## **Bear Queen** Emma Alisyn

The Bear Queen has a fence around her heart. The Alpha Clan Chief has an ax to chop it down. Their enemy lurks, waiting for an opportunity to strike...

Izobelle Sahakian, a Bear Queen renown for her beauty and wit, rules Casakraine with an iron fist. She struggles not to succumb to her desire for the most unsuitable alpha male at court- the leader of a foreign country.

Malvin Dacus, Clan Chief of Talogroth, must seduce a rich bride to save Talogroth. His mission derails when a matebond sparks to life with the headstrong Queen.

But difficulty casts a shadow over their wary, intense courtship. Malvin must end the rebellion of his older sister before she rallies the Clans against him or has him killed. Izobelle may help- but first she has to learn to trust. Will she accept their bond before it's too late, or will the dark side of her past destroy her final chance at happiness?

This is a **steamy** paranormal bear shifter romance with adventure, court intrigue and family dynamics for readers who enjoy reading about strong, complex heroines and fierce, protective alpha males. 3rd in the **Royal Bears** series, may be enjoyed as a standalone. Includes opportunity to download a bonus Happily Ever After short story at the end.

# From Reader Review Bear Queen for online ebook

## Susan says

Bear Queen is the third book in the Royal Bears series. You can read this as a standalone The book does not end in a traditional cliffhanger, but does leave the storyline open ended for future books (and Bear Queen's Baby has just been published). There is some violence Hot and steamy sex so definitely 18+.

The book blurb adequately describes the storyline so I'm not going to repeat all that info here. The author did a good job in catching new readers up on the series storyline thus far. In the first two series books, you have the Prince and the Princess finding their mates. In Bear Queen, we have their joint weddings. After years of being alone, and with her two cubs now mated, the Queen has a chance to find a mate of her own. Will she take that chance when given it? Or will her sense of duty deny her the happiness and love she needs and deserves?

I received a free copy of the book in exchange for an honest review.

## Emily Pennington says

Her Majesty Izobelle, Queen of Casakraine, left the State Dinner and waited impatiently in the Royal Library for her targeted male companion – Malvin Dacus, Clan Chief of Talogroth -- to join her. Wanting to keep him in his place, she teased then pulled back from him. Instead, she offhandedly asked him to dinner and would get back to him when she checked her calendar.

Malvin was definitely attracted to Izobelle. One of his reasons for coming here was that he was required to marry a wealthy woman in order to bring some much needed capital into his country so they could rebuild. He was supposed to be checking out the ladies at court for a potential wife. Concerned about his attraction to the Queen, his best friend Newyn reminded him of this duty and the fact that the Queen would never marry him. She was so afraid of betrayal, she would never give another man a chance. To further add to the difficulties, Malvin's sister, Boudicca, was secretly hiding on the grounds and plotting to kill him at the earliest opportunity.

It had become obvious to the Queen and Malvin that their attraction was deeper; their bears recognized each other as mate. But the Queen resisted that relationship. When her daughter Mia was on her way back to help with several royal events to take place, her cavalcade was attacked. The Queen knew who was trying to frame Malvin for the attack. And Malvin was ready to use this attack to present his marriage proposal as a business arrangement – to keep the Queen from having to retaliate for the attack. Things were getting complicated! Could this be enough to get the Queen to relent and accept him?

This was a wonderful energetic book with so much action going on! The intrigue was handled perfectly, with the right touch of humor throughout. I thoroughly recommend this book. You'll see how a very take-charge, competent woman runs a vast kingdom with style and keeps all the men in line! I loved it!

## **Lisa says**

### **Great series**

This is a great book love the series and author gripping and tantalizing with a wonderful story line I would definitely recommend

---

## **Danielle says**

I needed a paranormal romance fix, so when I saw The Bear Queen for free on Amazon I jumped.

Izo and Malvin have a great chemistry and I really dug their push and pull throughout the story. both characters were strong, logical leaders of their lands who didn't take guff. I mean, really, who wants guff?

Izo was betrayed in her past, learning to wall herself off from those who would use her heart against her. She is powerful, but doesn't flaunt it. Izo puts duty and country first, always. It was endearing, if not a little sad. I wanted her to be happy...and what makes a bear happier than fab sex? I dunno!

Malvin set out to find a solution to a problem, so when Izo enters the picture, he's a little taken aback. Then his bear gets involved and BOOM! Possessive, protective, instinctual-that's what he becomes. but he doesn't lose his head.

