**Preacher** Harley Wylde , Jessica Coulter Smith

Kayla: My twin brother, Johnny, practically disappeared when he started prospecting for the Dixie Reapers, and if I wanted to see him, then it meant going to the compound. I'd never been inside the clubhouse, wasn't supposed to go there, but sometimes the devil on my shoulder prods me into doing things I shouldn't. Johnny made it sound like there were drugs being snorted left and right and orgies, but that wasn't what I found that night.

I never expected to fall for a heartbroken man I could never have, a man much older than me. But that night, Preacher took me in his arms, claimed my virginity with a passion that left me seeing stars, and I knew that I'd made the right decision. Even if it did come back to bite me in the ass two months later. When I'd walked through the door that night, I'd never counted on being fucked by a super hot biker, and I definitely didn't expect to end up pregnant!

Preacher: When I lost my family, before even prospecting for the Dixie Reapers, I'd closed off my heart and vowed to never let another woman in. A quick fuck here and there with the club pussy kept me sane, but no one would ever mean anything to me. Then the most tempting woman I've ever met gave me a night I knew I'd always remember, right before she disappeared.

When she turns up two months later, I find her in the arms of one of the prospects. Fury hits me first, then she knocks me on my ass when she tells me she's pregnant. With my kid. I turned away from god all those years ago, gave up being a minister and signed my life over to the Dixie Reapers. I don't know that I believe in a higher power anymore, but maybe it's time I start praying again. Because giving this woman everything she needs, being the man she deserves, is going to take one hell of a miracle.

Author's Note

Dear Reader,

Thanks to all of you who asked for Preacher's story -- and here it is! Preacher, like all the Dixie Reapers MC books, is a stand alone story, but if you'd like to read the series in chronological order, Preacher takes place between Torch and Rocky. Preacher is not as long as the other books in the series, but I tried to make it just as hot. I can't begin to tell you how much I love these characters, not just in this story, but in the entire series. They hold a special place in my heart, and I hope they will offer you a bit of enjoyment.

The feedback I've received on this series has been amazing and I appreciate each and every one of my readers. Venom, Torch, Rocky, and Bull have been Amazon bestsellers, and that's thanks to all of you. If you have a moment to spare, I would love it if you'd take a few seconds to leave a review. It doesn't have to be long. Just something to let other people know what you liked or didn't like about the books. Reviews not only help other readers, but I love to hear what my readers think. I hope you found the story entertaining and enjoyed that gooey feeling you get when characters get their happily-ever-after.

If you'd like to be notified of future books, you can sign up for my newsletter or follow me on Amazon. Thank you again for taking a chance on my Dixie Reapers and Preacher!

Publisher's Note: Preacher (Dixie Reapers MC 5) first released as Dixie Reapers MC 4.5, however some distribution systems required a series designation revision.

Until next time...

## **Alexandra Donadio says**

J'ai vraiment adoré le tome sur Preacher et Kayla !!

Kayla est la sœur jumelle de Johnny, celui-ci est prospect chez les Dixie Reapers et il est très apprécié par Torch et son old lady, Isabella !!

Mais lorsque sa sœur débarque au clubhouse, celui-ci n'apprécie pas qu'elle soit là, mais il va l'aider à quitter la ville afin de la protéger de leur beau-père !!

Seulement Kayla a omis de lui avouer que lorsqu'elle est arrivée au clubhouse elle a rencontré l'un des membres Preacher !!

Preacher a perdu son old lady et pour lui ce n'est pas facile, lui et Rachel ont été très heureux, mais n'ont jamais pu avoir d'enfant !!

Mais lorsqu'il va rencontrer Kayla, celle-ci ne va pas le laisser indifférent, mais voilà elle va partir aussi vite qu'elle est arrivée !!

Mais quelques mois plus tard, lorsque Johnny débarque de nouveau avec elle, il n'a pas l'intention de la laisser filer à nouveau !!

J'ai vraiment adoré ce livre, leur histoire était vraiment génial, mais extrêmement courte !!

### **Great Job**

Wow, you got flabbergasted on Preacher's story, it was so sad but he was able to get his happy ending. I've always ask myself who's the man that's always so sad but you made it happen. Beautifully written Miss Harley Wylde, as always you've never disappoint, I'm giving it 5 stars and I would definitely recommend this series.

---

## **Lisa says**

### **Short and Steamy!!**

This one was a short one, but I loved Preacher's story. To find love again after tragedy is always a good read. I really can't wait for Ink's book to come .

