## **Dillon's Claim** Callie Croix

Charissa Myers attends a bachelorette weekend at a Texas guest ranch, knowing she'll have to confront Dillon Dumen. The sexy cowboy is everything she's ever wanted in a man but, gun-shy after a previous BDSM encounter gone bad, she denied her need to submit to the irresistible Dom. She expects his anger, but what she doesn't expect is Dillon's determination to finish what they started all those months ago.

Dillon doesn't understand what spooked Charissa in the first place, but now that she's on his turf, he wants a hell of a lot more from her than answers. He's got two days to weaken her resistance and stake his claim once and for all. And this time, he's not letting her go without a fight.

Genre: Contemporary BDSM

Length: 119 pages

Heat Level: erotic

Other: anal/oral play, BDSM

Reviewer: Gabrielle

Date: 1/10/12

When Dillon gets another chance to win Charissa's heart he jumps at it. He knows the attraction that they feel for each other is so much more than fleeting but can he convince Charissa of that? Something has scared her off and he intends to find out what it is and banish it forever.

Dillon and Charissa are a great couple. I loved Dillon right from the start. He is not afraid to go after what he wants and right now that is Charissa. Dillon will do anything to break down the walls Charissa has erected around herself. Charissa is a sweet girl who found herself in a bad relationship and is now afraid to try again. It was nice to see how much Dillon really cares for Charissa; he fights till the end never giving up on her or their love.

As hot as this book was it also has a nice romance to it. I enjoyed watching Charissa wrestle with her emotions and her wants. The sex is hot but you see the connection and the trust as well. I loved the scene where Charissa finally gives Dillon her utmost trust. The emotions truly come flying off the pages in that scene. The author does a wonderful job of pulling the reader into their world.

Not only did I get to meet Dillon and Charissa but some secondary characters made an impression as well. I hope we get to visit the ranch again some time soon.

## **Kathy L says**

Another great story by Callie. This story was about Dillon and Charissa. Dillon is a dominate that wants to control and pleasure Charissa. He is intense but tender. Just the way I like him. She is deeply afraid of losing that control because of a bad experience. They are made for each other. The sensual sex scenes were hot and filled with emotions. This was one great BDSM novella. The emotions were real and raw. I can't wait to read the next story.

Dillon's Claim is the second book in the Dumen Ranch Series by Callie Croix.

We first meet Dillon in book one, Deacon's Touch. I really like the timeline for this series. Book two takes place the same time as book one. Both revolve around a bachelorette weekend at the Dumen Ranch. The books tell the stories of what took place with different couples that were there. This is a new take on a series for me and I loved it.

Dillon is the oldest of the Dumen boys who are running the ranch. He is former Air Force Special Ops and is used to being in control of every aspect of his life, especially in the bedroom.

Charissa and Dillon were friends who let the friendship line dissolve and shared some steamy kisses a year ago. She knew what kind of a lover he was and knew she couldn't get involved with a dominant man again. She had a horrible experience in the past and even though her body knows what it wants in the bedroom her mind won't let her except it. She leaves her fantasies and desires behind and skips town without as much as a goodbye.

She knows heading into the weekend at the ranch she is going to have to face Dillon again.

Dillon is such a caring, sensitive, gentle guy. I loved their story. I loved that Dillon not only showed her but helped her understand that a BDSM relationship is not one sided but an exchange of power. I loved the way he lets her know that what she craves in the bedroom is normal, and nothing to be ashamed of. This book is filled with passion and steamy sex, but it also tells a beautiful story of two people who have to overcome a lot of obstacles in order to get their HEA.

This is a short read, but don't let that discourage you. A good author has the ability to tell a complete story with lots of emotion and chemistry in a short format. That is exactly what we get with Ms. Croix. I can't wait to see what else she has planned for the rest of the brothers at the Dumen Ranch.

This was just OK as far as I'm concerned. I much prefer M/M but was in the mood for M/F. Dillon was an impressive alpha male, which I enjoyed very much.

---

## **Cheryl says**

Dillion Dumen and Charissa Myers met each other in Austin. Things were getting hot and Charissa pulled away and wouldn't respond to any of Dillion's communications. Charissa is at Dume Ranch for a bachelorette party and Dillion is determined to find out why she ran from him. Charissa admits that she had a bad BDSM experience and she's afraid. Dillion decides to make sure that Charissa has a great experience and is well taken care of. He succeeds and Charissa runs again. But, this time Dillion didn't let her.

## **Emily says**

"Dillon is tough as nails and wants answers, but the gentler side of him makes him an instant heartthrob."

I absolutely loved the first in the series by Callie Croix called Deacon's Touch so I was excited to read the 3rd installment by the same author. The story doesn't leave off where the second one ended rather it is happening at the same time. Basically you get to hear the story happen from the point of view of two other characters. I love the idea of this series where its not the same author writing each installment but you hear about a different Dumen brother in each book.

Dillon's Claim is about Dillon Dumen and Charissa Myers. You know they have a relationship that either ended wrong or never got off the ground. Dillon still has feelings for Charissa. Charissa is scared to show her

feelings towards Dillon. A bad breakup has left her afraid to let herself go mentally and sexually. She knows that sex with Dillon will change her forever and feel things she hasn't felt before.

The novella is quite short but you get a clear image of the characters. Dillon is rough around the edges but adores Charissa. Charissa needs to trust herself and her instincts. The chemistry between these two pops right off the page it is so palpable. I would love for a cowboy to love me and dominate me in bed the way Dillon does to Charissa. I loved this book just as much as I loved Deacon's Touch and I will continue to follow this author. This is a must read for those who love erotica that are more than just sex all the time. It has a great background story that lends well to the erotic sexual scenes.

### **Denise says**

i hope u finish the series we still need to hear about dane lol

---

### **Judith says**

4.25 out of 5. Third in a series by this author highlighting three brothers, it is only the third book I have read by this author. Beginning with "Deacon's Touch" I found the style beautifully readable and stories that captured the imagination with characters that were real-life and romance that was every bit the kind that romance lovers love. Kinky, yes, but done with the kind of genuine caring and confident loving that made Dillon a Dom worth having. Charissa was frightened and her fear was keeping her from going for the relationship that Dillon was offering. Its a terrific book and one that will engage the reader's interest from start to finish.
