### Nandar says

The ending was **CRAP**, honestly the last chapter was **NOT NECESSARY**. Just show us that they had beautiful kids and lived happily ever after, WHY prolong the ending!

The good part about this book was when Prince Myeong died \*cries\* honestly broke my heart (maybe because I had the song "The One That Got Away" by Chester See ft Tiffany Alvord playing at the background whilst I was reading, the song **TOTALLY** related to Bai and Myeong.) Guys I still love Myeong, I want to give that a guy a big hug, he died with a smile \*cries\* and he protected Bai **ALWAYS**. And those cruel things he did were of extreme nature, but I guess that's his own way of showing his love for her and he didn't want to lose the only person he ever loved. T\_\_\_\_\_T

Oh, Bai annoyed me till the end. Yes she knows how to do martial arts and is stronger 98% of all lead females characters in Shojo mangas BUT what the hell, she's **SOOOO STUPID & ANNOYING**.

I'm just adding the last volume in the series in my Goodreads since...well, it will clutter up my list.

I consider the entire series as one story, as one book.

\*sigh\*

....Bia and Yoo Baek. Despite their supposed tough and strong personalities, I really wanted to knock their heads together.

Je ne sais plus quand est sortis le premier tome, mais je sais que j'avais commencé à le lire en 2011 ou 2012 il me semble et je m'étais arrêté au tome 3, pourquoi? Je ne sais pas!

Il n'y a pas très longtemps j'ai découvert deux applications fabuleuses sur mon téléphone: une pour trouver et lire les scans que l'on peut trouver en ligne (on les télécharge et hop on les lit sans connexion!) et une autre qui permets de lire un fichier manga: rar, zip, cbz, cbr. Et j'ai décidé de relire les mangas qui je lisais à l'époque et je suis retombée sur celui là! Je me souvenais que j'avais adoré, mais pas autant! J'ai lu les 15 derniers tomes en moins de 48h!!! Mon records je crois. En tout cas j'ai adoré, la fin est juste super!!

It was so nice that Shin Bia at Yoo Baek got a happy ending :) I was troubled with the countless attempt of kidnapping the heroine and how they will be able to overcome those obstacle.

Normally I would write a review for each individual book as I finished reading it, but I went on kind of a reading marathon until midnight last night and read them all in one fell swoop. Thus, I don't remember what happened in each individual book, so I will just write one review for all of them.

Fun series, the art is reminiscent of 80-90s Japanese manga like Anatolia Story. I happen to like that kind of art so it worked great for me.

The story is a typical shoujo story: melodramatic and fun, lots of handsome cool guys all vying for the love of our somewhat klutzy main character. It's slightly better than some because the main character can and does take care of herself and the love story actually somewhat explores how character is more important than looks. WHAT?! A shoujo manga that actually explores character?!?! Trust me, I was as shocked as you are. Still rather superficial though. Fun read. Choukakou is way better, I wish that would hurry up and update...

It's been quite a long time since I read Mi-Ri Hwang's manhwa. Last one was A tackle on my life back in January. But this one held my interest for a whole day, and I even missed going to the post office just to read it to the end and find out how it all ended. First of all, this is a historical romance, which I started by pure chance (at the time I was more engrossed in books). Truth be told I was still coming down from reading Red River twice, that's why my manga choice was to read a historical one, and I still have some on my reading list.

But let me get back to the story. I really loved and enjoyed it. It was fun, with lots of action and many kissing scenes. And I guess because I took quite a long time off from reading Mi-Ri Hwang's books none of the characters felt the same and I could even remember most of their names. Plus it was a miracle that I didn't confuse anyone! Yes, it really is something to celebrate! Let me tell you the plot briefly and then I will move on some other stuff. The plot is quite simple: Shin Bia is a normal high schooler, well normal if we count that she can defeat every gangster in the high school, one day she crosses paths with a rich kid and somehow ends up jumping out of the window. Yup, she is crazy, but instead of dying she ends up in an alternate world, where she has to take the place of her alternate self (long story about the alternative Bia, so better read the story) and become the empress of Ju empire. Interesting? You don't say, as the more you get to know our characters the more fascinating the story becomes!

So, let's meet our characters: Shin Bia – aka the Celestial Bia aka the crazy girl aka the glutton aka the impostor. She was a character that I wholeheartedly enjoyed. I loved her spunk and sometimes her unreasonable behaviour, but I really loved watching how she was falling in love with Yoo Baek (that's the crown prince) and then feeling awful, as she knew he loved the real Celestial Bia and not her. Are you ready

to follow her on the journey in an alternate world and be present when she embarrasses herself or does something out of this world? But before I let you go to read this awesome story let us meet our male protagonist – Yoo Baek – aka the crown prince aka the tyrant aka the perverted demon. I really love the last title as he went by it in the beginning of the story. He's a really likable character and you just love how those two are together. He was a bit disappointing when he finds out that Bia is not his real Bia, but his confession made my heart flutter like crazy!

There are many more interesting characters, but I won't be talking about them. Another thing that I really loved about this story was the ending. It actually has one, though I would have loved to see a bit more, it was still very satisfying. Are you ready for 19 volumes of fun, adventure, action and tons of romance? I sure hope you are! Enjoy it to its fullest and don't forget to share your thoughts below! Stay tuned for more reviews as well as promos. Don't miss your next favourite book or manga! Happy reading!

XOXO

Katie

I would just like to say that this is probably my favorite manhwa of HWang Mi-Ri. The art and story is absolutely beautiful.
