## **Her Twisted Pleasures** Amelia James

His hand came off my neck, and he wrapped his arms around me, crushing me against him. I grabbed his hair and forced his mouth to mine, feeding the darkness possessing us.... Submission, yes! Not giving up control but having it taken from me. This... this was why I needed Alex. Will was too nice; he would never abuse me like this. But Alex...mmm...Alex had no such qualms. "What have you done to me?"

Talia indulges her sexual pleasures, turning her life into a twisted mess. Sleeping with Alex is dangerous and reckless. She craves that excitement. Loving Will is comforting and safe. She needs that stability. Why can't she get everything she wants from one man?

Will has everything under control. Watching his girlfriend flirt with his best friend fuels his lust for her. He loves Talia; he trusts Alex. It's all good as long as he makes the rules.

Alex doesn't give a damn about rules. He knows how to play with fire without getting burned. It's just sex with Talia. No emotions means no attachments. That's one rule he won't break.

Sometimes dirty little secrets are more dirty than secret....

This... was... hot. Hot as hell! I mean, OMG, am I really such a bad girl? I guess so, because the illicit sex in this hit me way more hot and heavy than the sweet romance of James's "Tell Me You Want Me."

Talia is a woman who isn't afraid to enjoy sex--even when that means having an affair with her boyfriend's best friend. Together Will and Alex represent the sweet and sour of life. Mmmm, yummy.

But will one man ever be enough to satisfy Talia's voracious appetite? Read along to find out. Expect to take lots of breaks :-)

#### **IF PORN BOOK IS WHAT YOU LIKE...THIS IS!**

It's true we've been warned, this has a clear label it's for adults only, Erotica. At the same token, the synopsis also implies it has great substance, a good plot and intriguing characters. Don't get your hopes high, that's what drew me in the first place and bought this book. To my great disappointment, this is just all about sex, pure explicit raw sex scenes, pages and pages of them, just SMUT all the way through. So to me, instead of Erotica, Porn would be more an apt label.

All three characters, Talia, Alex and Will are tough to connect with, each have their own motive. In the grand scheme of things, SEX is the one thing they have in common. They crave it, no matter how they term it, they're slaves to it.

Will asked his best friend Alex to have sex with his girlfriend Talia for as many times he wants as long as he has control of their tryst. So together, they connived and contrived ( without Talia's knowledge at first ) where Will can listen in and watch every sexual encounter of Talia and Alex like a peepshow. If he's not able to watch, Alex would meet up with him in a bar later for a drink and gives him detailed description what he and Talia did. And this is all because Will noticed a slight change in Talia's demeanor, so he says, so he's hoping to cheer her up by having sex with Alex countless of times. Believe me, there were plenty of them, anywhere and everywhere, including in Will's apartment and in his own bed too. Will would encourage and prod Alex to do it in his presence while he's cooking dinner for them. He'd pretend to step out taking a bogus phone call supposedly from his mother so he can stay in the hallway and watched Alex and Talia do the dirty. He gets so turned on from watching, I think he's SICK! He'd tell Alex what he wants them to do, though he claims he loves Talia so much, watching them doing the nasty gains him his own perverse sexual satisfaction.

Talia is one sick woman, promiscuous and a sex addict who's only concern it seems, is sex and having sex, didn't matter whether it's with Will or Alex. I really think she's a sex maniac, I mean she's just finished having hot and heavy sex with Will, leaves the bedroom while he's sleeping, finds Alex in the kitchen and goes at it with him, then goes in the bathroom and helped herself to another orgasm, goes back and join Will in the bedroom and have sex with him again.

I can't say much about Alex, he's just a guy who likes and enjoys sex, especially when there is no attachment or commitment. And of course he likes having sex with Talia since she's willing and has Will's blessings. In the end, they all got what they wanted ultimately, a manage a trois. This involves anal, raw and explicit rutting.

If you don't really care for a good story with substance, you don't care about the characters or give a hoot whether they are likable or not, and you just want hardcore porn, this book is for you. I have no qualm reading erotica, I'm neither naive nor a prude, but there's a very fine line between erotica and porn, to me, this clearly crossed that line.

