Relient K

The Complex Infrastructure Known as the Female Mind: According to Relient K

In *The Complex Infrastructure Known as the Female Mind*, Relient K expounds on their experiences observing the opposite sex. Detailing some of the "girl types" they've encountered--like the Homecoming Queen, The Athlete, and The Overachiever--they share personal stories and biblical advice for girls of any type to become women of God.

The band's fun attitude is present throughout the book in quizzes, lists, personal stories, and more!

Miss Clark says

This was actually a fun read and interesting. Some good things to think about and some amusing passages.

Claire says

I was reminded of this book randomly today while out shopping. I recall reading it with great enjoyment. It is certainly meant as a silly book that coincides with the band's mood rings song, but it wasn't some dumb throwaway either.

Kaitlin says

First of all I love Relient K so when I had heard they had written a book I had to buy and read it. In all honesty I wasn't sure what to expect. It was actually pretty good, I loved it. It was funny and humorous but it was also pretty interesting and towards the end it was serious. I love how they let their faith in God come through in a fun way. Also it's pretty fun to try to decide which girl you are.

Jessica says

I learnt so much from this book! definitely the best book for girls ever!

Tiffany Tan says

I think that this is a really great book in so many unexpected ways. If you love the band, you'll want to read this one.

Kaelea Bearwald says

To get some jokes in this book, you need to know a little about Relient K. But all in all, I believe it was a funny book that nailed females and their thinking.

Sara Parker says

Disregarding the fact that I just love Relient K, this book is a clever, sensitive, and humorous take on what girls are like in the eyes of guys. Also, what guys are like in the eyes of guys. It's a bit stereotypical in the beginning, but it's heartfelt, and for every "girl type" they name there are both positive and negatives. I myself am vanilla pudding, and that suits me just fine. This book also gives Relient K's take on the different types of relationships there are. It makes me laugh every time, and it's just a light read for a day when you need something extra to make you smile. Plus they're snarky, and that's what I love about them. Besides their fantastic music, that is.

Rachel says

Whenever guys attempt to understand girls, hilarity ensues. I really loved the different categories of girls: "The Airhead" (spazzy, random, fun to be around) "The Girlfriend" (clingy, entire life and personality revolves around the guy she's currently dating), "The Overachiever" (has a million things going at one time, can plan *anything* and is a part of every committee at school), "The Drama Queen" (needs attention constantly), and so on. I didn't find any categories I neatly fit into, but I'd say it's a nice combination of all of them! lol And I know girls who are exactly like that. XD

The two categories of men: The Ape and Mr. Wonderful were pretty funny as well, though I wish they'd delved into personality types a bit more. All in all, a great read with a Christian theme. I wish Relient K would do a follow-up!

Heather N says

An easy read, quite witty and enjoyable, and very illuminating, even though I AM a girl! Very informative for both guys and girls, though since I am girl, once I read some of it I was like "well of course, that makes sense..." a lot of the material they talk about (different girl types, different kinds of friendships, guy/girl relationships) seems like common-sense stuff, but they're often things we kinda take for granted, so it's enlightening to have it presented in such an accessible manner.

Emily says

What an awesome book! This is Relient K at their best- funny, witty, and Christian! This book perfectly balances serious topics with comic relief as a band of boys tries to figure out what is going on inside girls' minds. My only complaint with this book was how short it was, because I loved it so much! I definitely recommend this book to fans of Relient K, but anyone can enjoy it.

Sean says

This book was a little silly, but that's what you expect from a band like Relient K. I don't know if this book was created out of contract obligations or what, but this really wasn't a serious effort. The good news is, it never tries to make you believe that it is. It's not groundbreaking and it's not going to reveal anything profound to you, but it's fun for fans of the band. It gives you a little insight to their sense of humor if you

haven't already picked it up from their music.

Andrew says

There were several things I liked about this book. One, it was astoundingly moral. Another is that it was very funny, and made me laugh out loud at parts. For another thing, Relient K is my favorite band, so reading a book by them was cool. However, I must say it wasn't all that well written. For another thing, I'm a boy and it's for girls. Kind of a damper. The only other disappointment was the fact that it had no stories about their music career. It was mostly just individual experiences with girls the band members had. Since it's half and half as to what I liked and disliked about it, I rated it three stars.

Babs Olujare says

this was a very enlightening read on the different types of women there are in the world and i just absolutely loved it. it is fairly short and also a quick read.

Jaime says

Okay, but this book is actually funny. While it's pretty self-explanatory and typical of books that came out at the time, it's still pretty great.

basically, if you're not a fan of Relient K, you probably won't enjoy this as much. But if you are, you should read it. Because it's delightful (and pretty accurate, I would say).

Also, despite not being in band, I'm still a First Chair type.

Allison says

A humorous read, although there was little revealed I didn't know. It merely reinforced thoughts I'd had etc.
