**Bill Walsh: Finding the Winning Edge** Bill Walsh , Brian Billick , James A. Peterson

When those who chronicle the history of the game list the individuals who had the greatest impact on the National Football League, Bill Walsh will clearly be among the names of Halas, Lombardi, Brown, Landry, Noll and Shula. But when you consider who has impacted the game most in terms of those who sought to copy, emulate, reproduce or extend a definable system, style or structure, Bill Walsh stands alone. In Finding the Winning Edge, the coach of three Super Bowl Championships illustrates and outlines the basic organizational, coaching and system philosophies that he has used throughout his career.

## **From Reader Review Bill Walsh: Finding the Winning Edge for online ebook**

### **Roger says**

Boring. It's literally an instruction manual on how to be a head coach of a football team. I tried to read it because it's supposedly rare and influential.

---

### **Ruairi O'Neill says**

I suggest reading this book, only if you plan on becoming a head coach of a football organization. It went into great specific details, however, not being in the industry, or being a coach, it made me not want to read any further. I find Bill Walsh an incredibly intelligent man and football coach after reading this. I would have most likely enjoyed it more, if I had lived in his era, and experienced the way his team played. I'm a miserable Jet fan and as a result, have no NY Jet coaches writing material like this because they all stink. No one would buy it either.

---

### **Zak Brandon says**

Found it at a thrift shop for 50cents, absolutely amazing knowledge.

---

### **Jeffrey Cave says**

The bible for coaching football.

---

### **Thatsgreateric says**

Totally worth the \$1,000.99 market price. Snigger.

---

### **Steven says**

The BIBLE of football coaching books If you are looking for an extremely detailed book on how to build a football organization, this is it. LOVED this book. The insiders perspective is amazing.

---

### **M says**

I'm no football coach, but if I were, I might have been more responsive to the incredible detail of how to be an administrator of a football team.

---

### **Timothy Pangburn says**

This is a must for anyone coaching or want to become a coach!

---

### **Brandon Sanders says**

Read it, then put it down. Come back next off season and read it again. Get highlighters. Mark it up. Use sticky notes. For every coach, there is meat in this 7 course meal.
