His Brother's Wife

Mia Ford

His Brother's Wife Mia Ford

Jason Banks works for his father, who owns a huge corporation. It's family run, family owned, and more than Jason can take at times. He is close with his brother Jordan until he makes a shady move and ditches his beautiful wife Tiffany. Jason had always had a small crush on Tiffany, but he didn't know the rules and wasn't sure if moving in on his brother's ex was taboo or up for grabs. His dreams may be for his happily ever after, but she just might have other ideas.

Tiffany Wells was a gorgeous buxom blonde who knew exactly what she wanted. She grew up in a home with two junkie parents, but that didn't stop her from getting into NYU and eventually working for the largest Media Conglomerate in the country. She thought she had it all, the handsome husband, the amazing job, and the bright future. That is until her husband decided her diagnosis of disease was cause for a quick and speedy divorce. In the midst of her pain, her sulking, and her heart break she just might find relief with her ex-brother-in-law. But will it be a forever kind of love or a lead me into disaster epic fail?

Dita says

Oh wow another sweet story from Mia Ford and definitely one of my fav from hers.

It's a sweet romance story with a hint of forbidden and packed with emotions.

A man who loves his brother's wife. Oh yeah I love this kind of story. It brings a lot of feelings.

I got teary, my heart is hurting for Tiffany, and Jason got me swoon with how sweet he is, and I want to punch Jordan for what he did.

And those drama make this book unputdownable and all the love that totally warm my heart.

As for characters. I really love Jason. He's like a knight in shining armor. He's the man that will accept no matter how imperfect you are. Yup I loveeee him.

And Tiffany, I admire this girl, even life throws ugly curve balls at her, she's still standing strong.

These two are perfect for each others, I love their connetion and the tensions and all their banters.

Love everything about this book.

If you're looking for romance story, this one is A MUST-READ

*I voluntarily received a review copy of this book

Andrea says

This is a heartfelt story and it is an emotional roller coaster for the characters. This is a very well written book with the sensitive and emotional issue of infertility. It is a great story with a happy ending.

I voluntarily reviewed an Advance Reader Copy of this book.

DawnMarie Carpintero says

5 Stars

I received this book for my honest review.

I am so sorry my review is late, but I wasn't even near a computer much to write. Halloween and life got in the way sorry.

This book is entrancing, cry worthy and an all around don't put me down book.

Hot sex and well basically your gonna have to pick this book up for yourself. The characters will entrance you for sure.

Happy Sexy Reading

I so wanted to take Jason home so many times lol

Kiki says

Note: detailed sex scene with OW on the first chapter, while he was concerned about his SIL.

I don't want him to be celibate as the h was married but I absolutely did NOT need to know how amazing the sex was with OW in that much details!

Merry Jelks-Emmanuel says

I voluntarily agreed to receive an ARC of this book for an honest review. Tiffany has been settled with some very disturbing news that will change the course of her life. She did not know that it would be the cause of her husband requesting a divorce. Jordan always quick to make decisions called off his marriage to Tiffany requesting a divorce after finding out that she would have a difficult time becoming pregnant due to a very rare condition. Being the arrogant jerk that he is he waltzed in to the divorce proceedings late without a care to Tiffany and signed the papers ending their marriage. Jason was totally upset with his brother he could not believe that Jordan could be so callous. Jason took it upon himself to see that Tiffany had everything she needed to regain her self-esteem. Before long they were a couple and realize there was something special forming between them so much that Tiffany did in fact become pregnant but only to Jason. Now Jordan is not only angry he is livid because he feels that Tiffany lied to him when in fact he called for the divorce and the end to their marriage. Talk about awkward! Great story with intense language at time along with dynamic personalities. This is Mia at her best. Great story!

Pelusa Rivera says

Received an ARC for my voluntary review for Author.. I enjoyed the story, which to be honest kind of surprised me. When I read the title my first thought was no, then I read the blurb and noticed no cheating so I went ahead and read and am glad that I did. Tiffany deserved to be happy after what her jerk of an ex husband did to her. Jason was always attracted to her and never acted on it while she was with his brother, and they were married for a whole 3 months, true they were together longer, but still. Also, Jason genuinely cared about her, and yes they did jump into sex pretty fast, and it was also a lot of what they done, but then it did feed into the story line. I could not believe Jonathan, yes she was ex-wife but you left her, and the reason behind it was cruel, so shut up and pay the consequences, however I am glad that it all worked out in the end.

