## Deeper Ronica Black

Former homicide detective Erin McKenzie couldn't be any happier with her new life and her fiancée Elizabeth Adams—until the not so distant past comes knocking at the door. Erin's former colleague Detective Patricia Henderson—a woman both she and Liz have intimate ties to—shows up with a fresh crime scene photo that looks all too familiar. The victim is an actor who works for Liz's movie production company, and Liz had argued with the young man on more than one occasion. Erin can't believe it's happening again. The new murder resurrects old questions, and when Liz all but sends her packing, Erin can't help but wonder what her lover is hiding. Lost, alone, and frightened, Erin is once again caught in midst of it all, and no matter how hard she fights it, she's where she never thought she'd be... deeper.

## Rachel Peabody says

This book was totally awesome

---

## Brownsugar69 says

Not my type of book but the story is good.

---

## Diane Wallace says

Awesome sequel! insightful, intriguing, epic action, suspenseful, heartbreaking, great love scenes and character development..adore both leads..good storytelling and it's open-ended conclusion leaves an opening for book#3 maybe? ..highly recommend this series to everyone (paperback!)

---

## Diane says

Great sequel! amazing continuance from the first book...still has good plot twists and turns and the storyline gets more intriguing, interesting, dangerous, mysterious and deals with both leads on their relationship issues(Liz & Erin)..nice cliffhanger at the end ..is there a book#3?(paperback!)

---

## Debra Todd says

Former homicide detective Erin McKenzie couldnt be any happier with her new life and her fiancé Elizabeth Adams until the not so distant past comes knocking at the door..

This is book 2 (book 1 is titled... In too deep). Both books are very well written. I love the characters, and was fully involved in their stories. I hope there is a 3rd one. :)

Highly recommend reading.

---

## Elma Vanilla says

Just like the first! Perfect mystery. My head almost blew up at some point! Such a sad yet so beautiful story!

---

## Justina Johnson says

'Deeper' is a sequel to 'In Too Deep'. Most of the characters that made it out alive of the first book are back

for the second book with a few intriguing new folks. This book is a bit darker with some very intense and sad traumatic goings-on. More men have been murdered with the same calling card of multiple post mortem genital mutilations and a hand drawn crucifix. One of the main gals in "Deeper" is once again thought to be the murderer. During most of the story things are not all roses and chocolates for Liz or her dearest love, Erin. A tense yet amusing subplot has the Corona County sheriff's staff facing off against the Valle Luna police where detectives from each group are jockeying for position. Solving this case will be a major plus for one of these departments, possibly both if they learn to work together. Intertwined with all the blood and guts are some really hot explosive sexual encounters, tender moments by several couples, and some impressive artistic accomplishments originating with someone from each police community. It would be beneficial to have read "Deeper" before delving into this book so the established people, places, undercurrents, and nuances are available right from the start.

Liz is more impressive plus shows a larger range of emotions and vulnerabilities this time round. Her family history gets some quality airtime and it definitely helped me to understand Liz. I was rather impressed at how vulnerable, volatile, and finally willing to see and act on her need for her lover this time round. I wish her lawyer and her love could have convinced her sooner not to go it alone. Liz is truly a larger than life character and I flat out adored her!

Erin is a much weaker character initially than I remembered her from 'Deeper', except when it comes to her love and protective nature for Liz. Her change was the one hardest for me to absorb and personally come to terms with. Then she really shines big time as the story progresses and I let go of my earlier preconceptions. Isn't it fantastic that a story can maneuver me like that? In retrospect, I was blown away. Erin doesn't disappoint in her incredible tenacity to find things out and unequivocally stand by her lover, even in the truly sticky hard times. I just loved Erin, this time round by the story's completion!

This book was a tad disturbing for me to read, but it actually made me read faster to find out how everything worked out. I sure got to the wonderful good parts faster, too. Unless being disturbed is a total turn off for you, this book is FANTASTIC! Don't miss it; I definitely recommend it!

### **Kofuku\_wh says**

There is only one word to describe this book - unnatural. Unnatural dialogues. Unnatural descriptions. Unnatural relationship (The impression that the author is a young teenager who didn't have any relationship at all). My eyes were bleeding cause of rookie mistakes. Unfortunately I just wasted my time.

---

### **Jean says**

This book picks up where "In Too Deep" drops off. Its a great continuation of a very good story. The head-hopping was still present and a bit annoying, but otherwise this was a great read.

---

## Heidi says

Wasn't as invested in the story this time around, but could be that I have things going on in my life that have me distracted. The epilogue ending, has me looking forward to a book 3. So this will be an interesting twist. What adventure awaits Liz and Erin? Will Patricia find love and have it returned to her?

### SYNOPSIS

In book one, Liz was accused of being a serial killer, and in book two, Liz is accused of being a serial killer. Fortunately she has the support of her lover, Erin, who is now living with Liz in a new house. *Unfortunately*, Liz's dark and brooding nature lead her to push Erin away. Desperate, confused, and hurt, Erin's actions further add to the angst brewing in their relationship. Meanwhile, Patricia, a lead detective on the case, still has lingering feelings for Erin and hatred for Liz. Fortunately for her, the love she's been looking for may be right around the corner.

### PROS

- (1) The mystery of the Highway Murders plot was the best part of the book. It was unpredictable, suspenseful, and the reveal was surprising and yet realistic.
- (2) Liz brought a lot of angst to the story. It didn't feel contrived. I understood why Liz would react the way she did and looked forward to seeing if Erin could knock down the walls Liz has resurrected for a second time.
- (3) Audrey is yummy—Tall, muscular, confident attitude, loyal, and...

**“I’m afraid I’ll scare you.”**

(view spoiler) pulled back to look into her eyes. “Why?”

**“Because I want you so bad, I’m aggressive. And—”**

“Passionate?”

**“I was going to say strong.”**

- (4) The ending leaves the possibility of a third installment which would mean more Liz and maybe Audrey.

### CONS

- (1) The first half of the prologue is traumatic as the author depicts Jay's sexual assault from the POV of Jay. It hurt to read and I just don't see how it added to the story.
- (2) I loooooove me some partner drama, so I was very disappointed in how contrived the drama between Liz

and Erin was, and it was mostly due to Erin's actions. It boggles my mind as to why Erin would (view spoiler)

(3) The sex scene that follows the quote above was disappointing. Nothing about what they did, or what Audrey did, was "aggressive" or scary.

#### FINAL THOUGHTS

I am on the fence since the romance plot was disappointing but the mystery plot was really good. But still on the strength of the the author's previous works (see Conquest and The Midnight Room), her ability to write a great sex scene, and Liz's character, I'd read a book three if there will be one.

#### **Wrangler64 says**

Enjoyed this sequel to In Too Deep. The ending makes me wonder if there will be a third volume to this series.

---

#### **Diane says**

Awesome sequel! insightful,suspenseful,heartbreaking,epic action,great character development and great love scenes and intriguing..adore both leads..good storytelling..open-ended conclusion which leaves an opening for book#3 maybe?...highly recommend this series to all (paperback!)

#### **Fin says**

this book had most of the same issues as the first book. other than the relationship between Erin and Liz, it just wasn't much of a book. it's frustrating when you are into a book and get torn out of the story by a mistake by the author. The behavior of the police in this and the first book is just too illogical.

---

#### **Diana says**

[ one of the main characters claiming to love the other one and then sleeps with someone else just because of some fight or just because she saw her partner dancing with someone else. The character who was the "player" is the only one closer to being loyal with her feelings. (hide s
