Lucky

Lilly Atlas

Lucky Lilly Atlas

After spending six months caring for her terminally ill mother, Kori is shocked when she learns the true identity of her father. Armed with the name of a man she's never met, Kori sets off across the country to meet the person responsible for half of her DNA. There's only one problem: he's the President of the No Prisoners Las Vegas chapter.

Raised as the step-daughter of an MC member, Kori has one rule when it comes to dating: no bikers. Following that rule becomes a challenge, however, when she meets Lucky, a member of her father's club.

Lucky has his own perspective on the dating world: don't do it. He's a tried and true bachelor with a revolving door to his bedroom and no interest in a relationship. But what starts as some harmless flirting quickly escalates until he can't get Kori out of his mind.

For a time, the relationship seems perfect, but Lucky is struggling with a secret. He discovered that the president and VP are breaking club bylaws in a way that might undermine the entire chapter. He was preparing to take action when Kori arrived in town. Now he has to make a decision: will he move against the club leadership knowing that Kori will be caught in the crossfire? And what will happen if he holds onto the secret for too long?

Gloria: Little Shop of Readers says

Lucky is the fourth book in the No Prisoners MC Series and a great read. Kori discovers, after her mom's death, that her biological father is a president of an MC Club. She meets Lucky at her father's club and they connect. Lucky has a serious problem with his MC at the moment but can't act on it cause Kori will be caught in the middle. Lucky truly is a sweet, alpha male who loves Kori intensely. Kori wants love, acceptance and family and finds that in Lucky. I enjoyed this story and read it in one sitting.

4Stars

This MC story a bit different in as far as their clubs had a policy of not getting into the drug business. I enjoyed the change up immensely. Lilly Atlas always delivers quality stories and this is no exception.

Kori nurses her dying mother until the end but discovers that her biological father is in an MC in Vegas. Moving from Florida she sets out to meet him, however, is dead set against forming any relationships with any bikers. Her mother had been married to one and Kori despised his cheating ways.

Lucky is a patched member of the No Prisoners MC where Kori's father is the president. Things are not going as smoothly as Lucky would like them to go.

The character descriptions are very clear and make it easy to visualise them and the scenes. The chemistry is flaming hot and yet romance is still an almost tangible thing.

This book is packed with action-including some violence, tenderness, raw passion, angst and some fun moments where you do end up chuckling. It is fast paced and very easy to read.

I look forward to the next book in this series.

4.5Stars

4.5 stars for me this was a great read... It was my first from Lilly and I was very impressed. I also wasn't disadvantaged by not reading the first books in the series, I didn't miss anything. The story flowed, it was gritty, action packed with several panty melting scenes that kept me wanting more! Lucky was a sexy, strong alpha male who doesn't do relationships... he has a revolving door policy with women, that is until Kori walks into his MC and knocks him on his ass! She is feisty as all hell and 'doesn't do bikers' she resists all his advances and gives back as good as she gets... one dinner, 'not a date' is all it takes to weaken her resolve and the two fall head long into a fast, hot and steamy relationship that leaves them both reeling... But evil lurks close to home and when their relationship and Lucky's life is threatened Kori does the one thing she can think of to save her biker but in the process, she splinters his heart in two. Can love win out or will the evil that is entwined in the MC bring everyone to their knees! I NEED more!!

Julie says

After losing her terminally ill mother, Koran finally learns the true identity of her father, and is dismayed to hear he was a biker. On her trip to meet him she also meets Lucky, he's a super hot member of his MC. Kora has planned not to date bikers, ever, but Lucky changed all that, and it wasn't long before they were an item. Until MC issues force Kora to betray Lucky when he leaves to speak with the mother chapter.

Kora and Lucky go through a lot for their relationship, they made a great couple and Lucky wasn't willing to let her go. There's a lot of drama and club betrayal in this story, it was hard to figure which way the plot would go.

