Carol Miller says

I love this series

I love. Linda's writing. I have the whole series. I enjoy the characters and love it when the author weaves them together to create a family.

Phyllis Childress says

This series of books is one of the best series I've read. The characters are relatable and the mixture of suspense, comedy, and romance is hard to put down. I hated to see the series end.

Bill Megenity says

Drat, it's done.

I have just finished the Echo Canyon series. They were all enjoyable and well worth my time. Thank you again.

Echo Canyon Montana

I absolutely loved it. Enjoyed every book I read from book 1 thru 11. I didn't want to put the books down and couldn't wait to pick for the next day to continue reading where I left off. It has been one of my favorite books I read. Looking forward in reading more of your books.

Wow

I read book one through book 11 and could not stop til I got through them all. Each story built on the other. Surprise after surprise drew me in. WOW. A must read

Kathy Brickert says**Excellent**

What a lovely ending to the Echo Canyon stories! Loved every bit of it! I will have to leave these familiar families and can see myself rereading this series over and over! Great read!!

Deborah Taylor says**Splendid**

From book one to the final one you are kept intrigued. Each book is a joy and the cast of characters are wonderful. The suspense, love, and hate work so well together that you can't wait for the next part. I was sad when the end came. I could have kept right on reading indefinitely. Enjoy!

Christina Lawson says**Enjoyable storyline throughout the whole series (books 1-11)**

I thoroughly enjoyed the storyline and how each book seamlessly morphed into the next one. I rolled my eyes a few times but I have to admit that I could not put it down at times. The reason that I did not give five stars was the abundance of typos and missing words. There were so many - like on every other page. Very frustrating. Normally I wouldn't continue to read books with this many errors but I loved the plot(s). Note to the author: I'd be happy to read through future books for free and do some technical editing prior to publishing. ? Your imagination is great but at time I wondered if English is your first language.

Kimberly Campbell says**Very good read**

Really enjoyed this entire series. I like the way each book smoothly transitioned into the next. Would really recommend you starting with the first book though, not picking up the middle of the series.

Brenda Thomas says

Excellent series. The serial killers were unexpected townspeople. Lots of excitement in both books. Andi helped a lot as well Shawdow and Marvin. There were marriages and proposals. Remember Bree was part of a counterfeit ring well they finally showed up and kidnap her but she was found. The series ended well. Really enjoyed this series.
