The Prince's Virgin

Charlize Starr

The Prince's Virgin Charlize Starr

A hot prince. An innocent girl. Online fantasies. You think you know how this fairytale ends? Think again, darling.

I'm the sexiest prince on the planet.

I could get any woman to marry me. But I'm not allowed to do that.

No, I'm supposed to pick my bride during a festival where women dance for me.

Seriously, how outdated.

Besides, all I can think about is my anonymous online fantasy - the virgin who disclosed all of her dirty little secrets to me.

She just sent me a new message.

She's been chosen for the festival.

Suddenly, this festival doesn't seem so ridiculous.

This is a 82-page royal romance with an arranged marriage. It is a stand-alone story with an HEA, so no cliff-hangers! Be prepared for panty-melting talk and lots of steam. Most definitely for 18+ readers.

♥? Paulette says

Title: ☞?The Prince's Virgin

Author: ☞Charlize Starr

?Ella &Tristan meet online in chatroom, like most people they use different names. So of course neither of them knew each other truly

?Ella didn't know that Tristan was Crown Prince when she first meet him at the Crown Prince Festival, where Tristan is to choose his future bride

?This is modern twist to an old classic "Cinderella", only different is we find of course drama due the obvious reason being Crown Prince, but we also find plenty of fun loving humor & weekend of bliss

I recommend this book, to anyone is looking for good laugh- This is an awesome quick read

►Hope you enjoy this read & also always keep in mind this is just my opinion

Amy Fudge says

This is Tristan and Ella's story. They met online, and have been messaging each other for months. They talk about anything and everything, including Ella's deepest desires and fantasies. But they both have not revealed their true identities, each having used a fake name that the other knows nothing about.

They meet in person by chance, and get to spend two days and two nights together. Tristan found out who Ella was, but she doesn't know who he is until their two days together is up. He wants her to stay, but she feels betrayed and leaves. He isn't supposed to contact her ever again. Will he follow the laws of his country and let her go, or will he find her and make her is Princess?

This is a wonderfully fun story. Getting to know Tristan and Ella, and seeing how their attraction grows was such a joy for me. There is a lot of humor, a little bit of heartache, and a lot of steaminess! If you like reading fairy tale like stories with hot Princes and a sweet HEA, I know you will enjoy reading this book as much as I did.

I received and ARC of this book and I am voluntarily leaving this review. This is my honest opinion.

Vivian Chrisman says

The premise behind this book is too funny. In a twisted Cinderella way, the country of Ladonia has this festival to find a bride for the prince. Invitations are sent to 50 women in the country. These women then partake in a type of beauty pageant for the prince who is hidden from their view. The prince then picks one of the women if he sees one he likes. Prince Tristan thinks the festival isn't necessary but it's tradition. He has already met someone online- "Christa". She is the type of woman he wants. Ella is surprised and not happy when she receives an invitation to the festival. She knows she's not the type of woman the prince will choose and that is fine with Ella. She has already met the perfect guy for her online- "Frederick". See where this is going? Read this book if you want to really enjoy the journey.

I received an Advance Readers Copy of this book which I am voluntarily reviewing

Rebecca Grove says

Tristan is the crown prince but he is kept safely in obscurity since the rest of his family died. His life is filled with meetings and formal royal appearances. His only fun in the last few months has been chatting with a woman he met on Facebook while using a fake account. Christa was funny, interesting and easy to talk to. Now his advisors are planning the Crown Prince's Festival where he is expected to pick his future queen. He is not happy because he thinks it is a stupid old-fashioned tradition.

Ella is a busy woman between her college classes and helping out her family. She has no time for dating or a love life so she is still a virgin. Her only amusement is talking to Frederick, a nice guy she met on Facebook where she was using a fake account. Ella hates the whole festival idea but her mother loves it. When Ella gets the invitation to the festival her mother pressures her to go. She complains to Frederick how the whole idea is stupid.

Tristan is happy to hear that Christa is going to be one of the 50 girls invited to the festival. He checks for her on the guest list but there is no Christa listed. Then he realized that she was using a fake name too. The day of the festival, he is hoping to find his Christa. Only one of the girls spark his interest so he chooses Ella. The next step after the festival is the traditional two days together where the two get to know each other. After that the two are forced apart for a few days so they can make their decision to marry. If just one says no, then the two can never speak or try again.

Their two days together are wonderful. Tristan teaches Ella about love and they are a great match. Tristan knows that Ella is Christa. Right at the end of the two days he tells her about his facebook account and his identity. Instead of being happy, Ella is angry and feeling used. Can Tristan get her to forgive him?

This is a great Cinderella retelling without ugly stepsisters or a stepmom. I really enjoyed Tristan as a hero who knew what he wanted and went for it. I voluntarily received a copy of this story and this is my honest review.

Jennifer says

Cute fairy tale romance. Some of it was a little far fetched even for a fairy tale.

SouthernAngel says

Can their online fantasies become reality?
A quick, fun read with a little drama, humor and plenty of steam.
I voluntarily reviewed an Advanced Reader Copy of this book.

Jacqueline Lima says

Eu continuo na silly season. O verão é a melhor altura para se ler romances de amor assim como o inverno é a melhor para se ler policiais suecos recheados de neve.
É para chatear a minha costela queirosiana. Sou fã de Queiróz menos na parte em que ele inferiorizava as mulheres, dizendo que só sabiam ler romances românticos e que isso iria levá-las à perdição, conduzindo-as a vidas debochadas. Pelo menos, sempre estudei e trabalhei, não nasci rica nem me dediquei ao delitantismo como ele.
Voltando à obra em si, isto é tipicamente um conto de fadas actualizado à era da internet e ao erotismo. É agradável mas axho que daqui a uma semana nem me vou lembrar do que li...