Lucky is a high energy, thrilling read and I'm looking forward to the next exciting instalment to the series. I highly recommend this book.

Elizabeth Horbaczek says

the author is looking for an honest review.

3 stars

I loved Lucky at the beginning of this story. He was fun and made the book very enjoyable to read. I especially liked he was not perfect. He had many faults even if he thought he was all that, and he pretty much owned up to them throughout the book. I loved how he never faulted from what he believed in and he took what he wanted. It was nice watching him grow throughout this book. Kori was so broken at the beginning with her mom dying. Trying to figure out life after a parent dies is difficult and then finding out that she had a father all this time is hard. Now she has to venture off to find her long lost father. She has a lot of sass at the beginning but she mellows during the story and it takes a little off of her story line. The story line is good, but I needed a little more from her at times. I liked all the characters in this book also. They were entertaining and also lethal and they completed the story here.

So Kori loses her mom and tries to find her dad. She has never known her father and never expected him to be the President of the mc. She is lost and looking for a parent. When she walks into the mc she never expected anything that she sees. Her dad doesn't protest and begins learning each other. With that being said there is a lot going down in the mc. Lucky has unlocked something in the mc that he absolutely hates. He is ready to tell someone but Kori walks in and is now in the crossfire of what could be a war. There is so much going down and you don't know who is going to survive.

I thought this was a good story and I was able to finish it in one sitting. I loved the writing and the interactions in the book, I just wasn't as connected as I like to be to the characters. I am excited to read another book from this author.

Lucky was a great 5 star read.

So what do you do when you overhear a conversation that could change the MC your part of? Lucky was in between a rock and a hard place. Will he make the right decision?

Kori's world has been turned upside down. On her deathbed, her mother tells her about her father and leaves her information on how to find him. Having nothing left including a job she goes to see him. There's only one problem. **Unlike her mom, she wasn't impressed, turned on, or even intrigued by bikers.**

However, that all changes when she meets Lucky. They have an instant connection and when they are together the pages burn right up. **They connected on a level she'd been searching for her entire adult life, but had never found.**

She also has to deal with Savage who is creepy and a pig, there is something about him that is unsettling. Lucky pretty much claims her in front of her father and Savage, however her father has other plans. Oh boy, how is this going to end?

And of course there is a twist that puts Kori in a bad place and she has to make a very hard choice. Will Lucky figure things out before it's too late?

I was blown away with the twist, her father quickly made it to my hate list. I was floored at what he had done. My heart went out to Kori and the things she had to deal with. There is so much more to this great story. The secondary characters added a great element to the story. The ending was great, we do get to see a very hard earned HEA. I can't wait to read more of this series.

Tpagirl says

Lucky was the fourth book in the No Prisoners MC series by Lilly Atlas.

Lucky was introduced to us in previous books as a member of the Vegas chapter and helping out the Arizona chapter from time to time. He was gorgeous and "lucky" with the women, thus the nickname. He had zero interest in settling down but was loved by all.

Kori was the long lost daughter of the No Prisoners MC Arizona Chapter's President, Rebel. Her mother

gave her the identity of her father on her death bed. Unsure of her direction in life, she set out to meet him. She grew up around MC's and she had one rule, no dating bikers...ever.

The two sparked immediately with great banter but Kori stood firm. The storyline progressed and both eventually embraced they had something special worth exploring. I liked that it wasn't drawn out but they were willing to see where it lead. Additionally, I loved their connection. It felt real as their relationship developed.

The storyline then focused on the secondary plot that was embedded within the MC. Trouble was brewing with Kori and Lucky thrust in the middle. It was suspenseful and fast paced.

Lucky's story was being told simultaneously with Acer, book three. Atlas did a great job intersecting the two with consistency and accuracy. The first half of the book was set in Vegas. For the last half, the AZ members that we've come to know and love were then a prominent part and brought it to conclusion.

