Dragons Realm

Tessa Dawn

Dragons Realm Tessa Dawn

From the bestselling author of the Blood Curse Series...

Mina Louvet is a fighter, a human with a powerful will to survive in a world dominated by warlocks, soul-eaters, and shifters. Identified by the king's witch as one of the rare, invaluable females in Dragons Realm who can give birth to a dragon's son, she was stolen from her parents as a child and taken to the Keep to be reared in the ways of the Ahavi. As one of the few, the elect ~ the Sklavos Ahavi ~ Mina is expected to feed her master's fire, reanimate his blood, and above all else, give him strong dragon offspring: children who will one day rise to power. But Mina, to her great misfortune, is far too intelligent for her own good: She has a stubborn sense of justice, and she is wholly incapable of blind submission.

Dante Dragona is as cunning as he is lethal, as methodical as he is dangerous, and as terrifying as he is powerful. As the eldest of three dragon princes, he is destined to succeed his merciless father to the throne of Castle Dragon. But first he must do his duty to the Realm by governing one of its harsh, unforgiving districts and claiming a Sklavos Ahavi. Hardened by the sadistic abuse he endured as a child and shaped by the tragic suicide of his twin, the prince lives only to fulfill his obligations to the monarchy: to maintain law and order in a bestial land, to contain its magical inhabitants, and to keep the kingdom safe from its mortal enemies, the Lycanian shifters across the sea. Like all primordial dragons, he rules with an iron fist, dominates with absolute power, and punishes with fire. Those who oppose him die a swift and brutal death ~ subject, enemy, or slave ~ the Realm has no tolerance for weakness.

When the iron resolve of a dragon prince clashes with the stubborn will of a slave, bonds will be broken, alliances will be tested, and a kingdom will be set ablaze.

Page says

2 stars. I thought the storyline was frequently boring, too wordy, too many characters and species introduced (this being book 1 of a new series), I was often lost in the story and it took much effort to finish.

Tracy T. says

I enjoyed this story. But I feel like it could be a prequel to what is going to be a great series like Tessa Dawn's Blood Curse series, which is amazing!

I liked Dante, he was strong, powerful and handsome. I would have liked him to be a little bit easier on Mina at times, he is Alpha extreme for sure. I also like Mina, but I would have liked her to be a stronger character. Strong females are so much better than meek ones and at times she was a bit too meek for my taste. She grows a little. The two had some good chemistry, it did feel real and not forced. There is one very very mild sex scene. Which is fine with me, I want my characters to have chemistry and sex without it being explicit or erotica. Tessa Dawn does not disappoint there.

I enjoyed the story line and plot. However, I am still on the fence with the epilogue and how the relationship went. Don't worry they get a HEA its just different, I don't want to give away any spoilers.

There is lots and lots of dialogue which is always great for me. I love lots of dialogue in my stories.

As for the narration, I think Mikael Naramore did a very very good job. He has a sexy voice. He reads with emotion. The women sound like women and everyone gets their own distinct voice. I will definitely listen to him again.

If you have not listened to the Blood Curse Series by Tessa Dawn you should. They are amazing fantastic stories. I am a huge fan of Tessa Dawn for sure. Her writing is wonderful.

Jacqueline Fisher says

Wow!

What a great book... with action, excitement, betrayal, deceit and evil everywhere. Who do you trust? Anything can get you killed...what you say or don't say or what you do. Three trained slaves for three Dragon Prince's. I don't want to be a spoiler because it's such a good book and there's an amazing twist in the story that I didn't see coming. I don't know if this is a standalone as it left you wondering if there was more to

come.

I would recommend this book to anyone who enjoys paranormal romance novels. Adults 18+ due to the content.

Happy reading.

Pamela J. (Fantasy Book Nook) says

My biggest issue with this book is it had so much potential in terms of storyline/premise but ended up being a book I couldn't even finish. Normally I like darker books with very mature adult situations but this was completely unrealistic. If you like books like 50 shades where the male romantic interest is uber dominant/possessive/forcing sexuality then this if or you. If you're like me and entitled abusive males who for some reason the lead falls in love despite little dialogue and relationship building disgusts you, than stay away.

Patches Braz says

When I see the Name Tessa Dawn on a book, I know without a doubt I am in for an epic ride.

Dark Fantasy, Gothic, Suspenseful, Descriptive all rolled into 1 book.

I am never disappointed and am pulled into all over her books as if I was a character right there in the book watching as everything brilliantly unfolds. This one wow, it was as if I was sitting on the sidelines or walking next to each character.

I did have a jaw dropping, heart fell to bottom of feet and had to put my kindle down , walk around just to get my bearings back!! Than race through to see that oops gotcha moment. But it never came. Dang Tessa, I was so not expecting that and the no save was full on brilliant!

