**Fill Her Up** Brynn Paulin  
Daly Way Series, Book Three

Ten years ago, Verity Thompson ran from Daly, leaving behind her family and her lovers. Now, fresh from veterinary school, she's returning to take over her father's practice. She never suspects her old lovers will corner her within minutes of her return.

Patrick and Sim have never forgotten Verity, the girl they believe has always been destined for them. Hoping to sway her back to them, they convince her to give them a weekend of no-holds-barred sex. Little does she know that two of their close friends would be coming to town, too.

It doesn't take Verity long to remember what she'd felt for the men, but when her father tells her he's not giving her a job, she's faced with the very choice she once ran from and feared: a lifetime in her men's arms or the job of her dreams.

WOW! I loved this book it was so freakin smokin HOT! I enjoyed this book as much as the others. Brynn definitely knows how to write the menage love story. I highly recommend this book to everyone. The men are hot and the sex is amazing. And you even get a little man on man action. HOLY MOTHER OF HOTNESS! LOL.

Another quick, easy, bedtime story. Yeah, that's what I consider Paulin's books. I read them in between books at bedtime.

the Daly Way...great romance with wonderful characters. Deep feelings, sexy hot romance, interesting tale. Verity, Sim and Patrick were great together. The extra guys that weekend were fun, too. Maybe they'll have their own story...? ENJOY !

To refresh my memory, I reread (skipped around) this again. It was good but I'm a bit tired of the whole "runaway-to-find-yourself-so-you-return-a-better-person" schtick. It seems she was afraid of commitment so,

adios, amigos. She goes to college, becomes a vet and discovers her taste for bdsm (mild bondage). Her two men keep the home fires burning (they were military awhile) and All Ends Well.

Verity is a great character! A born trouble maker she need Patrick and Sim to ground her! And their buddies helping isn't a bad option!

The real romance involves Verity, Patrick and Sim. That is where the major feelings lay. The buddies are a little bit of extra that is more play than emotions.

Super sexy steamy action!! Hot and heavy! Love the whole thing and can not wait for more of the series!

Cover Art - Nice but it could have been way hotter!

#### **Why do I read books like this?**

I will not deny that I've read a few of these Daly books and each time I do I remember that they are plain stupid to read. It's like the book equivalent to that bootycall that leaves you wondering why you don't remember the reason you aren't together until you hook up again. This is my bad bootycall series. I need a sponsor so I will stop going here.

The town of Daly, I think it's Wyoming but it may be Montana, has an overabundance of males and barely any females. The result are that the entire town keeps ménage relationships. Sometimes up to 4 or 5 men to one submissive female who simply can't say no to such a fantasy.

This book is full to the brim with dubcon, domination, and discipline. It starts with the heroine being pulled out of her car and forcibly dragged to the hero's house while the other men of the town cheer the Neanderthal on. And then she is handcuffed like an animal would be leashed while the other guy who will have her arrives. THEN when she tells them she will stay they inform her that she will also give it up to their friends

who are coming to visit.

She's not a woman she is a roll of toilet paper and by then end of the book she has wiped the private parts of many men, quite happily to please her men.

I'm the moron who read the book though so I shouldn't judge her to hardly for being dumb as a brick and just giving into the whim of a bunch of sexually driven guys.

This lacks any depth, it made me dumber to read it... So much so that at some point I will forget how much these books disappoint me and I buy the next one.

Sep 7 - Fill Her Up is book three in the Daly Way Menage Erotica Series by Brynn Paulin. This story is about Verity, Patrick, and Simeon. The three were engaged just ten years ago, when Verity disappeared without a word to her men or her family. Now ten years later, she shows up at the garage. Patrick demands answers and marches her over to the house for interrogation. Patrick gets her all worked up and the three agree to a weekend together...with two of their close friends from out of town. Yum! Verity's only been with her two men, but she agrees to the adventure. The three have some really hot sex scenes and she notices that Sim's connection to Patrick is more than just best mates who share their girl, Sim is in love with Patrick. The idea makes her hot and she encourages a union between the two, which confuses Patrick. The three become five and they have a great weekend together. They agree to work on their issues and the live happily ever after. Like I said before, the sex scenes are hot. Brynn Paulin knows how to write a good ménage story. Usually, ménage with more than three gets confusing in a story, but Brynn's detail makes the story clear and oh so hot!

How i love this series

### **Guilty Pleasures Book Reviews says**

Really should be 2.5....I WANTED to LOVE it, I loved Sim, Patrick and Verity. I would've preferred more on just the three of them and Patrick and Sim's situation. IMO it was too short to bring in the scenes with Conlin and Reagan, I didn't get enough of Sim, Patrick and Verity. Disappointed that even after the main three committed they still shared Verity with Conlin and Reagan, made it seem like she was just their plaything instead of the their "one". Want to know more about Briar and Robert Daly, I am assuming Conlin and Reagan will be back hopefully for their own story and hopefully Patrick and Sim will decide to treat

Verity like she is their "one" and show the possessive side of being Alpha.

Good read, but I guess my major disappointment was Ms. Paulin made me fall in love with Sim, Patrick, Verity and their story, but I didn't get enough of just the three of them. I've sworn off reading novellas because I don't feel I get enough of the relationship building, BUT I love the Daly Way series and can't resist reading them.

Jesus, not much of a story but lots of wild sex.

Honey we want you to stay with us and marry both of us. Oh, btw, a couple of our buddies are coming over for the weekend and we want you to have sex with them too, okay?

Evidently that was okay and everyone had a real good time.

LOL, gotta love this story.