I thoroughly enjoyed Lucky's story. It was well written, well developed, emotional, action packed and totally enjoyable. I can't wait to see where Atlas takes us next in book five, Snake.

Amy says

Lucky

Lilly Atlas

4 stars

Lucky and Kori -- Lucky was brought to us after patching over from another chapter in a previous release. These books are all standalone and can be read not as a series. If you want the entire story though learning about all the characters is key. Lucky arrived with some past and some things he was keeping to himself. We may find out what those are in this book. Cant tell you --

Kori lost her job and all she had when caring for her terminally ill mothers. On her death bed her mother tells her daughter there is a box that she must see. The box holds the past -- the link to her father. Although Kori knew some about her father she did not know everything that he was about. Finding Lucky was not part of the deal nor was betrayal.

Good story line -- I was more torn with Lucky than anything else. Kori was a strong female lead but he was the star of the show. Mystery -- betrayal -- love -- its all here. Click this one up for read number four from the No Prisoners MC. Review to post to Ramblings From Beneath The Sheet.

Tracy- OMGRReads says

Lucky is the 4th in a series of standalones. It can be read perfectly as your introduction to the series, or in order.

Kori went looking for her newly discovered biological father. Growing up with her mother and stepfather,

she never knew anything about him until her mother died. Once she gets to Vegas and the clubhouse where her father is, things get a bit crazy. Kori is so loyal. I loved that about her. Even when I wanted to shake some sense into her, I loved how devoted she was. Lucky was a great hero. He was strong, sexy and stood up for what he believed in.

Overall, I really enjoyed Lucky. The story was quickly paced and the characters were intriguing. The storyline was unique for an MC romance, I really loved that. I read this story in one day, I was obsessed with finding out what was going to happen between the two! Recommended to any MC reader.

Romance Between The Sheets says

Lucky is another solid story in the No Prisoners MC Romance Series and is now my favorite due in part to Kori.

Kori was an amazing character, I loved her emotion and strength and then to be treated the way she was by her father I was devastated for her. When she had to stand up and protect Lucky I had to walk away from the story I was so emotional and scared for her.

The underlying drama story definitely keeps you on your toes. Lucky had some demons to overcome when the realization of what Kori did to keep him safe. I was surprised at his ability to walk away from Kori for a month at the MC Club.

It was great to return to see how all the No Prisoner members and their partners and how their lives were progressing.

I love the cover of this story and the flow kept me engaged to the end.

Flavs is Mrs David Gandy♥~♥' says

I Voluntarily reviewed a copy of this book

Kori's mother just died from a long illness, and also told her who her father was. So after her mother's passing she goes out to meet her father. When she get's to her father's clubhouse finding out he is the president she meets Lucky.

Kori had a rule of no dating bikers, after she has seen what her mother went through with her 'ol man she wanted nothing to do with them. But then she meets Lucky and he knock her for a loop.

Lucky is in a predicament right now. Finding out some secrets about his president and his VP he doesn't know what to do. So he is busy investigating trying to find out what is going on, when he meets Kori. A women that doesn't fall for his lines and a women that is making him feel so many feelings. Making his situation even more stressful is that Kori is the long lost daughter of his president, a president that has secrets

that could destroy his club.

A story filled with angst, violence, twists and turns, secrets and lies and so much drama will have you on the edge of your seat.

Diamond says

The reason that the H used to not saying "I love you" back to the h was ridiculous.

Cheryl O'Harney (The Book Whisperer) says

This book was reviewed for Summer's Eve Reads

Title: Lucky

Author: Lilly Atlas

Genre: Contemporary MC Romance

Rating: 3/5

The heroine Kori sets out to find her real father after her terminally ill mother reveals his identity before passing away and despite saying she'd never date a biker she soon hooks up with the hero who just so happens to be a hot sexy biker named Lucky together alongside a host of other great characters they helped make this an enjoyable and thrilling read , a good storyline filled with plenty of action and drama as well as some scorching hot sexy times.

