### **Kelsey Moody says**

Loved this book! Very sweet, funny, irresistible read. Once you start you can't stop until it's the end.

---

### **Shwetika says**

The books about a princess Alexandra, The oldest of the 4 daughters of king of is trying to find her long lost brother James and in the process she meet a rancher Mitch and felt attracted to him the whole thing become a mess when they both realize that they both are in love and now they have to mesh their mismatched world into one

---

### **Monica Gearhart says**

I have enjoyed all Susan Mallery's books but this one had 2 story lines and only one was kinda finished. Princess Alex goes looking for a brother whom she never knew, that went missing...but he wasn't found. I'm a little lost on that story line. Is there another book and we find out if he's found?

---

### **Laura says**

Great Susan Mallery book! Loved Mitch and Alex together. Great plot/story... However, what happened with her brother? His brother? Her sisters? Is there more to the story?

---

### **Paige says**

Okay, so the title should be changed, because there is no baby until the last chapter! A very basic story that really doesn't give you the ending it should.

---

### **Collette Sarro says**

**Great story, a real page turner, love always wins! Another fantastic work of fiction by Suan Mallery**

A real page turner. Love always wins. Another fantastic work of fiction by Susan Mallery. Its like you are actually living on the ranch and visiting the sites in Arizona.

---

## **Dee says**

Two-haiku review:

Princess seeks brother  
Rancher has adopted bro  
Could he be the prince?

Very unfinished  
Brother never returns home  
Love, but no answers

---

## **Zaa says**

Ini novel zaman2 aku SMA. Waktu itu lagi boomingnya harlequin. Melihat summarynya jadi tertarik. Seorang princess pergi ke amrik u/ mencari saudara lelakinya yg hilang (diculik saat kecil), Dan disana dia bertemu dgn seorang rancher n mrk pun jatuh cinta meski si pria tidak mengetahui identitas kekasihnya yg sebenarnya seorang royalti.

---

## **Lesley says**

Susan's writing is as fabulous as always, but this is the first in a series so there's no resolution to the whole reason Alex comes to America.

---

## **Katja says**

How is it that Alex has spent 30 years being treated like she could rule the kingdom someday, complete with training and experience in diplomacy and dinner conversation, business experience, etc., but suddenly she is reduced to a blubbering idiot just because she's around a good-looking man? This story has some cute moments, but not enough to make up for the fact that the underlying assumption is that bumbling lack of experience is hawt.

---

## **Yenni says**

The first book from "royally wed series (Wyndham & Torthonburg)" by multi author.

Princess Alexandra of Wyndham came to Arizona for searching her lost brother. But, instead find her brother, James,

She fell in love with a cowboy, Mitch.

Well, like another Harlequin series, this story is also has a happy ending.. >\_<

---

### **Tia says**

When the heroine meets our hero out on a ranch, she is shocked by how pulled she feels to him when she was only looking for her biological kidnapped brother, who happens to be the hero's adoptive step brother. After spending some serious time together, the hero and heroine realize they are in love and nothing will stop them from becoming husband and wife.

---

### **Jenny says**

A sweet romance between a rancher and a Princess. Good read but nothing special!

---

### **Ayu Wirdha says**

Putri Alexandra meminta bantuan Mitch seorang pemilik peternakan untuk mencari kakaknya yang hilang. Interaksi keduanya malah membuat mereka falling in love walaupun awalnya Mitch minder krn status Alexandra yg merupakan putri kerajaan.

Ini mengingatkan gw bagaimana gw dulu suka hq yang sweet dan layak dikoleksi

---

### **Pamela Devereux says**

#### **Fun read**

Princess Alexandria is the oldest of 4 sisters and was responsible for the day to day care of the monarchy. Then information comes in that shakes up everything. The sisters leave for the U.S. on a quest. Only Alex ends up on a ranch with hunky Matt. Matt takes one look at her and his world shifted. All she wants is to be treated like a normal person and Matt keeps throwing princess in her face. The give and take is fun to read. The end cracks me up.