I Highly Recommend

Carrie (Badass, Alpha-male, Cowboy Connoisseur) says

Each time a Tessa Dawn book comes out I cannot wait to devour it. Dragons Realm is no different. This story is filled with so many amazing characters, exceptional story lines and amazing world building, I was immediately transported into the world of she created. With a strong willed heroine and a dragon Prince named Dante that was ..well...fearsome, demanding, proud and above all things loyal. You cannot go wrong.

For anyone who likes dark fantasy you definitely do not want to pass up Dragons Realm. Tessa Dawn has branched out into a new genre of alphas and she hit it out of the park.

Hollie says

The blurb on this book had me sold. I couldn't wait to read this. Here is my breakdown:

The pros:

- * A creative and intriguing storyline - definitely one of a kind
- * Great character depth
- * Paranormal beings galore (dragons, shifters, witches, and many more)
- * Loved the cover
- * The story had a great "dark" vibe to it

The cons:

- * Way over priced at \$5.99
- * The ending flat out sucked - I did not like the execution of this story - it ended with a HFN (if you can really even call it that) but certainly not a HEA. I went into this read expecting it to be a standalone. Nothing in the blurb indicated this was part of a series, but there were still some major issues unresolved upon completion.
- * The romance was lacking - to be honest I didn't find any of the interactions between the hero and heroine to be passionate

Upon completion, I have to say I was disappointed. The writing was great, but the story had too many missing pieces. It did have great potential, and easily could have been a solid 5 star read had it felt more like a complete story.

Maria Itliong says

I hope she'll write more about Dragons or write a second boon about Dragons Realm, I did enjoy reading this book hopefully they'll be a second book....

Shari Kay says

Whoa. Seriously? No

Tanya says

I did not like this book , not because of bad writing. I liked the world building ... I just could not get over the chauvinist view of the male characters

C.L. Riley says

Tessa Dawn does it again!

Every book I read by Tessa Dawn is better than the last. Dragons Realm kept me entertained from the first page to the last. I hated for the story to end. The intrigue, action, and romance were superb, combined with

incredible characters and I was blown away by her creativity and writing finesse. I am eagerly waiting for her next book.

Kelly says

3.5

Dragons Realm is a new book by Tessa Dawn. I have read ALL of her Blood Curse series and loved almost every one of them. (LOVE Saber!! My favorite still) I love her writing. In Dragons Realm the writing was no different, She does a really good job with the details, the gore, the violence, and the dark side of her characters.

Which brings me to how the women were treated in the story.... There is some slapping, aftermath of rape, a whipping (I thought Tessa did really well here), some kicking, basically they are slaves/really really under appreciated in this era. (Which kicked in all my WTF vibes).

With that being said this story is a HFN. Nooooooooooooooo! Is there going to be a second book? I don't know. Usually I stay away from those books because I like my HEA... A LOT. I like the completeness it offers. I can close a book after its done and think Woooo what a ride! Grab a glass on wine, start interacting with my family again. Then...On to the next couple! Not here. I was so hoping this would end differently. It was such a big lie fest from all ends at the end of the story. The poor kids not knowing, Mina not even getting to be with Dante like a happy couple, Damian/Matthais for having to put his life on hold for them. Cassidy .. living with your man! Yeah so he doesn't love her or like her, supposedly he doesn't have sex with her but he is living with her as husband and wife, (and probably feeding off her!) poor Mina. It sucks, I wanted it to be HEA... I am selfish like that. Oh and the sex was kinda lame - Yea I am selfish like that too!

The good ----

Thank goodness for Damian (the real one) getting what he deserved! I really hated that guy.

I really enjoyed the building relationship with Dante and Mina throughout the story.

I liked the unexpected twists and turns in the story - some of them I didn't even see coming!

Yes I did like the book. If ever Tessa decides to make a second book for this one I would read it, just so I hopefully get a HEA. This review is only my opinion.

Aniko says

[***SPOILERS AHEAD!!! READ AT YOUR OWN PERIL!***]

I had hopes for this book as I have had for so many that I've taken a chance on and this book was just like the others. It disappointed me. There were so many things wrong with the world here. Enslavement of women is the first and foremost subject of this book. They are just playthings, property to be doled out as the king sees fit and nothing anyone says or does can change what he says; he's a soulless dictator. Actually, not that I think about it, he's kinda like Hitler. I thought that the main character, Mina Louvet, would somehow fight the fact that this was a grave wrong that needed to be righted, but that did not happen, not even the mention of doing something about it was made. What's especially saddening is that Mina finds comfort with the system and doesn't fight it. It was just a fact. This book is just full of this subject. There's no getting around it. It's terrible. There was even the unnecessary capture of Mina's little sister, Raylea. Not only was this sort of disorienting because it was obviously only put into the book as a draw for Mina to come out of the tent to confront the slavers so that it would eventually lead to Dante and Mina making love, it was only mentioned once in a while. It wasn't really an important draw of the story. There were also the gross results that we had to read about at the end of the story of what she had gone through and that she had become complacent in her kidnapping and torture/rape. That was downright horrible.

