Catching Irish Katy Regnery

Finian Kelley and Tate Jennings met at a wedding...
...but that doesn't mean they had romance in mind.

Since meeting Finian Kelley at a wedding last fall, where they agreed to be physical with no strings attached, Tate Jennings can't get him out of her head. So when an invitation arrives at her Florida condo, inviting Tate to spend St. Patrick's Weekend back at Summerhaven where Finian works, she can't resist heading up to New Hampshire for the festivities.

Having just gotten out of an awesomely bad relationship, Finian Kelley has sworn off romance, which is why it's good that hottie Tate Jennings lives far away in the Florida Keys. They may have fooled around at Rory's wedding, but at least they have no future together, right?

Wrong. When an annual celebration brings Tate back to New Hampshire, will Finian be able to stay away from the woman who's already made an unwanted impression on his heart?

Return to Summerhaven one last time for this sweet, sultry, summer novella!

I received a free copy through the author in exchange for an honest and unbiased review/opinion.

4.5 stars — OK, this was an adorable little novella. It actually felt fairly complete, and only a teeny bit rushed. I was a little worried since their relationship started off extremely quickly with the fling aspect that I wouldn't completely buy into the development of their feelings...and I will admit, that part is a bit weak. But I guess I just bought into the whole Irish mystical thing that was going on, and so I just decided to buy into it, you know? Like I could see some people having a problem with it, but since I decided I was all in, it was just fine for me.

I was also really worried I wouldn't enjoy Tate, what with the way she clutched onto her refusal to fall in love/like thing. But for some reason I felt for her, and while I could be frustrated with her coldness, I at least understood the root cause of it, you know? So I was willing to go along on her ride. I LOVED that she was this badass captain of a charter boat too...and even though we only got a brief glimpse of her in that role, I admired her chosen career and how she dealt with it.

Finian was super easy to love, from his Irish accent, to his caring nature, to even his insecurities. He didn't have quite as rich of a back story, but I don't mind...sometimes I can only handle one big emotional thing in a book, you know? And he still had to contend with dealing with his developing feelings for a girl who wanted to keep him at arm's length.

And their chemistry was definitely palpable from a sexual standpoint! Like I said, I also decided to just buy in on the feelings, and so I really ended up enjoying their connection. But that's gonna depend on the reader.

And of course, being a bonus type novella for a series, we got a bunch of fantastic cameos from our triplets and their families!! I loved that, and I LOVED that while we didn't get a normal epilogue, we did get a catch up! It almost felt like a family Christmas letter!! ?

So yeah. If you loved the series, you'll enjoy this book. And if you haven't read the series, you can totally dive in with this book and not feel lost...it stands fairly well on its own, minus the "Dear Reader" letter at the end.

Bookgasms Book Blog says

Catching Irish felt like a decadent treat that will absolutely delight fans of the fantastic *Summerhaven* series. It's quick, a bit dirty, and packed full Ms. Regnery's sort of signature desperate romance that sweeps me away – every book, every time. I loved Fin and Tate's story!

This is a novella, so things heat up (er, literally) quickly and keep that pace for the entirety of the story. That is to say, there's a bit of insta-love going on here, but if anyone can pull that off? It's Ms. Regnery. She has a way with words, a gift for storytelling, and some sort of romantic sorcery that I am certain I will never get enough of. The physical chemistry between Fin & Tate takes front seat in this story, but there are plenty of emotional and swoony moments to allow me to invest in their whirlwind little love story – and invest I did. I loved how quickly they got under each other's skin, and I especially loved watching Tate shed that tough outer shell and allow this beautiful, soulful man into her heart. It's lovely. It's rewarding. It's everything I have come to expect from a Katy Regnery story.

Icing on the cake (and arguably my favorite thing about this story)? Ms. Regnery provides updates on all of the *Summerhaven* couples at the end of the novella. It's lighthearted and adorable and it made my heart so very happy. It perhaps comes as no surprise that this series was a string of five star reads – I adored every minute, every couple, and every flutter it set upon my heart. ~ Shelly, 5 Stars

Diane (Books and Tequila Blog) says

“...it turned out he wanted something considerably deeper than Tate was willing to offer. With the right girl, he wanted the possibility of love. He wanted the possibility of commitment. He even wanted the possibility of forever.

Love. Commitment. Forever.”

In *Catching Irish*, we get Fin and Tate's beautiful story, but we also get to catch up with the Haven family.

As a treat the author also adds a little note at the end giving a little more of all of our favorite Summerhaven characters.

I love this series and just hate to see it end!

-5 Stars!-

Paula D says

I'm sad to have this series end but loved every book! Tate and Fin meet at a wedding and are together for the weekend. But Tate has her walls up from her past and Fin ends up getting hurt. Will Tate see she can trust Fin and actually love him? I loved the angst and loved how Fin was such a sweetheart. Definitely will miss this family series! 5/5 stars

Erin Lewis says

5 Star Review Catching Irish (The Summerhaven Trio #4) by Katy Regnery

This is the fourth and final book in this series and it was just as good as all the others.

When Finian Kelley and Tate Jennings met at a wedding sparks flew and they agreed to no strings attached fun. However, not all goes to plan and Tate finds herself thinking of Finian and wanting more.

When an opportunity arises which will lead her back to Summerhaven and Finian Tate she jumps at the chance.

When Tate returns, will Finian be able to stay away or will their explosive chemistry burn bright?

Catching Irish was a beautifully written, romantic story and all in all this made for a great read that I highly recommend and it truly deserves the 8 stars I am giving it.

This was a short but wonderful read which ticked all the boxes. I loved that at the end of the book Ms. Regnery included an update on all of the previous couples, tying it all up neatly.

