tried not to be judgemental. This one had some, too.. But that's not why I gave this 2 stars.. What made me give this 2 stars is mainly the fact that the storyline in this one was not as thick as it was in the first one. I could have done without reading this book, and still be pleased with just the first one.

What I'm trying to say is that this was not as good as the first. The first had a little bit of originality while this one followed around to the footsteps of the most common ya contemporary romances and that let me down. This could have easily served as a long-stretched novella but it qualifies as a full novel instead.

I'll say again that I liked the book, just expected more out of it other than some poor-ass plot and an unsatisfying ending.

PS: I still find the characters charming as hell.

---

### **Inés Izal says**

*"-Jude, es como si a veces estuviera esperando que el suelo se desplomara a nuestros pies, ¿sabes?*

*—Lo sé, cariño —dijo—. Lo sé. Pero cuando lo haga, nos cogeremos a una cuerda y esperaremos a que se pase juntos."*

Si tuviera que dar un euro cada vez que Lucy duda o se siente insegura en este libro, ya estaría viviendo bajo un puente arruinada y en soledad.

**¿Qué te ha pasado Lucy?** En el primer libro eras puro fuego, decidida y completamente enamorada de Jude. Y aquí te has apagado, te han comido viva.

Pobre Jude, lo que ha sufrido por ello.

Iba a ponerle 2 estrellas, pero Jude y sus frases han salvado esta catástrofe.

*"-El amor no es solo flores, velas y romanticismo, cariño. Es trabajo duro, y confianza, y lágrimas, y sufrimiento. Pero al final de cada día, si miras a la persona que tienes al lado y no te imaginas a nadie a quien preferirías tener en su lugar, es que el dolor, y la tristeza, y los altibajos del amor merecen la pena."*

---

## **Mysza says**

---

*"The name's Jude Ryder since you're going to be my wife someday soon. And I didn't used to do girlfriends, flowers, or dates. And then I met you, and that didn't work for you. So I changed for you. And you changed for me too."*

## **Jennifer Kyle says**

### **Let me grab a mic and say...I Love You Jude Ryder Jamieson!!**

This was a well written sequel and I did thoroughly enjoy the ride. I read it in one sitting.

The reason for 4 stars and not 5 stars is because it was excruciating for this Jude fan to read how repeatedly Lucy pushes him away. I shed tears for him being so in love and witnessing him being crushed was heartbreaking for me. Don't think I could ever turn my back on him in a million years!

My wish for their future is that Lucy never ever walks away again or I promise I will be there to pick up the pieces!

---

## **Luciana says**

No me gustó para nada. *Muy cliché*.

Díganme, ¿hay alguien más insoportable que Lucy Larson? El libro básicamente se trata sobre sus dudas e inseguridades sobre Jude, así que me costó seguir con la lectura por eso.

Quiero rescatar una de las pocas cosas entre estos dos libros que me gustaron: el cambio que tuvo Jude.

Empezó con un: *"Mi nombre es Jude Ryder, ya que sé que estás casi babeando como un perro rabioso por saberlo, y no tengo novias, ni relaciones, ni doy flores o llamadas regulares. Si eso funciona para ti, creo que podríamos trabajar en algo especial."*

Y él terminó diciendo: *"Mi nombre es Jude Rrás mi esposa en algún momento no muy lejano. Y no solía tener novias, dar flores, o tener citas. Y luego te conocí, y eso funcionó para ti. Así que cambié por ti. Y he cambiado para mí también. Y nos salió algo especial."*

En resumen, hasta ahora estos libros no me parecieron buenos. Se leen rápidos pero no tienen nada muy interesante para contar.

Mi pregunta en estos momentos es: ¿qué otros problemas les pueden pasar a ellos dos en el siguiente libro,

Crush? Ya sufrieron bastante.

---

### **Smitten's Book Blog says**

Hmmmm, where to start. I have mixed feelings about this book, because, I did love it and was completely rooting for Jude and Lucy, but parts of it drove me up the wall! I absolutely adored the first book. Clash was good, but not *as* good.

Where, in Crash, I loved Lucy and her sassy attitude. I loved that the characters had *real* how-will-they-ever-get-through-this issues to contend with and still managed to battle against the odds and convince the reader that the decisions they made were the right ones, even when you thought there was no possible way over the mountainous obstacles in their way...