The scene where everything finally comes together was a little lacking for me. I wished so hard that the timing had been different. When you read that part, I think you'll understand why. I wanted her to give in to her vulnerability, and that didn't quite happen. Overall, it was a decent read, but I'm not 100% I'd continue the series (or go back and start from the beginning).

## **Susan Burgess-Ryan says**

In this third book in the Royal Bears Series Queen Izobelle Sahakian struggles to keep a fence around her heart. Queen Izobelle rules Casakraine without the help of a mate, and must do so with an iron fist in order to keep her queen ship. She is widely known for her beauty and must not fall for the most unsuitable man in court, Malvin Dacus. Malvin is the Clan Chief of Talogroth and he needs a rich bride in order to save Talogroth. But what happens to his mission when he finds that he is mate bonded to Queen Izobelle? If Malvin is to stop his sister from rallying the clans against him he must win over the headstrong Queen Izobelle. Can he win her over? Will the Queen accept her mate bond to Malvin before it is too late? Or will her dark past ruin it all for her?

No Spoilers. ARC free book given in exchange for an honest review.

## **Patricia Hoffstaetter says**

This is a wonderful and intriguing book to read and I thoroughly enjoyed reading it. The story covers Izobelle Sahakian a queen of Casakraine and bear shifter and due to betrayal and greed of her first husband (and subsequently execution) guards her heart. Malvin Dacus a Clan Chief of Talogroth and a younger bear shifter has his eyes firmly on her and is determined to get her. What you will find in this story is drama, intrigue, memories of betrayal, marriage of a son, cherry smells, a feisty queen/bear shifter, a younger man/bear shifter, a warrior's daughter, a bitter sister (Bouicca), a mate-bond, denial, cowardly female, threats, claiming pheromones, a vow to claim, her son (Prince Andrei) & Malvin fighting, a car, Mia under attack, launchers, abduction their purpose, Malvin arrested, released, sister (Boudicca) the problem, a business proposal, flush rat sister out, Malvin's daughter abducted, a call, a swap, possible trap, an old lover, a dragon, debt cleared, an exchange, drugged, bound, going to kill him, untied, attacking, killing abductors, making Prince Andrei regent, shifting, following bond, pain, awake, confusion, memory impaired, a cabin, trying to leave, caught, disagreements, intimacy, son and mate fighting, stop, a new granddaughter, feeling weak, a friend, you're mated, knocked up queen, stubborn female, spies, a marriage, a bomb, threats, finding Boudicca, a dragon taking care of Boudicca, emotional feelings, lust, mating bond, and erotic scenes. It is one of the few books that I have read about a shifter romance with a good story-line that is well thought out and is exceptionally well written. The characters are well developed with personalities and have feelings of revenge, needs and desires. I would recommend this book to people that like to read a good bear shifter romance. You will not be disappointed in this book and I look forward to more from this author.

## **Anne Richardson says**

Absolutely loved this book. Feisty Izobelle, a bear shifter queen and Malvinas a clan chief. Fast paced, great storyline and characters.

Voluntarily reviewed this advance copy

---

## **Pam Louis says**

Izobelle Sahakian is a bear shifter and a queen of Casakraine. Her first marriage ended in him trying to take her crown. So she has guarded herself and her heart from falling for anyone since. She has two grown and mated cubs with their own cubs on the way. But when Malvin Dacus shows up she is drawn to him even with him being younger than her. He is also clan chief of Talogroth and an alpha bear shifter. In other words not easy to control lol.

She also knows he needed a rich bride to help his people and then there is the problem of his sister. Izobelle is very wary and doesn't want to be used but the mate bond is strong now what to do?

Wow this story was fantastic. Dacus's sister is a force to be reckoned with to bad she is so bad! So many twists and turns in this story I couldn't put it down. So Amazing!

Izobelle is one strong willed hot grandma. I want to be just like her when i grown up lol.

This is a must MUST read! It's one of the best books out that I have read.

Book given for an honest review and I honestly loved it

---

## **Stephanie says**

I recieved an ARC in exchange for an honest review.

Izo is the queen, and not only that but she is the most bad ass. Mostly because she has cultivated her image as a women/bear/queen that shouldn't be messed with. Especially after her bastard of a ex-husband drove her to have to execute some of her subjects. Now she works hard and plays hard with those she thinks has a pretty face. Now Izo has set her sights on Malvin, a near by clan chief who is looking for a rich wife in order to replenish his lands economy.