This book had its dark parts there was crime, violence, angst, twists and turns, secrets and lies basically all thing gritty thing you'd expect in an MC book. Of course we do see a tender side after all the H&h do get their HEA.

This was my first book by Lilly Atlas, it is book #4 in the No Prisoner MC series but can be read as a standalone.

I stepped into the world of the No Prisoner MC and whilst I may have had my foot in the door and did enjoy it I wasn't pulled right in, I don't feel compelled to go back and read the other books in the series, however if you like a good MC book then I do recommend this, it did keep me company on a wet and windy night.

Jaymie says

5 Stars!

I fell in love with Lucky. Way to start this story off right. I love the intrigue and I was hooked right away.

Kori has spent the past few month taking care of her terminally ill mother. Right before she dies, Kori's mom reveals the identity of Kori's biological father and where Kori can look for him. After the funeral, Kori decides she needs to meet the man who contributed to half of her DNA. All info points to Las Vegas and the No Prisoners MC.

Kori had no idea that meeting her father, Rebel, the MC President, would flip her world upside down. Suddenly she is torn between a relationship with her father, her quickly intense relationship with Lucky, one of the MC members, and corruption within the club. There is a strong chance that coming to Vegas was the worst mistake she's ever made but it's also possible that the No Prisoners and Lucky are the family she's always wanted.

I am quickly discovering that I am indeed a fan of the No Prisoners MC series. While I've only read a few books (including this one) about these boys, I have to say I've enjoyed them and can't wait for more. They're a great combination of romance, humor, intrigue and action. There is a great group of characters, both MC members and Ol' Ladies and it's easy to be sucked into their stories.

Lucky was funny, cocky, loyal and sexy. He had those moments of Alpha dominance and at other times, he was sweet and loving and sincere. He was definitely lovable from the very beginning and it was impossible not to be charmed by his antics. The way he so unrepentantly flirted with Kori when she's first introduced to the club had me grinning like a fool.

Kori gave as good as she got, too. Her comebacks with Lucky when his bravado delighted her made me laugh. It was pretty obvious that they'd be a good couple and their chemistry was great. Kori was familiar with club life but I loved how she was just natural and real, not a hardened biker chick playing at being a bada** or the overly needy and typical overly sweet ingenue. It definitely helped with the believability of her actions.

I'm not going to pretend that I hadn't hoped a certain somebody (not giving spoilers) would surprise us and turn out to be a good guy. He seemed so sincere at first and if I didn't have the background info we have as readers, I probably would've believed his act hook, line and sinker. I think Lilly did a great job writing that character because he wasn't just some one dimensional villain, there was some parts of him that still gave me hope.

Overall, I really enjoyed Lucky and finished it quite quickly since it drew me in completely. It's definitely a book I have no problem recommending to readers.

Copy provided to Bayou Book Junkie by the author/publisher for my reading pleasure in hopes of an unbiased opinion, a review was not a requirement.

Judy says

Enjoyed Lucky and Kori's story. I think this one might be my favorite of the series so far. This author has shown much growth in her writing skills since book one in the series. I recommend this whole series to those readers who like a good MC romance. No cheating and a HEA.

Brandy Roberts says

I really enjoyed Lucky I'm such a huge fan of Lilly Atlas this Mc series has got to be one of my favorites to read and it was so good to see past characters and their lady loves and how they are doing . You can read this as a standalone but I do suggest that you do binge read because this author is amazing , adored the characters , the story line , and the emotions . Kori and Lucky are just perfect together their witty banter is funny but also the perfect tease with a lot of sexual tension . Felt really bad for the heroine and everything she has gone through that leads her in the path of the hot hero just loved her . Lucky the sexy biker that he is just made me want to jump on the back of his bike just yummy he's in a very sticky situation and when the heroine comes into the picture lets say he doesn't know what to do . Can't wait to see whats to come next love everything about it
