The Traitor

Veronica Roth

The Traitor Veronica Roth

The Traitor takes place two years after *The Son* and runs parallel with the early events in *Divergent*. In this robust story, readers follow Tobias as he uncovers the details of an Erudite plan that could threaten the faction system, and makes plans of his own to keep Abnegation safe. At the same time, Tobias is getting to know a new transfer initiate: Tris Prior.

The Traitor Details

Sruthi T S says

I was wondering why the last installment of the divergent collection from Tobias's perspective is named 'The traitor'. Now I know the answer.

The plot starts with the Visiting day and covers the rest of the events from the Divergent like saving Tris from Peter, Drew and Al's attack, taking Tris to his fear landscape and the last one, kissing Tris under the chasm followed by visiting abnegation to warn his dad about a possible attack on his former faction planned by Jeanine and Max(Erudite and dauntless) to overthrow abnegation. His father doesn't believe him, of course.

Tobias feels like a faction traitor because he was betraying both his former and the current faction, but he has finally made the decision, that is to save the innocent stiffs. He trusts Tris with all his secrets and loves her.

Ida says

Because this book runs parallel with the early events in "Divergent", minor spoilers may occur.

"How is it possible to live the same story twice, from different vantage points?"

This last Four story left me so conflicted, and I have no idea how to write this review.

In this story, we follow Tobias as he struggles with the revelations from the previous stories, as well as some new information, while he's getting to know Tris Prior.

Strong, brave, iron-backboned Tris, who (at least in Divergent) is one of my all-time-favorite heroines.

"Fear doesn't shut you down," I say. "It wakes you up. I've seen it. It's fascinating." Her eyes in every fear simulation, ice and steel and blue flame. The short, slight girl with the wire-taut arms. A walking contradiction.

To see their relationship evolve throughout this short story from Fours point of view was so much fun.

"Maybe she and I are the same."

"but openness is a habit you form over time, and not a switch you flip whenever you want to"

"See if you can figure out why they call me Four."

The door closes behind us, and the room is black. She moves closer to me and says, "What's your real name?"

"See if you can figure that out, too."

"All I have to do is follow her, that's all I have to do."

And that kiss!

At the start of this story, it seemed like Four was influenced by the opinions of others, and for a moment I wanted to slap him because it was so unlike the character we've seen before. But even if **we** know the right thing to do, his internal struggles are understandable, based on what he's gone through. Warn Abnegation and betray your new faction. Don't warn them, and betray his former faction.

"It wasn't getting the tattoos that made me a faction traitor. It was what they meant to me—an escape from the narrow thinking of any one faction, the thinking that slices away at all the different parts of me, paring me down to just one version of myself."

"maybe I failed them when I chose Dauntless, and maybe I'm failing Dauntless now, but I don't have to fail myself. And I, no matter what faction I'm in, know the right thing to do."

This story is definitely a fitting conclusion to Fours short-stories.

Karen says

This was my favorite of the Four stories.

Denisse says

Why is it such a big deal?, I mean, we knew he was a "traitor" in the **FIRST BOOK**, why making this watching-things from computer such a BIG DEAL, he never really liked his faction anyway, and that my

friends is a FACT! **This one was actually boring.** Again, I'll take Zeke and Shauna, the rest can burn.

None of this shorts tell you something worth it. **FANS, YOU WILL LOVE THEM, SO GO AHEAD, DO NOT LET ANYONE TELL YOU NOT TO READ THIS.** For the rest of the people, yes, it sucks!

U?itaj se! says

Radnja ove kratke pri?e odvija se negdje u sredini Razli?ite, 1. romana Divergent serijala. Neki od doga?aja iz tog romana ovdje su prepri?ani iz Fourovog kuta gledanja, s kojim smo dobili mogućnost vidjeti ih u druga?ijem svjetlu, a neki doga?aji su nadodani i popunjavaju praznine u radnji Razli?ite, pokazuju?i nam Fourova kretanja kad on nije bio u fokusu radnje tog romana. U ovoj pri?i Four nam pokazuje zašto je takore?i postao izdajnik svoje frakcije, kad je odlu?io frakciju Nijekanja upozoriti na napad koji ?e na njih uslijediti. Zanimljivo je vidjeti ve? poznate doga?aje kroz Fourove o?i, kao i na?in na koji on doživljava Tris. Odli?na pri?a.