Shan ~ A ~ says

This was a short, quick read.

Ella and Tristan met via Facebook while both using fake identities, so Ella had no way of knowing she was sharing all of her desires with the crown prince of her country.

Once the meet officially in their countries "marriage mart" they are both instantly besotted.

This short story could have done with some editing. I mean site for sight could have been fixed if someone would have took the time to proofread the story.

The thing that affected my rating was the fact that I am to believe that Ella is okay with having sex with this man after just meeting him, but is upset that he is the person she was conversing with all those months. I think that was just a convoluted plot device to cause a bit of trouble when it wasn't necessary.

Julie Jacobus says

Short quick read.

The story isn't bad, it's just you don't get to really know the characters well in these short stories. From them talking online under fake fb profiles to them meeting face to face, to them having a HEA, real fast there but I guess that's what fairy tales are made of!

Pamela Street Gramlisch says

Prince and Ella

Ella is a college student and she has an online Facebook profile as Christa. She talks every day to Frederick and actually has fallen in love without ever meeting him. Frederick is actually the Crown Prince Tristan. There is a festival and 50 women are invited so the Prince can pick out a bride. So when the Prince sees Ella he is hooked and hoping that she is Christa. This has an HEA.

Plus these bonus books are included.....Specially Selected Bonus Content - The Boss's Surprise Baby - Touchdown Daddy - Daddy's Bossy Friend - Football Daddy - The Boss's Game - The Rich Cowboy's Baby - The Boss's Secret Baby - The Cowboy's Virgin - The Rock Star's Baby

RoseyLovesBooks says

Busy Law student Ella rewards herself with online conversations with her Facebook friend Frederick. Ella feels closer to Frederick than to anyone else and has told him her secret desires and fantasies. Ella is in love with Frederick and when she receives an invitation to the Crown Prince's Festival, where the prince picks his bride, it was only natural that she share the sad news with Frederick. Crown Prince Tristan is intrigued by his Facebook friend Christa and looks forward to their daily chats. Tristan and Christa talk about everything, including sex, and he's hooked on her fantasies. Tristan thinks that the festival is ridiculous and doesn't want to get married ... until Christa tells him she'd received an invitation to the Crown Prince's Festival ... maybe he can help her live out her fantasies. Things go well for Ella and Tristan but when Ella finds out that Tristan is her Facebook friend Frederick, she breaks off their relationship. And it's against the law for Tristan to speak to Ella again now that she's said no to him. Will Tristan be able to win Ella back so they can get their HEA?

Charlize Starr delivers a fun, suspenseful and steamy story that's short and sweet

Hsu Lee says

ARC - I voluntarily offered to review this book with no obligations and my opinions are honest!
By law, the prince has to pick a bride during a festival.
The prince has been dreading the festival. (So archaic)

When he found that "Christa," his online friend, was coming, he was ecstatic
Finally, he gets to meet Christa.

"Christa," real name Ella, is totally dreading going to the festival.

She is sort of already in love w/ "Frederick" (her online friend)

When the prince meets Ella, the attraction is instantaneous.

It is like they already knew each other. Isn't that crazy?

Will they find out that they have been talking to each other for months online?

Will she become his bride ?

Christina Montminy says

This was a swexy book (sweet & sexy). The archaic rules for finding a bride are still place, 50 eligible women must present themselves to an unseen prince. The chosen gets 2 days to decide if she wants to marry royalty. Prince Tristan sees something in Ella right off & chooses her, feeling that he knows her. He actually does but not by Ella & she knows him but not by Tristan. They've been secretly chatting for months. & have already fallen for each other. Finding out Ella is his online love, Tristan is able to bring the sexy out in her, until their last moment when he has to reveal that he knows what she's done. Humiliation burns & Ella decides she can't continue the relationship but Tristan won't give in to the archaic rules now he has a bride to claim. I enjoyed this story. It was a quick read with just the right amount of emotion to keep me interested. I recommend this book. I voluntarily read this ARC for a review.

Misty Schott says

Wonderful modern day fairytale romance!!!

I loved this story. It starts off with Ella using a fake profile under the name Christa and she is telling a man named Frederick all of her dirty fantasies. Then Ella gets chosen for the Crown Prince's Festival and is not real enthusiastic about it. Tristan, the Crown Prince, is not happy about having to take part in the Crown Prince Festival either. He feels it is outdated and archaic, he would much prefer to meet his match like normal people. That's why he has been using a fake profile online, he is Fredrick to the wonderful woman Christa he has been chatting with over the last couple of months. When Christa (Ella) tells Frederick (Tristan, the Crown Prince) that she has been chosen to attend the festival, he is ecstatic because he hopes to be able to meet Christa in person. But when he goes over the list of women attending there is no Christa listed. Tristan now realizes that she has been using a fake profile as well. So once the festival gets underway, Tristan is drawn to Ella because she is not only beautiful but she seems to be quite intelligent as well. So he chooses Ella for the two day trial period to see if they can get along and want to continue a relationship. Within the first day Tristen finds out that Ella is the woman he has been chatting with online. So he is already falling for her and even though Ella has no idea that Tristen is Frederick, she is really beginning to fall for Tristen. Grab this book to find out what happens when Ella finds out that Tristen is Frederick and he knew she was Christa for a while before she found out. Will Ella be able to face Tristen again knowing she told him all her erotic fantasies and everybody probably knows what a dirty imagination she has? Will Tristen be able to convince Ella that he loves her and was already falling for her when she was Christa? This is a wonderful story. It's sexy, quick and yummy.