I didn't feel like that with Clash. Lucy turned into quite a frustrating, insecure character, which I hadn't felt at all in the first book. In Crash I got why she felt she couldn't possibly be with Jude, and then I got when she worked through those problems. In Clash I felt like she was just creating problems, not listening to Jude, etc. and it irritated me.

“He made me happy. He made me crazy. He made me thank the heavens for the day I'd met him. He made me curse the same heavens for the day I'd met him.”

All that said and done, I did enjoy the book and I couldn't put it down, so, don't get me wrong, it certainly wasn't all bad!

Once again, Jude was to die for. My heart broke for him so many times. He was so alone and so desperate for love throughout this book, and alone at Christmas, that's a heart breaker right there!

“I just wanted you to know I'd be chasing after you right now, naked if need required it. But because I'm respecting your need for time and space, I'll force myself to lie here in bed and pretend I'm asleep.”

Oh and the airport scene virtually tore me up! This was one instance when I felt Lucy needed a good fist to the face.

Thank Christ they finally got down to doing the dirty because if we'd gotten to the end of this book and they'd still not sorted that shit out, I'd have thrown the towel in there and then, lol. This book isn't really

steamy, although there is a scene in a moving car, which Jude happens to be driving (yeh, work that one out) which is pretty saucy, but I guess that's why it's a YA read.

I'm sceptical about the next book because the deceleration of love and commitment and the end of Clash was so romantic and convincing, I'll be gutted if the author drives them apart in the next book... but nevertheless, I will be reading it! Looking forward to my next dose of Jude and Lucy!

“Ease my suffering. Make me the happiest, most tortured man in the world.”

Oh okay Jude, if I must!

---

### **Sarah 'Oh how I LOVE a bad boy xx' says**

OH MY GOD.....THIS BOOK WAS INCREDIBLE !!!!!

OH..... MY HEART !!!

OH..... THAT POOR BOY !!!!!

I made the HUGE mistake of starting this book at 9.30 pm !!!!

I just read and read and read and read..... I finally gave up at 1am !!!

BUT darn it..... I couldn't sleep !!!!

So at 4am I started reading AGAIN !!!

I can tell you..... I am SHATTERED !!! I am an emotional Wreck and I just want to go and find 'Jude Ryder' and HOLD HIM !!!

WOW....The ups and downs, the highs and lows, the heartache and the delirious happiness !!!

OH.....THAT POOR BOY !!!! x

This was a GREAT read, but NOT an easy read by any means ?!

I even found myself reading forward and then going back, because I just could't BEAR the heartache any more !! LOL x

By chapter 15 I physically wanted to 'PUNCH Luce's lights out' !!!

HOW could that girl NOT see they were clearly MEANT TO BE TOGETHER !!

Jude was going through the worst heartache and torment.... and she just KEPT dashing his hopes !!!

I'd be there for you JUDE xxx

BUT then.....The FINAL Chapter..... OH MY !!! All is forgiven Luce !!

'That man made me feel things I never imagined could be felt. He made me want things I wasn't sure I could have. He made me need things I didn't know existed.'

'We rode this roller coaster. Up, down and around and around'

AND soooooo did the readers !!!

'I didn't think I wanted to be a passenger on that ride anymore, so I got off, leaving him to ride it alone'

OMG..... Breaking heart !!!! Swooooon x

THEN....'I realized I'd never really gotten off that roller coaster, we were just riding in different cars.'

'I'd rather share this crazy journey through life with him by my side.'

OH.....Thank GOD Luce..... FINALLY.... Awwwwwww xx

' I LOVE YOU Jude Ryder. I'm done letting that scare me. I'm not going anywhere.'

And....don't we ALL just feel the same ??? Siggggghhhh !!x

That was the most incredible, Romantic, heart stopping final chapter EVER.....Thank You Nicole Williams xx

BUT.....PLEASE DON'T WRITE ANOTHER ONE ?!!!