Patty says

Ohhhhh Mia Ford has done it again. I think this might be my fav so far. It is such a sweet and amazing read.

In this book Jordan is divorcing his wife Tiffany for selfish reasons. Jason has had a secret crush on her for years. When Jason runs into Tiffany at a night club, they hit it off. Jason realizes that he wants to pursue her.

Tiffany thought she had it all, until a diagnosis is given that tears her marriage apart. Now she is alone and

hurting. When her bestie or es her out for a night out she reluctantly goes. While out she runs in to Jason, her ex husbands brother. They sit all night connecting and reminiscing. She realizes that she likes Jason.

As the two start to build a relationship, things get complicated. Will their relationship be enough? Will they brave the wrath of Jordan?

This story was so sweet. I loved the characters. Tiffany is an amazing, intelligent caring woman. Jason is so caring and protective towards Tiffany and his brother Jordan is kind of a jerk. The sex scenes are to die for. Especially the daring places they seem to find for their escapades. *wink wink*

This book is an amazing story. It tells the story of love, then devastation with betrayal. It also tells of finding love in the most unexpected way, adding in a miracle to make it complete. The story flows so smoothly.

I love Mia Ford's writing style. She takes a wonderful story about falling in love and puts in the best steamy sex scenes. Those scenes will make your toes curl. Her plots in her stories are believable, drawing you in, allowing you to become invested in the characters and the outcome of their story. If you love a good romance that curls your toes leaving you wanting more, then this is the book for you.

Amy Miller says

This story was one of my favorites. Tiffany, she is super sweet and smart. Just having went through a divorce with her now ex husband Jordan. Her world has turned upside down all because she has been told children will be difficult to have. She also works with him and this makes it even more difficult. Jason is Jordan's brother. He thinks Jordan is an idiot for ending with Tiffany the best thing he will ever had. Jason and Tiffany soon discover they have feelings for one another and decide to see where it leads, although it is complicated given the situation.

I thought the story was fantastic. I loved the taboo aspect of this. I think Jason and Tiffany hit it off well and although Jason was a playboy he has reformed. He has turned into an amazing man, especially helping find Tiffany options for her to conceive, when she is ready. Loved everything about this story! can't wait for the next one!

Judy says

This is a wonderful true love story about Jason and Tiffany. Tiffany was married to Jordan and once she finds out some devastating news he leaves her that night and files for divorce after 3 months of marriage. He has totally broken her heart and soul as he should have been the one person who should have stood by her. Jason is Jordan's brother and after Jason has a conversation with Jordan he realizes that his brother has acted totally inappropriately to Tiffany and he reaches out to her. Tiffany has built a life at their family business and has an important role there. Can she go back and face the rumors and deal with her ex everyday? Along the way while out one night she sees Jason and they fall into a comfortable relationship and it moves pretty quickly and before they realize it they are in love. The unthinkable occurs and Jason embraces it. Jordan has played the victim and has caused Tiffany a lot of issues and until they truly end their past relationship she won't be able to move forward with Jason. Will Jordan ever come to terms with what he did to Tiffany and stop causing her more issues and will Jason continue to be there for Tiffany? I voluntarily reviewed an

MJM says

I have a confession to make...I love Mia Ford's stories and each one just gets better and better. But His Brother's Wife has surpassed all of the previous books that were fantastic but this one is superb. Tiffany is a lovely young woman with a sense of humour, loyalty, hard-working and very loving. Why she ever married Jordan I do not know as he was a selfish unfeeling excuse for a man and he didn't deserve her. His parents are so wonderful - exactly the type of in laws we all hope to get but , most often don't. However, when she meets up with his brother Jason whilst out in a night club with her friend, she gets the attention that she should have. I loved Jason as he is everything we all hope to have in a man - caring, protective, genuine, loyal, hard-working, passionate, intelligent and is a real manly man who loves unconditionally. Now, bearing in mind that this fabulous story was penned by Mia we know that the sex scenes are going to be boiling steam heat with sizzling sparks fling all over the place and I had to keep checking that my Kindle wasn't getting overheated as I HAD to know what happened next.

