IrenesBookReviews says

The Heaven Answer Book by Billy Graham is a compilation of questions on heaven and his explanation of what the Bible says is the answer.

The questions are all ones Christians have asked over Billy Graham's time in the ministry. He has answered them on different occasions and this book brings them all together in one place for us to read. From will we eat food while in heaven to will we know our friends and family, each question is thoughtfully answered. Using scripture to support his answers you will learn everything the Bible has to say about heaven and our time there.

The plan of salvation is given and easily understood. This book would be great tool to use in presenting the plan of salvation to an unsaved friend. Not only will they read the verses about how to be saved but will have a better understanding of heaven and what it will be like to live eternally with Christ.

I liked everything about this book. It was easy to read. The questions were simple and the answers were easy to understand. I was able to follow each answer given. Meaning the steps and scriptures he presented solidified his answers. This book is a must read for anyone with questions about heaven!

I would like to thank NetGalley and the publisher for the copy of this book I enjoyed reading. I gave an honest review based solely on my opinion of what I read.

I gave this book 5/5 stars.

Evan Minton says

This is a pretty good book. The chapters are short and concise, yet full of insight. In this book, Billy Graham answers numerous questions about the topic of Heaven and his answers are rooted firmly in The Bible.

Gail Welborn says

Beloved evangelist Billy Graham answers perplexing, tough questions regarding Heaven in his new release, the "Heaven Answer book." Questions such as where Heaven can be found, "...what it's like...what we will do there...and how we can know we will arrive there when we die..."

Graham points readers to the scriptures for answers, however he adds, "The Bible doesn't tell us everything we'd like to know..." the bible just tells us "...everything we need to know..."

In this beautifully packaged gift book this stirring evangelist reminds readers, "...the bible is our only authoritative source of information about Heaven..." Although our curiosity is stirred by our own

imaginings, he writes, "...human language falls short of describing such majesty....it requires a heavenly transformation to comprehend such glory..." for human eyes to see and really understand...Full Review: <http://tinyurl.com/7paj3mo>

Another great work from Billy Graham

Billy Graham us the simple and solid truths of scripture to give us a glimpse of Heaven through scriptures. This would be a great book to give to new Christians or to people you are trying to share the Good News of Jesus Christ with. The book is filled with salvation scriptures.

Heaven is for heroes

How to live now as we wait for God to take us Home is what I read in this book. There are many scriptures in this book revealing God and inspiring us to live now as we also wait on our his second coming.

Nancy Hayes says

A book that all should read.

I have this given book 5 stars because of the truth it contains. I have always looked to Billy Graham as a man who believes in the Word of God and who has always tried to live his life in obedience to God and has tried to reach as many as he could and have them give their life to Christ so that they may spend eternity with God. Such a wonderful promise! This book answers a lot of questions for unbelievers as well as believers. But his answers aren't just his personal beliefs but what the Bible says about each question. Anyone who reads this book will be blessed and I pray if they have not excepted Jesus Christ as their Lord and Saviour already, they will through the reading of this book.

Excellent book that thoroughly answers some of the toughest questions about Heaven and eternal life from one of the top theologians of our time. A very good and understandable read in simple Q&A format from America's pastor. Well worth the time to read.

Heaven sounds heavenly

No more tears, no more sadness, eternity with Jesus, this is Billy Graham at his best, simple message, God loves you!!!

Febe Allyn says

well... I am starting to think I wont be reading any deep theology by Billy Graham. He has a great love for God but he is also a true evangelist. This read was heavenly simple and more for the not-yet christian kinda type. I skipped some titles (every chapter is a question he then answers) because they were too basic.

Tammy L Fager says

This book answers a lot of questions

This was a very good book. Easy and quick to read but with good insight. I also recommend Randy Alcorn's book, "Heaven", if you want a longer book on this subject.

Mary Loucks-Cummings says

A gospel-centered book about heaven written in a Q & A format. Not much depth in the theology or explanation of each topic, but a good resource, especially for those beginning their journey following Jesus.

Jenny says

This small purple hardback, by a giant in Christianity, is a good overview of Heaven, and seems to back the Bible. It has fresh insights on old information, but I don't find anything new. It's a good reference, overall.

Not part of my book collection.