---

## **Stories in Review says**

I have to say that I really liked this one and it was a great addition to the series. Was a little worried with the dead ex and the H still mourning after 12 years, but it was actually written very well. It was great. I never doubted his love for the h and that she was his soulmate. Safety: The only om drama was from a guy who tried to rape the h. Her panties were down and he was getting ready to rape her before he was interrupted. Great read.

## **Karen says**

This author packs a bunch in a short book. I was totally surprised by how developed it came to be with some surprising drama. I liked the characters. It's a motorcycle club so it's violent and sometimes crude. I can always do without vivid sex scenes but the author manages Preacher (Nick) to be quite tender hearted. It's insta love but explained well enough that you might buy it.

It's still a MC book. Read at your gritty moments. lol

---

## **Leeann Pule says**

Preacher has been closed off for many years with the death of his family. So, when Kayla shows up at the club house looking for her brother, Johnny and they hit it off he doesn't know what to do. The connection between Preacher and Kayla is electric and when he goes looking for her and can't find her he thinks it was all for the best. That is until danger finds her and Preacher feels the need to protect her, even though her brother Johnny could.

---

## **Brianna says**

I absolutely screamed at how much I loved this book. Harley wylde makes my little bookworm heart explode with each and every Dixie reapers book she releases and the length of this one makes no difference in that. The characters this time around had the perfect level of broken pieces to put each other back together. I can't wait as an ACR to see what comes next.

---

## **Carol Roll says**

### **Excellent**

Although this book is very short, it has all that you need in a good book. Action, suspense, romance and love. Looking forward to the next book in this series.

---

### **\*Dee's Reading Time Matters says**

5 star read! Really enjoying the Dixie Reapers MC.

Preacher had lost his wife 12 years prior and still was grieving her death never expecting a sweet and young woman by the name of Kayla would take his breath away.

---

### **Nadine says**

#### **Emotional**

I loved this book in the Dixie Reapers series. Very emotional and some scenes made my heart pound. Can't wait for the next book.

---

### **Lisa says**

DNF at 62 %. I hated that he was so hung up on his wife still at that point. I hated that they started together as a one night stand just like any other of his ONS that he had in the past 12 years. By this point in the book I didn't care enough about either character to keep reading. Turned me off from reading more of the series even though I loved Torch and Bull. I'm not going to chance wasting more money

### **&#x1f48b;Meme Chanell Book Corner&#x1f48b; says**

I kind of got ahead of myself with this story. I knew there were other stories in this series. But when I read the synopsis I had to read this story it was wicked and short. Kayla and Preacher loved them as a couple. She may be younger but she is way wiser than her years and her brother Johnny is a prospect of the Dixie Reapers and has no problem at all when he realizes his sister slept with Preacher. Preacher lost his wife years ago and is still in mourning when Kayla goes to the club looking for her brother she's sees Preacher by himself and she knows this man is suffering they talk and that leads to more but Kayla leaves and Preacher can't find her or get his mind off of her.

Now she is back and has some surprising news for him. This story is so well put together even though it was short I can't wait to read the next in this series. I'm kind of hoping it is her twin brothers Johnny's story next.

Xoxo,

Meme Chanell

## **Jan says**

Kayla wanted to know what went on in the Dixie Reapers clubhouse. She found Preacher at the bar doing shots. One thing leads to another and HELLO!!! This is going to change things and I don't know if Johnny, her twin, is going to be happy about it.

I'm glad to read about Preacher. We need to know what was his story even if it was short. All the guys have something to tell. Kayla just happened to be the one that was going to break through the heart that Preacher carried with him. But things heat up when Kayla finds out she is pregnant and needs to be protected. I forgot about Carter that leach. I love that these are all older guys. Where can I find me one? LOL Kidding. I already have one.

---

## **Morgan Manee says**

### **Ms Wylde has done it again**

Another great Dixie Reapers book, Ms Wylde has done it again. Although a shorter story Preacher stayed true to the other Dixie Reapers books. Preacher was a broken man, then Kayla came storming in to his life. All in all it was a fast read, but it was a pleasure to go on th journey with Preacher and Kayla and the ending was perfect.

---

## **Tiffany Krepps says**

This book is shorter than the rest of the series, but that in no way took away from the story. As per usual with this series I was left wanting to know more, and I now have a new favorite book from this author. I enjoyed seeing the way that Preacher really did hold onto and love his wife. Kayla found the perfect Dixie Reaper for her when she first saw him looking sad at the bar by himself.

It was nice seeing a really caring side of Johnny in this book, he wanted what was best for Kayla. I just wish there had been a tad bit more interaction between Kayla and the other women.

I did receive and ARC of this book.