One thing to point out is that I'm was under the impression that this was supposed to be slightly reminiscent of Dracula, but that certainly is not the case. Except for the blood drinking, the only other connecting factor would be the obvious name choices.

So, going back to the King being Hitler, he had a CASTLE full of women slaves that he and his sons used for their own pleasure. Near the end of the book, to "wake the dragon," prisoners were sacrificed (murdered) so that he could turn into his full dragon. And this was done with smiles on everyone else's faces. His sons were no better. One of the sons, Damian, liked to beat and rape the Sklavos Ahavi, the chosen "brides" (*cough* slaves *cough*) that would bear ONLY sons to the dragon sons, and did so knowing it wasn't allowed. Not only was this done, but the supposedly sensible brother says that nothing can be done about it because his brutality is needed to reign a certain region. The king was obviously fine handling all four regions of his kingdom before and after his sons were born. He's done so up until this point, so why is there a need to keep this brother alive? Let me tell you. Damian is alive for the purpose of having his *supriiiise!!* half-brother Matthias, introduced near the story's end, as the replacement for Damian's soul. Matthias was ALSO introduced as Mina's love interest before all of the slave-bride shit began, ALSO DONE NEAR THE END OF THE BOOK. It's done to continue the story.

One GOOD surprise that came from this book was Damian's secret alliance with the Lycanians. It was truly the only good surprise that happened in this book as it was in the characters capacity of ruthlessness and came from the need to usurp his father and take control of the kingdom.

What happens after the discovery of Damian's discovered treason is nothing short of flabbergasting. First of all, Dante was perfectly fine leaving Mina in an abusive relationship with his brother even though he "loved her so very much!!!" He doesn't act on his anger or save Mina until he discovers that Damian was a traitor and that is the reason he saves Mina and her UNBORN CHILD. HIS UNBORN CHILD. He doesn't touch his brother for any reason other than his status as a traitor. Matthias soul is than transplanted into Damian's body, therefore fusing their souls and otherwise taking care of the abusive aspect that was the main worry.

Now we have a problem. Mina and Matthias/Damian are still mated (wedded) but Mina only ever has a true "mating" relationship with Dante, for whom she bears three children out of wedlock and who call Dante their uncle and Matthias/Damian their father, but then the actual relationships are more like a father between the

children and Dante and an uncle between the children and Matthias/Damian. Matthias/Damian is (are?) okay to date in the meantime since he (they?) cannot be husband and wife with Mina because she's secretly with Dante. Dante's mate is alright to mate with the king because Dante has no use for her, but she's a convenient placeholder and doesn't give him any problems and he needs her to get pregnant somehow because his father, the King, is complaining about no sons being produced, but Dante isn't going to do it, so he drugs his "mate" and lets the King, his FATHER, get her pregnant. All so that she doesn't get replaced because Dante already knows how to deal with her, so replacing her would be too bothersome and this is all fine and dandy with the participants and OHMYGODTHEATROCIOUSNESS!!!

WHAT IS THIS AND WHY IS IT OKAY?!?!

The names in this book for certain regions and for certain characters were not well thought out. The slavery, rape, and brutality to women done in this book was appalling. I liked where the book started because it had potential to become something more and "rise from the ashes," but it didn't, it quickly made a dive bomb and demolished everything within a ten-thousand mile radius. UNDERSTAND!! I REALLY wanted to like this book, I thought it had great potential when I was reading the first few chapters, but after a while, it became obvious that this wasn't going to get any better and that nothing was going to be done to "right the wrongs" that happened in this book. In that respect, it was very disappointing. The world sounded just as intriguing as the concept, but none of it was honored by the events of this book.

Julie says

With an author like Tessa Dawn you know you are in for an epic ride! Make no mistake, this book is not for the faint of heart. There are dragons, soul eaters, shape shifters and witches that make up this world known to us now as Dragons Realm. There is deception, violence, suspense, war, romance, hope, and love that make you either hate or love the characters in this book. And Oh Boy! do you ever wish you could take out a few of the characters in this book as well as fall in love with a few too. Tessa you have thoroughly teased all of my senses with this book and I am looking forward to your new Dragon series!

Madison says

What a beautiful ending to a fantastic story

I absolutely loved this novel
