That is, until he discovers she has no recollection of him or their relationship and she is firmly in the clutches of his archenemy, Cyril, the Unseelie King.

Keira wakes up in a strange cave, clueless about her identity and the world around her. Everything she is told comes into question the moment Angus crashes into her life. Kidnapped for the second time, she is taken to Khoth and discovers she is a powerful sea dragon princess with intimate ties to the Cuelebre. Overwhelmed by it all, she swears off relationships so she can focus on regaining her identity, but the passion that ignites between her and Angus is hotter than the fire he breathes.

**I really enjoy this series. I'm glad to see this Dragon king get his story told. Only complaint is some noticeable typographical errors.**

I cannot wait for the next installment of this series. This can be a standalone book, but I highly recommend reading the proceeding books in this series to understand the other characters.

**Great read**

I really enjoyed the romance. Angus is totally devoted to the woman he gave his heart to and would do anything to get her back. I loved watching him reclaim his love. The ending is a perfect way to complete the story.

The fantasy world is creative, beautiful and a marvel of nature! Keira's inner struggles are drawn out with a mix of anger, love, confusion and purpose to see her character make a full circle of growth.

## **Michelle Randall says**

Finally in the ninth book we get to learn more of Angus' story. Angus in the dragon shifter king from Khoth, were Kryan and Mack got transported to and had most of their story. Angus has been stuck on earth for a thousand years looking for his mate Kierra, after she was kidnapped by Cryil and the portal back to Khoth was sealed.

Angus finally finds Kierra, but she doesn't remember him, or anything in fact, all her memories have been taken and she has spent the last year on the run with Cryil, so she doesn't know what to think when Angus finds her, but she doesn't tell Cryil about seeing him. So Angus kidnaps her back and takes her to Khoth, which Cryil told her was still sealed, so the first of his lies becomes evident.

Back on Khoth, Angus sets about to try to return Kierra's memories and win her love again, and at the same time repair the damage that has been done to the planet in the time that Angus has been gone.

This is another in the series that is wonderful and can't be put in any other words. This series lives on its own, and once you start reading it and get into them, you just can't get out of the series. Love it!!!

Angus has been searching for his mate for a very long time and finally is close to reuniting with Keira. Keira has been under a spell and finally was broken. When Angus and Keira are reunited she doesn't remember anything but Angus will do anything to have her fall in love with him all over again. Angus & Keira were made for each other and I really enjoyed reading their story.

#### **Hot, Hot, Hot...**

The story of the King of Khoth is fantastic. Trim and Julka have made Angus and Keira a great addition to the Dark Warrior Alliance series. Angus has searched for Keira for a thousand years and when he did find her it wasn't what he expected. They go back to Khoth to a changed world. Angus and Keira's love could withstand anything that's thrown at them. Love can conquer all.

#### **Angus**

Loved this story about the loveable Angus. Angus has been the housekeeper/Butler for years at Zuem. He was on earth searching for his stolen mate Keira, for 1000 years. He finally got help from the Mack when she broke the sleeping curse that Kiera was under. With help from the Rowan sisters that blocked supernaturals from realizing that he was a dragon, he was able to get close to her. Angus finally saw her after all of this time with the Unseelie King Cyril.

He manages to get her alone but she is afraid of him. Cyril has lied to her and told her that Angus kidnapped her and took her away from her family. Kiera has lost her memories so she believes everything that he tells

her.

Angus gets her away from Cyril and takes her back home to planet Khoth. There is a lot of bad things that happen when she gets there. Including fighting evil bugganes, powries and other Unseelie creatures that were created by Cyril so he could take over the planet in Angus's absence. During all of this, Angus is patient with Kiera while she decides if she can love him or not.

We have some cameo appearances from Zuem characters. We also learn a little about the next story with Bhric. Can't wait!
