## From Reader Review You're My Little Secret for online ebook

### Keyandra Ariyo says

You're My Little Secret ... Rating: ♥♥♥♥ ? (4.5)  
(SEMI-SPOILER REVIEW)

I must agree with a few reviewers a tad - - just as the anticipation of the novel builds up, it's demolished and ... You're left with a cliffhanger. I have repeated this in a few other reviews, and now it's becoming a bit tiresome. However, with my mini-rant out the way; my rating of a (4.5), is giving credit where it's due – and this author deserves it (in my opinion). Besides, the page length; Part 1 of this series, is penned well. An entertaining read from beginning to end.

In this series by Chenell Parker: You're My Little Secret – the author drives us through the 504, picking up a few characters allow the way:

First up is, Brooklyn (Brook/Baby), the youngest of five and the only girl. You would think with four brothers that she wouldn't be so naïve when it comes to men; unfortunately she is. Yet, I love the fact the author made her relevant. Brook, is a book-smart and average college student; whose just looking for a little of freedom from her overprotective brothers, the worse is the oldest, Bryce.

Second up is Dominic, a successful businessman who owns a lucrative company with his brother David. He loves his fiancée, yet he and Kennedi are with each other for all the wrong reasons. She, wanting to bank of a well-paid man, and then change him into what she wants him to be. He, because he feels obligated when she was able to provide him with the financial assistance needed to get, the doors open and the truck wheels rolling on his business.

But what happens when a gullible, yet attractive Brook, catches the eyes of, an engage man by the name of Dominic?

What happens when Dominic, who's just looking for a woman to accept him-for-him, and he gets exactly that and more with Brook?

Let's not forget about, Bryce; who storyline is a great addition. His situation is precisely like Dominic's, yet Bryce and Tiffany are not engaged, their just 'playing house' - because Bryce, actually wants to make a home with the mother of his children Taylor.

But what happens when a man named Bryce heart is somewhere else; and a woman named Tiffany will do anything to keep her man?

Secrets are kept, but secrets will be revealed ...

Can't wait for Part 2 ... will revise review once released and read.

FYI: I hope the author does a book about Brook and Bryce cousins, Candace and Co-Co! Love them!!

OMG!! Why did this just end like that?! I'm still sitting here wondering WTH just happened, YEAH i read the book, i have the facts, but where is the author gonna go from here?

I REALLLYYYYY want to call Brooklyn dumb, because of the whole situation, but i honestly just like her too much to actually say that. Yes, she shouldn't have even pursued anything and i believe she even understands that, but now THIS!!! Too much...and i also noticed not once did i see Dominic take Brooks feelings into consideration, not really anyway, he just said "I'll be here for you" nothing more or less, so i know Brooklyn needs some big girl panties ASAP!

Oh wow, oh wow, where do I start...oh wow...lol ok so life ain't so grand for these folks up in this dramatic read but who died and left miss tiffany news carrier and Kennedi miss bougie diva status...really. They both on my hate list. This clan of brothers are so protective over baby sister that when things go downhill everyone is so hurt. But on the other hand author Chenell you know who my fave is

## **Lizzie Winns says**

I love Author Chenell Parkers books to begin with, and find this one just as exceptional. It's a subtle story of passion and purpose, love and tension, trust and distrust. It was realistic and you could easily identify with

the characters. It was far from predictable. Excellent read. Brooklyn is carrying some heavy luggage. And Dominic as fine as he sounds he's gotta sharpen up and choose who he wants permanently. Praying for a part 2.

The story kept me engaged from beginning to end. You couldn't help but like Brooklyn even with her naive and poor choices, she had a sweet personality. I also had a soft spot for Dominic despite his not so smart ways. I loved David, he was so real. And Brooklyn's brothers were too much with their over protectiveness... you can't watch someone 24/7. I will read the follow up story and see if my wishes for the couples involved come true.

Excellent series, had me reading until finished. Tiffany and Kennedi are trips. Dominic wants his cake and eat it too. Brooklyn has a lot of growing up to do. Only time will tell what happens to all of these characters.

Great start to this series!

You're my little secrets was good from being to end. The twisted and turns in this book keep me on the edge of my seat. Brooklyn innocent was very refreshing but the things that she experience in this book was emotional... The secrets and the betrayal will leave your mouth wide open.

The characters was well developed to the point you thought and felt like you knew these people in this story

.
