It pains me greatly to not give a book in this series a five star rating but I had to. I'm not going to lie I do not like Grace – at all! I wanted to like her and sometimes there were hints of a funny, quirky person and then BAM she is super annoying again and I go back to disliking her. I just felt like she was insanely harsh and rude to Max. I mean yes he is a famous singer with a “reputation” but the poor man followed you have way around the world, courts you beautifully, tries to give you the world over and over again but that is not enough. I mean I wanted to just stop reading the book but I couldn't because I loved the others so much. Yes Max is not perfect either but Grace was just super frustrating to me and by the end I felt like she didn't even deserve Max. Even though I didn't like Grace the writing style was still amazing and I do love the other characters in the story so that did save my rating some.

Can't sit through another "manwhore gets the virgin" story. Celibate or not.

This series just keep getting better! Max has been searching for his mate after a chance meeting backstage. His nerves are frayed and his temper is definitely showing. Grace has hit the bottom...losing her job, cutting her boyfriend loose and having to move back in with her parents has her slightly depressed. Enter Max, the crazy musician that seems to think they were meant to be together and will go to any lengths to see it happen. Max is shocked to find that Grace doesn't fall at his feet or seem to be impressed by his over the top efforts. Can Max be the man she needs? Will Grace look deeper and see that Max is really the man for her? Can't wait for more of the Cauld Ane!!

Jennifer says

Max is a rock star, and Grace is a typical girl next door. What in the world could they have in common? After meeting at a concert of his, Max realizes she is his mate, and sets off to make her his.

To begin with, I really didn't like Max. He's arrogant, self-important, and really can't imagine not getting his

way or anyone turning him down. He's really kind of spoiled. Grace, on the other hand, is loyal, sweet, and very funny. Her sense of humor is off the charts hilarious! But she's also very hesitant about getting involved with Max. Max goes to great lengths to get her attention, and eventually convinces her to spend some time with him.

Once Max got over himself, he proved to be sweet and loyal. As with all of the Cauld Ane men, Grace was everything to him.

Add in family tragedy, drama, unsolved murder, and mayhem, and you get a book that keeps the reader engrossed and entertained from the first word to the last!

I received an ARC of this book in exchange for an honest review.

I have to admit that I love the Cauld Ane series. They are a unique immortal in that they don't need blood like vampires. They eat, sleep and interact like humans unless it is over 68 degrees. They cannot take the heat. It can kill them. Needless to say you won't find any of the Cauld Ane in Arizona.

In book four we explore the romance between Maximillian and Grace Wilson. This isn't a simple fall in love story. Max is Cauld Ane. Grace Wilson is human and knows nothing of the unique race. Max first sensed Grace at a concert in Scotland. He even met her backstage and then she disappeared.

Max now searches the United States for his mate. She has moved from her apartment. She has moved from the town she was living. He is frustrated. He is angry. Tensions are rising. And when he finds her what will he do??? His solution is so simple and yet so complicated. I loved it!!!!

The romance made me giddy. The courtship was so sweet. Max's determination was inspirational. The HEA was fantastic because they worked at it.

Fun extension of the series

The series has now moved on from the Grunnach Brothers to the MacMillan brothers who were strong featured characters in the first three books. This book centers on Max and Grace Wilson, a woman briefly mentioned in an earlier book. The dynamic here is interesting as Max knows she's his mate but she wants nothing to do with him and has the power to resist him where other women have not. Most of the book deals with their building a relationship and Grace struggling to trust him and accept that he could possibly want her.

As in previous books there are story holes, things brought up and then just left dangling. Max isn't as likable a character as the previous male protagonists. We don't get to know Grace as well as we did previous female

protagonists. Thus it was harder to really connect with this couple. You also really have to have read the earlier books or this book would really leave you hanging in both understanding the other characters and the Claud Ane. Grace's reaction to Max once she turns 25 is also not portrayed the same way as in the first three books.

The book is good just not quite as enjoyable as the first three.

I really love this series. Honestly at first I was a bit put off by Max being the spoiled man, this is not a good look for an Alpha male. However Grace putting him in his place a time or two was quite funny to read. I loved Grace and her I am woman hear me roar attitude, she did not take his crap and put her foot down. He comes around in the end. I love that you find out more bits and pieces through out the different books. I loved that it was not all hearts and roses for them at the beginning. I loved that Max had to struggle and work for what he wanted.

Susan says

Max and Grace's story starts in the middle of Brodie and Pepper's, timeline-wise. I think this book can also be a standalone, but it is so much more enjoyable reading them in order. And I just really have to say I love Piper Davenport's writing style.

Max and Grace have a fairly rocky start. Grace isn't the biggest fan of Fallen Crown, Max's band. And Max's power of suggestion just doesn't seem to work on Grace. One of my FAVORITE parts of this book (and one of the funniest), though, has to be when Grace is emailing Max, but thinking it was her younger brother, Spencer, playing a joke on her. Max and Grace may have a rough start, but these two were perfect for each other. No one can calm Max's temper quite like Grace can, course that could have something to do with the fact that Grace is Max's mate.