But I'm not going to say anything more as all I wanted to do was let you know why I thought this story was so great and that's what I've done. Mia Ford is the Mistress of Tales and I couldn't possibly make it sound anywhere near as good as she herself. So grab this book quick and enjoy!!

DEFINITELY RECOMMENDED - this is a MUST READ!

Bookbytch5 janet Gray says

Brilliant sweet story Mia. I absolutely loved Tiffany and Jason story, Tiffany now ex Husband Jordan is a D??K because he divorced her because they found out something that change there life's dramatically, But enter Jason who is Jordan brother. Tiffany and Jason always had a crush on each other but never acted on it or told any body. Want to no more you just have to grab it when it releases. I couldn't put it down till i finished it.I voluntarily read an advanced readers copy, A must read add it to your TBR now.

Reva Parks says

Jason was concerned for Tiffany, a girl he went to school with and worked for his father's company and who his brother Jordon just divorced after a marriage that only lasted three months. He knew his brother had divorced Tiffany when her doctor told her she probably would never get pregnant and that the divorce separated her from his family which was the only family she had. Weighed down by these worries, he went out to a club for distraction, but was surprised when Tiffany came in with her friend Mona. He went to meet her immediately and they had an extremely good evening together. By Monday they had made a date for lunch Tuesday. This is the beginning of a month of a whirlwind relationship between the two.

Mia told a really good story here causing many, many happy tears. I love a book that moves me to tears multiple times especially when so often they were joyful tears! I definitely recommend this book and voluntarily reviewed it from an ARC.

books4me says

Tiffany finds herself going through a divorce after three months. She has learned devastating news and her husband, Jared, can't handle it. Despite this, she finds her ex inlaws wonderful to her and still wanting her to work at their business. Jason, Jared's brother, comes forward and offers her the most support which turns into something else. Both feeling odd about this, they hide it from the family but Jared is suspicious. There were some inconsistencies in this book that I don't usually find in Mai's books: . I did find it odd that Jason always uses condoms but never does with Tiffany; it isn't even discussed. Seems out of character for him. I Jared is understandably upset but he acts angry and then ok and then angry...very inconsistent that isn't explained.

My honest review is for a special copy I voluntarily read.

Raecharmed says

Jason couldn't believe his brother Jordan was stupid enough to divorce Tiffany. When Jason finds out his brother did so because Tiffany was told she wouldn't be able to have children his heart broke for her. Unable to do anything but think about her all the feelings he had been keeping hidden rushed forth. Tiffany was numb unable to believe she lost everything with just one test result from her doctor. Taking time off from work to wallow seemed like the thing to do but her friends weren't going to let her do that. She was surprised by the kiss she shared with Jason and calls to set up a lunch date with him. Neither expect anything to evolve from their friendship but one thing leads to another and they have sex. Jason looks into a specialist for Tiffany's condition which deeply touches Tiffany. They continue to sneak around until Jordan sends them the same text that he knows. It's not just that they are together that will cause friction but some how Tiffany is pregnant with Jason's baby. Will Jordan come to terms with Jason and Tiffany's relationship?

This was an emotional read. I couldn't put this book down once I started. My heart broke for Tiffany when she thought she wouldn't be able to have children. This was another amazing story by Mia Ford I can't wait for her next book.

I received a copy of this in exchange for an honest review.

Karina says

I voluntarily reviewed an ARC of this book. I really enjoyed the story of Tiffany and Jason. Tiffany is a woman who finds out she may never be able to have children and upon informing her husband of three months what the doctor has told her he leaves. Jason is the brother of Jordan, Tiffany's husband and he that the way his brother has treated is completely wrong. Jason runs into Tiffany one night when she is out with her friend, who has coaxed her out after she has been hiding at home. Jason wants to make sure Tiffany is okay and feels protective of her. The two are drawn to one another and start flirting with one another. Tiffany also works for the family business and has been on leave following everything that has happened with Jordan. Jason and Tiffany start out by having lunch on day and soon find themselves dating. Wondering how the family will take this new development they decide to wait a bit before letting everyone know they are now together. What will happen when the family finds out? Can the two find away to be together without

hurting the family? Will Jordan be okay with it? And of Tiffany's medical situation, will it all work out? Is there hope there? I loved this book and the promise of hope it gives you. This book was well written and the characters as well. Loved the steamy and hot parts of it. Great HEA!