Wow this book was some kind of hot. No one under the age of 18 should read this book. I think I may have been to young to read it. lol. Okay now that I have that out the way let me tell you about the book. First let me say what kind of man could let the women he is suppose to love have sex with his best friend and watch. Not any men that I know but everyone is different. Talia loves sex and her boyfriend knows this so Will gets his best friend Alex to have an affair with her. Talia has no idea that Will knows everything that happens between her and Alex. Let me tell you she is not happy when she finds out. Could anyone really think that you could share bed with someone for months and never fall in love. Well you will just have to read this book to find out if that is true. Give this book a try if your looking for a hot book to read.

#### **Sex sex and more sex**

If you ever wanted to know what it was like to read the script to a pornography this book is for you. I'm not overly sure how I felt this book. It has it didn't really read as a book however I did finish it so there was something good about it. The three main characters are completely screwed up in the head and screwed each other to take the focus on of it. There wasn't anything wrong with the book I just like a little more substance in the stories I'm reading.

### **Roger Royer says**

#### **Better than average story**

Tragic love and impressive characters fill this erotic book about three broken lives and, of course, loves. Well written and sharp where it needs to be you find it suitable for a good time and a sadly romantic story.

The three main characters are so very well developed that you really want to believe in them even if you don't really know much about their working lives you know about their personal issues. It makes the book. A sexual read that shows that maybe pushing boundaries isn't as good as we think it will be. We will see what happens with book two.

### **Dy Loveday says**

A lighthearted book about a girl that gets bored with her partners. I found it hard to relate with or like her, made more difficult by the jumping POVs. Some hot scenes, but the ending didn't quite work for me. No HFN or HEA in sight although there appears to be another in the series.

### **Joelle says**

Closer to 3.5 stars for me

### **Kristin says**

If I had a shelf called "hottest, filthy, twisted smut" this book would be on it.

It's really hard for me to rate this book and the 2 that follow it. First of all, I think they should have been one full length novel. No reason for there to be 3. There was a lot of potential here. With some editing, some further character development, and a little more plot, there could have been an excellent, cohesive, novel. As it is, its little more then smut with wishy washy characters.

The 3 main characters are seriously fucked up and not at all relatable. BUT, for all of us who enjoy some twisted kinky fuckery, this book has it in spades.

If I were rating the series on filthy smut, it would probably be a 5 start book. Rating it on plot and flow I'd MAYBE give it 3 and that's generous. It is very possible the author was only going for hot smut, in which case, mission accomplished.

I'll also say book 1 was the best of the 3 IMO

\*\*\* THIS BOOK IS INTENDED TO BE READ BY 18+ \*\*\*

\*\*\* DUE TO SEXUAL CONTENT PLEASE NOTE THAT THIS REVIEW IS FOR 18+ \*\*\*

Her Twisted Pleasures is a book that is so dam steamy it will leave you breathless! From the opening scene right to the very end you are left feeling like you watched something you were not supposed to be watching.

Talia is a women who knows what she wants and she goes after it. She has met Will and even though she did not do the girlfriend thing she decided to give him a chance. She preferred the one night stands that gave her what she wanted and needed. But with Will there was something there and at first she was sated but as time goes on she wants more. The question is can Will give her more or will she have to go back to her one night

stands?

Will is an under cover detective so he knows all about secrets and lies and where they get you. With Talia he wants to give her the world but he is not so sure it is enough for her. So he seeks advice from his best friend Alex and what he and Alex propose will shock you. Will decides to let Alex have Talia in the bed room for as long as it makes her happy.

What Will does not know is that Alex has held a flame for Talia and has always wanted her but never knew how to pursue her. Well with Will giving Alex the green light to have Talia he does everything in his powers to keep her sated and happy. What will Talia do when she has had Alex? Will she decide that Will is not enough? What will Talia find out about Will? Is Will who he says he is or is someone else?

Come along for the greatest sexiest ride of 2012! ~Team Alex all the way!

I really, really liked this book! A very solid 4.5 stars.

It was smoking hot, so I kept a hose near my iPad just in case it decided to combust.

I confess that I loved Alex, and was less than so-so about Will. While I liked that he was the one that initiated Alex & Talia, I just didn't have any real feeling for him.

Where is Talia's head with these two? I thought she was falling harder for Alex, but when she was with Will she thought that if he choked her, the sex would have been better than it was with Alex, and she told Will that was the best sex she'd ever had. Argh. Now Alex is moving, and Talia broke it off with Will. I'm hoping Talia will have to run to Alex to get away from her crazy boss.

