Trigger Warning for Death of a Parent

Wow. That's all I can say about this volume because it was very powerful. This volume also jumped back into roots of comedy and had some moments that made me laugh out loud. It is considerably lighter than previous volumes although it does feature some heavy content but overall it had a lot more lighter content to it. I have found that I have a deep love and respect for this manga. It really deep dived into some really difficult issues but this volume wrapped most of it up. There is still a volume left in this manga series but I already know it's a favorite as I loved my time reading it.

Loved this volume so much! Can't wait to read the concluding novel!

### **Billie Flaming says**

Tohru loves Kyo. I love Kyo. But his stupid refusal to let anyone near him causes him to do the stupid thing. And Tohru, in the immediate aftermath of being rejected by the love of her life, offers a hand of friendship to Akito, who's having her world crumble as more curses break and she's confronted by how hollow her life is when you take away her god status. And as Akito reaches out to grasp Tohru's solid hand in her crumbling world, the ground beneath her feet actually crumbles and Tohru FALLS OFF A CLIFF. WHAT?!?!?!? As if there wasn't enough drama and angst.

Kyo and Yuki finally have it out with one another, and the catharsis is REAL. I've waited like a hundred chapters for this. And it was good.

But Tohru's at the hospital, and Kyo can't see her because Arisa and Hanajima are pals. Yuki and the student council are bros, except Machi who will get heart eyes from me forever. Because we get a gift exchange and LOVE CONFESSION from both of them. These two, I can't.

Kyo confronts his dad, which I loved. Most parents in this are either dead or bad parents (there are a few good ones, like Kagura's parents and Hiro's mom) so I loved seeing our boy grow in confidence so much that he could stand up to his father.

WE ALSO GOT THE CURSE FINALLY BREAKING FOR EVERYONE, KISSES BETWEEN BOTH KYO AND TOHRU AND YUKI AND MACHI.

One of the best things for me was seeing the origins of the curse. The animals going to the banquet, and how the cat was closest to god, but didn't want a reincarnation, and it was the disdain of the other animals that created the true form. LOVED THAT.

My heart.

*My heart.*

***My heart!***

I loved this. And felt like crying.

Everyone's free and so happy and super emotional and things are progressing quickly and I was actually a little happy that Tohru fell off a cliff because I knew what this story needed was that push because Tohru getting hurt would shock and affect everyone so that was great and Kyo finally got his shit together and so did Yuki and Yuki's as sassy as ever and I'm so happy about that and even Akito is an awesome character now like yes finally he's gotten his shit together as well

But now I'm wondering what on EARTH is going to happen in the final volume (which is actually two volumes together). I mean, I ain't complainin', but seriously. WHAT MORE IS THERE???

## **A Broken Zebra says**

Love unending for this series. I'm grateful for owning the mangas *and* the collector editions, for the updating translations, the larger pictures, and the coloured artwork. As well as recent appreciation notes from Takaya Natsuki!

## **Noel says**

This easily became one of my favorite installments of the series after putting me through an emotional roller coaster. This installment tugs your heart strings and makes you cry and stress over the suspense. Book 11 was Kyo's no doubt.

## **Etsuko says**

Listening to myself i would cry the whole damn book

In the last books Akito really become a good deep character and I always found myself loving the way she's written so much. She suffers so much from this curse without even realise it and I suffer so much reading her suffering... aaaah I'm okay, I'm okay, it's not like a needed a heart anyway right ??

## **Abbie says**

Some great stuff in this volume and it just makes me so happy! One more volume of these Collector's Editions, and it's all over once again. Makes me sad and happy all at once. Can't wait!

## **Dakota★Magic in Every Book says**

Is it too soon to start rereading the series again?

---

### **Fiona M says**

I can't believe this is coming to a close. Being able to read the ending in full for the first time makes me so happy and emotional. Going to read volume 12 and then cry in a corner most likely

### **Syaira Amira says**

"Let me reach you." !ggd&@#Fshshlfjslwwa the feels this manga gives me from start to finish. i just can't....these characters are all my precious babies. i just love them so much. Just 1 more volume to go and it's time to say goodbye to these precious characters that I feel extremely attached to for the second time. I'm already planning for a 3rd reread probably next year or maybe the later half of this year if I'm unable to wait that long. haha

---

### **Julie says**

Will these books ever fail to make me cry?? I'm so emotional right now. Both tears of sadness and joy. I freaking love this series so so so much. I'm almost done with my reread. Just one more to go!

---

### **Nikki says**

Well, THAT was an emotional ride. ??♥?

---

### **Mandee says**

So much happened in this volume, I had to reread it. Though Tooru was absent for a large portion, she influenced the entire story. The stories of the Sohma family converge in this volume as Akito makes a very important decision.

I won't give any spoilers, but this is one of the best written manga I've read (I haven't read much, so my opinion is pretty limited). However, even for just the storytelling, this was so very good. Though there was a bit of the supernatural in it, it was tool for character depth instead of the main focus. Though the cast was huge, each had a distinct look, personality and story line. My emotions were left raw while reading this beautiful climax of the story.

### **Kayla Brunson says**

OMG, somebody stop the tears! My heart!
