Henry L. Philyaw II says

Great read...

Haven't read the X books in some time so unfortunate what this alternate future entailed. Great to see Wolverine still in action with the Cuckoo's. I still have so many questions, but it was a good jumping off point.

Christopher (Donut) says

Grant Morrison's switcheroo on Days of Future Past, and apocalyptic AF.

Just because he's done this story over and over doesn't mean it's not awesome every time.

I liked the full fledged Beak, and Rover the lone OG Sentinel, Wolverine, great as ever, and the Beast "infected" with the Sublime.

I did not literally read it in one day, but it was compelling and relatively short (about 100 pp.), so I read it quickly.

The art was A++.