Team Alex, can't wait for the sequel!!

Amelia James is a wonderful trashy writer!

### **Letitia says**

Rating: B+ ... Heat: Sizzling

#### **Warning:**

This story contains pseudo-cheating elements with moments of light bondage, erotic asphyxiation, and one brief ménage (m/f/m). Also, there is no HEA (yet...).

#### **Review:**

*Her Twisted Pleasures* is told as a series of vignettes. Each chapter is a sexy scene told from one of three

POVs and takes places in a new setting and time. It progresses linearly, so it is very easy to follow. And, I have to say, I really did love that Miz James decided to tell it this way. I don't believe I've ever read another vignette-style novel. It gave the story a fast pace that pulled you along from one chapter to the next. And it was exciting to know that it was never going to slow down, never let up.

The first, and primary, point of view is Talia. Talia, a paralegal, is in a relationship with Will—her first long term relationship. Ever. Talia craves change. New things. Different things. The familiar usually bores her pretty quickly. Something about Will, however, has kept her interested. More than interested, she's grown to love him. But that doesn't curb her desires, her need for adventure and spice.

The second point of view is Will. Will, an undercover vice cop, knew from the beginning that Talia had restless tendencies but he couldn't stay away. As their relationship nears the one year mark, he begins to worry about her seeking some strange elsewhere. In order to prevent that, to control it, he asks his best friend Alex to seduce her.

Which leaves us with the third point of view, and my personal favorite, Alex. Alex, a lawyer at the same firm that Talia works at, is a bit of a manwhore. Or a lot of one. When his friend asks him to sleep with his girlfriend, he doesn't even bat an eyelash... because, the truth is, Alex has always wanted Talia.

And from there we get a very sultry and seductive and entangled romance. It was both titillating and torturous the way that Will lets Talia believe she is cheating on him, all the while getting seriously turned on by her exploits. And, woah, does Alex deliver the sexy on each and every said exploit. That man is... so dark and morally ambiguous that you can't help but want him. Talia *definitely* gets all the kink and spice she can handle!

I was a bit worried, initially, because Talia likes to use cute-cutesy words for her lady parts. I didn't know if I could take an entire novel of "my button" and "down there." Thankfully, her silly terminology actually has a point and, though she grows bolder as the story progresses, it actually became really funny anytime she used them.

*Her Twisted Pleasures* had me till the very end. I became so invested in Talia and Alex and the feelings that grew between them. I desperately wanted their HEA. My only true gripe is that when it ended, it felt unresolved. Thankfully, Miz James promises to give us more of Talia and Alex (and Will too). This story was H-O-T. I can't wait for more!

### **Favorite Quote:**

*"Kiss me," he growled.*

*"I shouldn't—"*

*"I. Don't. Give. A. Damn."*

*Well hell. My lips touched his—barely. I pulled back and looked at him—unfamiliar, dangerous, and so exciting. I devoured his mouth without thinking. Don't think, just touch. I ran my fingers across his strong shoulders and down his arms. His skin felt hot under my hands, his body hard. He sucked in his abs so I could get into his pants, if I wanted to. I slid one hand over his stomach and under his jeans, touching his hard cock, smiling when he groaned.*

no.

Ridiculous is the first word that comes to mind. this just wasn't for me. I hated all the characters. Talia, especially, annoyed the ever living shit out of me.

The terminology drove me crazy and I found myself skimming over the endless sex scenes. When an actual line of dialogue popped up, it just made me hate said character even more.

I hate to not finish a book. That's why I kept going. I needed to know...and what I know is this book/author is not for me and I will not continue with this series.

This was hot, trashy but oh so flipping good! Loved every second of this read and I'm intrigued enough to go buy book two cause I want to know what happens next to Talia, Alex and Will

**Jodie Kelley says**

A nice hot "snack" - don't expect a really deep plot, but there is enough of a plot to make this a story rather than just a pornographic read. Just what I was looking for on a lazy summer afternoon.

I liked the fact that it wasn't the same old romance theme - man and woman meet, have spat, over come odds and make up. There was a little of that element to this story, but it was mostly HOT.
