I always enjoyed the NASCAR books I had read in the past. This one was no different. Although one of the stories was a little cheesy, I was not disappointed with the attraction to these hunky race stars. Where do I find one of my own?

Pam says

I like the stories. They were short and adorable nice holiday scenes. I think it is fantastic Liz Allison is writing about Nascar. Davey Allison was my favorite race car driver.

Anything with Brenda Jackson always is great read.

Four short holiday stories. All well written. Perfect for the season.

Shawnette says

I was ONLY interested in Mrs. Jackson's story...which made for a quick, sweet read...surprisingly lacking with the SIZZLIN' passion I've come to expect from reading one of her novels...it's JUST an okay read.

Toni says

Four romance stories in different locations, but centered around NASCAR drivers, crew chiefs and a team engineer.

I enjoyed all of the stories and the interaction with NASCAR.

All of the main characters are believable, lovable, memorable. With christmas mixed in, how can you go wrong. I've read the 1st 2 authors before but the last 2... this is a first. They were all enjoyable. The story line flowed well in each. NASCAR ran thru them all, and made it that much more interesting. 5 stars!

I only read the Brenda Jackson novella in this anthology and I have to tell you that if you are a true fan you will be disappointed. I am not familiar with the whole Nascar series from Harlequin and picked this one up only for Brenda's contribution. I found the story of rekindled romance between teenage sweethearts to be so-so.

Have a Beachy Little Christmas by Liz Allison & Wendy Etherington

I thought this was a cute little novella. It is a story about two people, Tiffany Mc Millan and Jesse Harwood, together that had crushes on each other in high school. It is now 10 years later and Jesse has been working for Tiffany's father for a number of years. Jesse always gives Tiffany a hard time in order to cover up his "teenage crush" feelings still. Tiffany does her best to ignore him and not drool over him when she remembers what a "bad boy" he was in high school and why he ignored her throughout their high school years. Was it all just a crush, or could there really be something to it... They are in a tropical paradise and decide to see if fantasy lives up to reality...

Winning the Race by Brenda Jackson

You know what they say about "good intentions" ... this story is sort of based on that. Myles Joseph and Lisa St Clair dated exclusively through high school and then when Lisa is expecting an engagement ring, she gets a good-bye instead. Lisa is baffled and hurt by this turn of events and hasn't seen Myles since that fateful event. Fast forward five years and Myles is back in town for his best friend's Christmas wedding as best man. Lisa is the maid of honor at the same wedding, since the bride is Lisa's best friend. Lisa sees Myles across the church where they are all gathered for the rehearsal. Old feelings surface for both of them. Lisa wonders how she'll make it through the wedding without letting Myles know how much he still affects her. Each wonders if the other still has feelings for them. Will the two of them be able to reconcile? It is the season for miracles....

All They Want for Christmas by Marisa Carroll

A single mother and her teenage son run the family camp grounds in Michigan. An ice storm the night before Thanksgiving forces a widowed father and his pre-teen daughter, riding in an RV, to get off the treacherous roads. A chance stop at a small grocery store brings these four people together.

Trace Collier and his, certified genius, daughter, Annie, are heading to Ann Arbor, Michigan when an ice storm threatens their safety. They decide to pull in at a grocery store, on the evening before Thanksgiving, to see if anyone there can tell them if there is anywhere they can stay in the area that will take an RV. By chance, Carrie Ferrell and her son, Josh, stopped into the same grocery store to pick-up her pie order. The owner of the store was telling Trace and Annie about Carrie's camp grounds area just down the road. And so the story begins...
