## **Druid Redeemed** Jean Hart Stewart

This is the fifth Garland of Druids book, but it can be read as a single title. Devon Dellafield saw no reason to change his fun-loving life. Women adored him and he took pleasure in fulfilling their fantasies. He could never be as perfect as his parents, Lord and Lady Lance, so why try. Then Jocie, a feisty suffragette, intrudes into his life. She's the exact opposite of the type of woman he charms so easily, although she too is beautiful. Jocie wants him to acknowledge his Druid powers and use them to fulfill his life. He thinks he's much better off if he leaves her strictly alone. But can he? When his Druid abilities are needed to save Jocie's life and decode a traitorous message, can he turn his back on her and his country?