While you don't have the danger/intrigue of the first three books, Bound by Song isn't without its own drama, most stemming from the long ago death of Max and Nial's sister. It's going to be interesting to see how the brothers go from here, and how much longer Fallen Crown will last with media the way it is in the modern age. It certainly poses a challenge for those that are Claud Ane, considering they don't age like normal humans. I'm eager now to get started on Bound by Dreams and see where this goes next.

Tricia says

Sexy, arrogant rock star is tamed.

I'm sure we can all remember having a crush on someone in a famous band and dreaming they would fall in love with us and then we'd get married. Oh, how Max wished that Grace would be in this category! But Grace isn't a fan and he has to work very hard to get her to trust him not to break her heart after his well-known love 'em and leave 'em past. However, Grace's family seem to love Max and she's outnumbered! A new job, Princes, a royal coronation; Grace's life gets turned upside-down from her good girl church

upbringing. But when they do get together boy do the sexual sparks fly! Plus, the real story of Max's sister's murder comes out, thanks to a discovery that Grace is led to.

Oh, and you must download Fallen Crown's song Northern Lights which is sung by Piper and her husband!

Suzanne Radcliffe says

Bound By Song is book 4 in the Cauld Ane series, and is about Max and Grace. Max is the lead singer of the popular band Fallen Crown. After an exclusive show in Scotland, he met Grace and instantly knew she was his mate. He found out who she was and has been tracking her down ever since. Grace is feeling like a failure. She lost her job, broke up with her boyfriend, and is now losing her apartment and moving back in with her family until she can get back on her feet. Both of her younger siblings love Fallen Crown and are very excited when they give a rare interview and Max offers them tickets to the Portland show, along with backstage passes.

Max had assumed that his offer would be accepted and that Grace would fall at his feet to worship him, like so many women do. He is quite upset when Grace does not show up, and Max has to figure out just how to get Grace to not only accept her fate, but simply like him. It's not something he's used to and it's very frustrating for him (but provided a lot of smiles and laughter for this reader). The hardest part is getting Grace to let go of Max's past as a womanizer. He has many secrets and some tough reasons for his behavior. But for Grace, she cannot accept Max into her life unless he gives all of himself - especially the deep, dark parts.

I absolutely love this series and all the characters. I cannot wait for the next book, Bound By Dreams, Niall's story!

Welcome back to the world of Cauld Ane.

I really didn't expect to like this series as much as I do, honestly, I don't read very much PNR. However, I am loving this series and my have to rethink my thinking!

Max and Grace are a wonderful couple. I love that she stands up for herself even with a potential overbearing mate. Max is still the "grumpy" one and has to work for it, something the man is definitely not used to. Grace has no intentions of trying to change Max, but want him to realize the kind of person he could be rather than is. This one is a little lower on the drama, but has more information on an event that happened previously. You don't have to read the previous books, but I would suggest it because ...well they're good reading!

Cup of Tea says

I received this book for an honest review. Another great story in the Cauld Ane Series! I loved reading Max

and Grace's story, it is always fun to see a bad boy fall in love with a good girl. Grace is a strong heroine who does not let Max's charm overcome her, it is great to see him work for Grace's approval. Max is an alpha male who normally does not have to work for female attention until he meets his mate! I love Piper's insta love stories but it is fun to read one where the heroine gives the hero a run for his money! I would say that you don't have to read the other books in the series to understand the story line but you should because they are amazing! This book has romance, witty banter, a sassy heroine and an alpha hero, it is a must read book!

Kerry says

I really love this series, and Max and Grace's story was no exception! They have a really great relationship, and I liked seeing Max try to explain/Grace come to terms with the whole Cauld Ane world. I did find myself wishing that they argued just a touch less though. Unlike the previous books in this series, there wasn't really any suspense. I have to admit that I do think a little suspense would have added to the story, but that's just my two cents. I also read the original version of this book, and I believe the only change here was the addition of the sex scenes. I wasn't sure what to expect with that since the characters do not "bind" until late in the book, but the author managed to squeeze in 4 brief sex scenes in the last 10% or so of the story. I did enjoy the romance and the plot, and can't wait to read the next installment!

Carrie says

Love this world that Piper Davenport has created! The Cauld Ane are the perfect mix! And Max & Grace's story fits in perfectly. Grace is feisty & stubborn - sometimes TOO stubborn. Max is definitely alpha goodness, but he also goes a TAD too far in his arrogance sometimes. I may have wanted to smack each of them a couple times! Heh.

This story has everything, making it a very enjoyable read! There's humor (lots of LOL moments) and heart (some sniffles, too) and heat (*fans self* whoooooee! Max & Grace get to the steamy times, they do!).

As always, I'm looking forward to the next installment of this series!! Love the anticipation! :)