I SERIOUSLY DON'T THINK MY HEART COULD TAKE ANY MORE..... (unless of course they're going to live happily ever after, making lots of babies, as little Danny said and staring lovingly into each other's eyes....FOREVER xxxxx)

Incase you didn't realise.... I LIKED this book....REALLY liked it xx

Oh....and my favourite bit.....after being injured in a game, Luce and Jude get hot and heavy (FINALLY) in a hospital bed.

When the nurse comes in to check on Jude and to see why his Heart monitor went off then flatlined. She takes in the scene turns off the machine and says

"At least you died and went to heaven."

LOVE IT xx

---

## Alexis \*Reality Bites\* says

Spoiler Free Review

4.5 STARS out of 5

Genre: Mature-YA Romance

Series: Book #2 in Crash Series

**"I just wish I could trade in the roller coaster for a carousel. Able to anticipate what was around every corner, making the journey with less dramatic ups and downs."** -Luce

**"I get that, but that's not the hand you were dealt, baby, Jude was the hand you were dealt, and that man is no carousel, Lucy. That man is the *super-duper-looper*, Six Flags, knee trembling roller coaster extraordinaire."** -India her roomate

***My fave couple is back Jude and Lucy!!! Doing what they do best in Clash***

Clash has Lucy and Jude five hours away from eachother attending school in New York. Jude at Syracuse and Lucy at Julliard however the distance is not the issue as of late. The issue is the *rah rah, pom pom* carrying spirit sister from the cheer squad assigned to Jude. **\*\*Growls\*\*** Adriana Vix.

When Luce hears that Jude has a busty, tight dress wearing bimbo all up in her mans face she let's her jealousy get the best of her. And Jude is not to happy about it. Instead of fiinding her jealousy cute it quickly gets filed under the "you don't trust me" category causing friction between the two.

Of course he is unaware that the skank made her intentions crystal clear to Luce. By telling her she indeed plans to have Jude all to herself.

I know i know how dare that **SKANKY SKANK!** Well i actually used more colorful words when i read that part.lol!!

And just when you think they can get over one hump another hump manifest itself. Doubt....

### **From bad to worse and some motherly advice**

After Luce puts a can of WHOOP ASS on Adriana things take a turn for the worse....Luce caves in she becomes unsure if she wants the relationship to continue.

This irked the living daylights out of me.

When Luce is unsure what to do and NOT positive that the love her and Jude have is strong enough to be enough for them as a couple. Her mom says

***"Love is what brings you together, Lucy. But it's the blood sweat and tears of hard work that keeps you together."***

She then goes into more detail but i don't want to ruin it. This becomes a pivotal moment for Luce and it is also the boost she needs in the right direction.

### Fave Scene

Scene setup: When jealousy consumes Luce and gets the best of her because of all the girls wanting her man Jude sets her straight. Check this out

***"But you know what makes me say no everytime? You know what makes me impervious to every woman and whatever ploy she throws at me?"*** He didn't wait for my response.

***"You, Luce,"*** he said his voice tired. ***"There may not be a shortage of Adriana's out there, but there's only one you. And that's the person I want to give my self to."***

\*Swoon\* And this is why i love him!

### Fave Line

Scene setup: After being injured in a game Luce and Jude get hot and heavy in a hospital bed. When the nurse comes in to check on Jude and to see why his Heart monitor went off then flatlined. She takes in the scene turns off the machine and says

*"At least you died and went to heaven."*

### Thoughts

Oh how i loved this book!\*\*puts hands together and prays for a book 3\*\*

While Jude and Luce spent most of the book fighting i did not care i devoured every sentence. Be prepared Luce will put you through the ringer in this book and it was no cake walk. Some of the best parts is when Luce was given great yet totally unexpected advice from two unexpected sources. And it caught me off guard as much as it did her.

This was shorter than the first book which is the main reason i did not give this 5 stars. In case your wondering. I also wanted a little more from the epilogue.

### My Ratings

Characters- Lovable

Writing Style- Good

Plot/Storyline- Good

Steam Factor- Medium/Moderately Steamy

Overall- I loved it!!!!

**Now go forth and read. Then come tell us all about it on Goodreads!**

---

### **\*TANYA\* says**

This was an adorable cheese filled book. It's like a really really god soap opera I just can't stop watching. Over the top, full of melodrama!! Lol.

---