Malvin is trying to make his country stronger, but he has had some set backs. The least of which was his economy. But the most pressing concern comes in the form of his sister. Who is a major wench with a thorn in her side. But one of the things that Malvin was not expecting when he came to the inner city was to have his matebond triggered. Especially when he mistakenly thinks he is suppose to mate to Izo's daughter.

This was a good read that had a lot of action in the form of human and bear fights, as well as the sexual type of action. I really loved the various plot twists that were prevalent in this story.

I would definitely recommend this to romance and paranormal romance lovers.

## **Nikki Brooks says**

Izobelle may be the Queen of Casakraine but she is also a hot, sexy lady with itches that must be scratched! She's had a string of no-emotions involved affairs since she had to have her treacherous husband killed but a certain clan chief has weaseled himself into her heart and she's not sure she'll be able to leave him just as easily as she thought.

Malvin Dacus, Clan Chief of Talogroth, loved and mourned the loss of his wife. She gave him a fine daughter but his kingdom is in dire need of a cash injection, so marrying for money seems to be his only option. But a certain regal lady is catching his eye and he's even marry her with no cash involved, he'd make peace with his people some other way.

But when his brazen and power-mad sister Boudicca starts to interfere in Casakraine and cause mayhem and treachery with Izo's court, Malvin knows he has to put her back in her place.

Izo is one hot to trot queen! I loved her internal diatribes towards her children and her court. If only they knew what passed through her head! Malvin is definitely Scottish in my head cos as a patriotic Scot I claim his accent! He could be kinda Irish but nope he's Scots. Glamour, put upon mothers, unruly children and scandalous court politics all mix in a wonderfully crafted quick read!

I received an ARC copy of this book in return for an honest review.

---

## **Diana Page says**

This is a fantastic book !! It has a female Queen Bear Shifter of Casuarina, named Isabelle, her male counter part and Lord of a country next to her is bear shifter Marvin ( Mal for short). There are all types of shenanigans going on in both countries as well as in their love loves. I found out after I started reading that this is the 3rd book in the series, but it didn't make it aNY less enjoyable and it was very easy to follow !! I recommend this book to any paranormal romance lover, anyone who likes smart, Sassy female leads and

their males Alpha rogues, with hearts of gold. I'm going back and reading books 1 and 2 , because if their as fun reading as this one was, I'll be laughing all night. I recieved a gifted copy in exchange for an honest and unbiased review. 5?'s, I'd give it more if I could, and it does leave a few things up in the air, but no true cliffhangers. I recieved a gifted copy in exchange for an honest and unbiased review.

### **Sue says**

I do love a story with a strong female lead and this book has that in abundance. Izobelle is a fierce bear queen and Malvin Dacus is the clan chief determined to break through her iron clad defences and Make her see what their bears already know. Not an easy task especially when Dacus's sister is leading a rebellion determined to start a war. An enjoyable read I'd gladly recommend.

---

### **Rene says**

#### **Amazing read**

Kept me up for three nights. I loved the characters and that sexy Scottish burr. Yummy I love stories of strong women being able to be softer and safe with their mates.

---

### **Lyn Mckenzie says**

This is another book by Emma Alisyn that i adored, i just love the way she writes and is able to pull you into her world!

This is a brilliant storyline and i loved to read about a woman who is not really young and who is a mother who finally meets her mate and has no clue what to do about it. I really enjoyed all the different elements that are in this book. There is a lot of action in this book and it makes it a serious page turner of a tale, i find that this is how the author writes, so that you are drawn into the world that the boo is set in and you find yourself compulsively and obsessively turning the pages to find out what will happen next! And trust me there is always another surprise around the corner!

I really feel for Izo as she has always had to put everything else before her wants and needs and feels like she will always have to do this. She is an alpha female having a will of iron along with stubbornness to see out what she believes in. She has a big and pure heart that unfortunately has a big wall around it! She knows who she is and has the confidence along with that. Then we have Malvin, who also has the pressure of ruling his country on his head but when it comes to his mate that all goes out of the window, he is a confident and protective male who has always done what is best for everyone else.

Loved this book and so glad that i voluntarily reviewed this book...it is amazing!!!
