It lives up to what it says it is: a short yet full summary of the gospel.

I found it light concerning election and such, and wish he talked more about adoption than he did, but overall it was great. The poem is something I will remember for a long time to come. That and what he says about "the glass half full".

Very encouraging reminder of the true depth of the Gospel. Definitely a book to read again and again...

Mmmm... Glospelicious

This book brings rich clarity to exactly why the Gospel is such good news, outlining God's incalculable goodness first in 31 different aspects, then in a prose summary, thirdly in a poetic summary and finally briefly in the authors own life.

At only around 75 pages long, this book is very easy read with a terrifically high truth to page count ratio.

Short, Simple and wonderfully saviour-centric. Highly recommended.

I wanted an audiobook to listen to, so I chose a book on my "to-read" shelf and bought it on audible. I should have thought about my decision a little more carefully. This is a great book! I think all Christians, especially young Christians, should read this. But you'll want a physical copy, one where you can write notes and look up the references at will.

I've read through this short book several times, but always walk away deeply humbled and edified by the gospel of Christ.

Places the emphasis on the Gospel and off of ourselves. Replete with scripture. Encouraging. Life-changing. Highly recommend!

This is such a hard book to rate. I absolutely loved Parts 2 - 4, especially the Gospel written poetically, but the first section was dry & boring to me. The 4 stars are totally for the poem that is so good, it makes the whole book worth reading.

I also read this book in Sept 2008 (review below). After my second time all the way through, I'm bumping my rating to 5 stars. This really is a wonderful little book.

2008 review:

This short (97 pages), but helpful book, is divided into four parts. Part 1 is a series of thirty-one meditations on "Reasons to Rehearse the Gospel Daily." These Scripture-laden reflections will nourish your soul and thrill your heart with the wonders of God's grace. Part 2 is "A Gospel Narrative: Prose Version." This is a short summary of the message of the gospel, broken down into four parts (The Glory of God; My Sin Against God; God's Work on My Behalf; My Salvation) and forty-one "verses." Part 3, "A Gospel Narrative: Poetic Version," is the summary of the gospel in the form of poetry. Part 4, "Surprised by the Gospel" explains the story behind the book - how a performance-driven pastor discovered the freedom and joy of justification by faith alone.

Here's an excerpt from Part 1 of the book. This is one of the thirty-one reasons to rehearse the gospel daily. "The gospel encourages me to rest in my righteous standing with God, a standing which Christ Himself has accomplished and always maintains for me. I never have to do a moment's labor to gain or maintain my justified status before God! Freed from the burden of such a task, I now can put my energies into enjoying God, pursuing holiness, and ministering God's amazing grace to others. The gospel also reminds me that my righteous standing with God always holds firm regardless of my performance, because my standing is based solely on the work of Jesus and not mine. On my worst days of sin and failure, the gospel encourages me with God's unrelenting grace toward me. On my best days of victory and usefulness, the gospel keeps me relating to God solely on the basis of Jesus' righteousness and not mine."

Each of these meditations are written in the first person like this. Just reading them really is an exercise in preaching the gospel to oneself. I came across this book through Andy Naselli's review in Themelios. It was so positive that I ordered it immediately. I'm glad I did. Take it and read.

A short little book that opened my eyes to see the Gospel in every part of my faith. The Gospel isn't just for the unsaved, but for the saved as well. Read it straight through or use it as a daily devotion.

What an incredible little book! A pastor friend of mine suggested every Christian should have one copy of this and a good study Bible. I concur. Never have I ready such moving and powerful reflections on the power of the Gospel of Christ. C. J. Mahaney says in the Cross Centered Life, "Never be content with your current grasp of the gospel. The gospel is life-permeating, world-altering, universe-changing truth. It has more facets than a diamond. Its depths man will never exhaust." This small book is a wonderful step in the right direction to plumbing the depths of the Gospel of Christ and applying it to ones life.

No summary here, just gushing words of recommendation. I hope to read this numerous times throughout my life and memorize large portions of it. Read it, and you'll see why.

I highly recommend this short primer. It is an excellent reminder of what it means to be a Christian. In academics, you move on from the simple to the complex. The result, in my experience, being that basics are sometimes forgotten. With God, we should constantly remind ourselves of the basics, because, though there is great and important truth to be found in the details and complexities of the Bible and Christian teaching, getting lost in them means losing sight of the foundation: our sin and God's infinite love. If we lose sight of that we risk our humility, our identity and our very friendship with God, which is the point.

### **MY REVIEW:**

Refreshing. Uplifting. Simple. Deep.

Just as it's title suggests, this simple book is meant to teach adults and teens of any age the simple, yet profound truth of the gospel on a daily basis. It is broken into four sections, one of which is Vincent's testimony of what brought him to write this book. The other three are the gospel in various forms that you can read through quite easily in one sitting. While this book is certainly beneficial as a one-time read, it

would be even better as a daily or weekly aid in helping you to refocus your thinking on the many glorious truths of the gospel and what they mean to you today - not just "yesterday" as a new believer.

I personally really enjoyed this book and it's simplicity. I could read it quickly yet soak in the rich depth. If you are looking for a book that will help you understand the glorious and daily implications of the gospel in your life then I would highly recommend this book for you to read. It's a simple beginning to an endless topic.

One of our Adventures In Character (AIC) staff members recommended this book to me after we discussed our mutual vision for make the Gospel our emphasis in next year's program. It is a short, but rich and power-packed 97 pages. It is best summed up in the author's own words in his introduction: "God did not give us His gospel just so we could embrace it and be converted. Actually, He offers it to us every day as a gift that keeps on giving to us everything we need for life and godliness." This is something I am coming to realize and appreciate more fully every day!
