Phoenix Rising

Bianca D'Arc

Phoenix Rising Bianca D'Arc

Lance doesn't understand what's happening to him. He's just a regular guy who owns a high-end engine shop on the outskirts of Phoenix, Arizona. But lately, he's been drawn to the desert in inexplicable ways, and has troubled dreams of flying...to the sun.

Tina remembers him - her high school crush. But that was long ago and they're both very different now. Lance still has that aura of magic about him, though, and she's grown into her powers, gaining strength and hopefully, wisdom, over the intervening years. When she gets stuck on the side of the road out in the desert, it's Fate that sends Lance - of all people - to her rescue.

Sparks fly as they reunite and rekindle the flame that had never quite extinguished between them. When Lance's business is targeted, Tina helps him defend his place and the odd assortment of shifters who have gathered around him. Lance is a bit clueless about the unseen world, but Tina is there to fill in the blanks and help him discover what he was always meant to be.

But Lance is in a dangerous position. Most shifters of his kind don't survive their first shift. Tina believes she can help him through it and perhaps...just perhaps...she can be the one to ground him. She wants to believe she could be the reason he comes back down to Earth - if their love is strong enough.

Note: This book is the first in a new offshoot of my Tales of the Were series, which has many nooks and crannies. This set fits after the Redstone Clan set and overlaps a bit with the end portion of Grizzly Cove and the Grizzly Cove Crossroads set. The phoenix books (there will be three of them) can be read as a standalone set or in conjunction with any of my other paranormal sets, since they all take place in the same world, just in different parts of it. For a complete listing of all my books check the listing at the end of this book or you can always check my website, which will always have the most up-to-date book list.

From Reader Review Phoenix Rising for online ebook

Selina Durio says

Fire?

This was a hot read! Lance and Tina knew each other from high school and a probably not so chance meeting lead them back to each other. The fight against the Venefucis takes many forms and only with allies will the followers of the light prevail.

Diane Selander- maglioli says

Phoenix Rising

When a chance meeting in the hot, sticky desert reunites Lance and Tina, things begin to heat up in an unexpected way. After not seeing each other since high school, Lance who was a loner and in foster care all those years, and Tina who came into her witch powers a few years later are drawn together by Lance's unknown powers. Can Tina help him and save him from his destiny?? This book was very interesting and enjoyable to read. I really liked it.

Beth says

It wasn't clear from the cover but this is part if the Elspeth story arc.

Shockingly I liked the hero heroine.

This little filler story actually revealed an important thread from the Cove series -- what Elspeth has been doing.

We get a little of Kate Slade and I like the group involved here.

As to the girl at the END - maybe the Mom resurrected?

Sydney M Neblett says

Give me more!

Give me more! I love this new book in the Tales of the Were. Lance is the perfect silent hero and Tina is his calm compliment and mate. I'm looking forward to reading about Diane's story and how she is lead by the Lady to join this happy family.

Lisa Book Shelf says

Phoenix

Lance a motorcycle ridding mechanic is being pulled to the sun. But why? Tina a high school mate maybe able to solve his problem as they fight evil in book one. Closely related to the Were series but can be read as a standalone book

Jenny says

Wow! Great read

Niki Brunke says

Amazing!

I always love her books, a new shifter to love, wonderful! I just wish the story was longer as I never want her books to end. Lance drew me in completely. You never get a bad book from Bianca. Enjoy

Denise says

I love the Tales!

I love it when dreams come true. A crush from high school then add in some Ms. D'Arc magic and you've got a story that grabs you and won't let go. There is a new shifter in town and he is hot!

Niki says

So so HOT

This story was short, but absolutely perfect. I love that Tina and Lance reunited so unexpectedly, that they immediately were drawn to each other, that she was so good and kind and willing to help him, and that they were able to defeat Elspeths Forces so thoroughly. I haven't read a single bad book by this author, and her take on the (supposedly) mythical Phoenix was magical. Can't wait for Diane's story!

Amber says

Another great start to an offshoot series

Bianca nailed it again with this offshoot to the Tales of Were series. Lance was an orphan unaware of his power. Tina was his secret crush. They come together in a chance meeting years later and all the pieces of the puzzle fit together.

Brenda Golden says**Wow!**

What a great book! I have read all of the authors books, and a lot of other paranormal books, but have never read about a phoenix shifter. This book had great new characters and a great storyline. Can't wait for the other 2 books in the series.

Cindy says**Shorter story but well worth your time and money.**

A shorter story but tightly written. I have enjoyed all of Ms. D'Arc's series, although the dragons are my favorites, and the introduction of the Phoenix to the shifters pulls in even more power to the forces for good. I really enjoy the way the different shifters are gathered together and that there is an ICE mage on their side.

L Jordan says

This was great, lots of action. A reunion between the H/h from high school. A hero that was in the dark about his origin, and a cool group of sidekicks. A bunch of baddies that totally deserve to be defeated.

CJ says

Fun, exceptional short story in the Tales of the Were world.

Michele bookloverforever says**Phoenix Rising: Tales of the Were**

A play on words for the title. We learn more about Elspeth and the evil Venifucus and it's sort of good news for the powers of good...but the birth of one or more of such a fighter for good augers bad news?