Glittery Mango (Ealee) says

FINALLY. WE GET TO UNDERSTAND ALL THE UNSPECIFIC VAGUE THINGS FOUR SAYS IN DIVERGENT. We get to know how he just knows this and that and how he acquires so much info that nobody knows about. Yayayayayay!!!! And we get to see some experiences with Tris from his pov. Looking at these novellas, the Four in Allegiant seems a fake and he's changed. If you read these novellas and then compare them to Allegiant, it's like seeing two different characters.

Claire says

SWAGGY!

Amanda says

What the hell is up with this series and its obsession with Four and his four stupid fears?! It's like we can't go a single book or novella without taking a trip through it. It wasn't all that clever or entertaining the first time I read it what makes you think I'll like constant rehashing and copy pasting it into other works?

There is, once again, nothing new to see here folks. I had assumed that these were supposed to give deeper insight into this character, but they don't. Probably because there is no depth to him hence why the author has to keep beating in that he has four fears and his dad's an ass.

The little tidbits we do learn just make him a bigger ass. Basically, he knew about major plot points during the original books but couldn't be assed to do anything about them. Just know that anything that was a dramatic reveal in the Divergent trilogy he already knew about. He knew that there was going to be an attack on the Abnegation but couldn't figure out what to do so just shrugged it off and eye humped Tris instead.

Yeah, I can totally see why girls love this loser.

Francisca Viegas says

[Tris' death (hide spoiler)]

Kerri (Book Hoarder) says

--;

The series is supposed to be FINISHED. OVER. COMPLETE. DONE. TERMINATED.

Move the fuck on and try not to burn your next series down around you.

Roshni Ajmal says

Loved it ...i am so glad i read it
NEW QUOTES:

OH GOD !!! whats wrong with me . I hated Allegiant and swore not to read anything by Veronica Roth ...
But my unhealthy obsession with divergent is making me wanna read it so bad .

Ishi says

Rating: 5 stars.

In this last short story from Four's POV, things run parallel to the first book in the Divergent series, as we see what's happening on Four's side and going through his mind as various events take place.
Being the conclusion to the collection of short stories, I surely think it's a fitting conclusion.

I'm not quoting anything from this story, as I'd want to quote the whole book!

Recommended to ALL Divergent fans! :D

Irene says

More Four! Eeeeeeeeeeeekkkkkkkkkkkkkkkkkkk! Sigh, why is he so hot????

Carmen de la Rosa says

Debido a que este libro corre paralelo con los eventos tempranos en "Divergente", pueden ocurrir spoilers menores. Algunos de los eventos que suceden en Divergente han sido relatados aquí desde el punto de vista de Cuatro, con la oportunidad de verlos bajo una luz diferente, y algunos eventos han sido agregados mostrándonos los movimientos de Cuatro cuando no estaba en el centro del foco en la historia.

La trama comienza con el día de Visitas y cubre el resto de los eventos de la Divergente como salvar a Tris de Peter, el ataque de Drew y Al, llevar a Tris a su paisaje de miedo, como confía en Tris con todos sus secretos y la ama, y al último, besar a Tris bajo el abismo, seguido de abnegación para advertir su padre sobre un posible ataque a su antigua facción, planificado por Jeanine y Max (erudición y osadía) para derrocar a la abnegación. Su padre no le cree, por supuesto.

Tobias se siente como un traidor a la facción porque esta traicionando tanto a su facción anterior como a la actual, pero finalmente ha tomado la decisión, que es salvar a los inocentes.

Praiz Sophyronja says

Ohh, definitely my favorite Four one.

Aqsa says

3.75

It was somewhat rushed to make everything fit into the limited number of pages, but I guess I was hoping for a little more than just that.

Aishu Rehman says

This was my favorite among all the novellas probably because Tris is here. It was before all of her stupidity.

Mariah says

This was a great story! I loved reading about Tris and Four meeting and getting to know each other from his perspective :) Very cool!

Marga says

3.5

This was my favorite among all the novellas probably because Tris is here. It was before all of her stupidity.