Although sad to know that this is the last book in this particular series, I cannot wait to see what Katy Regnery has for us next.

FTC DISCLAIMER: I RECEIVED AN E-ARC FROM THE AUTHOR. I VOLUNTARILY OFFER MY HONEST REVIEW OF THE BOOK, THOUGH IT IS NOT EXPECTED OF ME! RECEIPT OF THIS BOOK IN THIS MANNER DOES NOT AFFECT MY OPINION OF THE BOOK OR THE

CONTENT OF MY REVIEW!

While I have greatly enjoyed the rest of this series, I was slightly disappointed by this installment, which rounded out series to completion. It was significantly shorter than the other stories in the series and felt a little more on the fractured side than previous stories. Finian and Tate were easy to connect with, and I especially appreciated their connection to family. I did enjoy the more whirlwind nature of their romance, and how they both really weren't expecting to fall in love. The best part of this story was the Author's Letter at the end of the book, it wrapped everything up absolutely perfectly for me! I can't wait to see what the author has in store for readers next!

Anna's Herding Cats says

3-3.5 stars, 3 heat (though a lot is fad to black)

Catching Irish was a fun one. Quick. Steamy and sweet. I enjoyed Finian and Tate who are horny sons of bitches. Having a good shag against a tree mere moments after catching each other's eyes at a wedding party. Mmhm. #WastingNoTime #TreeBurn

The Gist: A wedding. Two very horny individuals dying to scratch an itch. One steamy weekend then going their separate ways. And realizing weeks later that last part...sucks.

Finian is yummy. An Irishman visiting his cousins in the US for the winter. He's a nice guy but really just wants a good shag or 20. It's been a long time just him and his hand. lol

And Tate. She's got some struggles. She is NOT a fan of love. Those 3 little words said at her and she is bailing. So a hot shag at a wedding is just what she wants. She's got some demons from childhood she's ignoring and that was frustrating and sad at the same time.

They were good together. He seemed to calm her freak outs by just being himself. They definitely hit it off in the bedroom or forest or choir room. Mmhm. I had a good time seeing them fluster each other and try to figure it all out. Had some laughs, some aws and some moments of needing to shake some people. lol

My only issue really was the ending. I didn't love how the author handled it so that's why a 3. It felt like a cop out instead of making the book longer and telling their full story. It's still worth a read especially if you've been reading all the cousins stories. And it was a fun read. Just not the favoritest of endings for me.

Maree Repa says

Five Amazing Stars

Irish Love

I was absolutely thrilled to read book four, the final book in The Summerhaven Trio series. Written by Katy Regnery. Such another wonderful, exciting and most romantic book so far.

Tate Jennings was definitely not searching for love. Even when looking or even hoping, nothing would ever come true for her. She was also tricked or lied to by other men. Several times growing up she would have other guys but at most they would either embarrass her or it would simply end up as a big mistake in her life. Even still with all these years Tate was still willing to find her undying love of her life.

But now Tate is coming to the wedding of Britney Manion after visiting her friends at Summerhaven Camp. She now decided this was going to be her first chance to find the next perfect guy for her.

Finian Kelly who was still staying at Summerhaven himself getting working experience that he could use back at his home in Ireland. He had already been in the USA for already six weeks, but now he desperately missed his home.

I completely enjoyed this most wonderful and most exciting romantic tale. I thoroughly loved all these most fabulous characters too. I certainly enjoyed it so dearly. Congratulations Katy Regnery!!

* I recommend this book to everyone!!

UltraMeital says

4.5 Stars

This short novella is a bitter-sweet farewell to a wonderful endearing series I SO enjoyed. It was short yet I felt we got a whole story even if a bit condensed. Both Tate and Finian deserved to find their HEA and though they might seem an unlikely couple - because neither WANT a relationship and also because of distance (she from Florida, he from Ireland) and yet when karma throws both of their chairs to the floor as they stood up in Rory and Brittany's wedding it seems like their struggle against a relationship is quite frankly futile..

Finian Kelley is the Haven triplets' cousin. He has come for the summer to help out in the Summerhaven Resort, especially nearing Rory's wedding to Britt. After a bad relationship and a bad breakup he is mostly looking for a good time and Tate Jennings, coming to one of her closest friends - Britt's - wedding, is exactly the kind of fun he had in mind. Yet he is surprised at how much Tate's idea of a good time is boxed into a strict "no strings attached". She is HOT to fool around with but she is COLD as ice when the deed is done. Maybe that's what draws him even closer to her, trying to figure out who she is and finding staying away from her is simply out of the question even or maybe a bit BECAUSE she keeps pushing him away.

At first I had a hard time with Tate. She was TOO cold, or rather she wasn't JUST cold, she was also mean to Fin. I felt sorry for him.. He was trying his best, trying to get her and be what she wanted and she was frozen. Yet somehow even she is surprised with how he keeps doing and being exactly the kind of man she needs and as her story is revealed I could totally GET her reasons. She needed time to digest what's going on between them, especially since time is running short till she is leaving home, and even when a second chance brings them together again, it still doesn't change their life situation..

I could say more but I simply won't. This novel is short and I really want you to enjoy the ride, including the snippets of our couples from the previous novels. I also LOVED that once all was said and done, Katy offered us a real treat in a small sweet letter (Don't miss it at the very end!).

Fin and Tate's story was so different that the previous ones. I loved how even though it was short it DID deal with real issues and though we are somewhat left with a HFN, I could clearly see how both could and would work to have each other in their lives. If you haven't read this series and you enjoy sweet romances this would be a great time to start from the beginning. I'm not even sure which one was my favorite (maybe the second of Tierney?), each was heartwarming yet also realistic with real life difficulties. Farewell Summerhaven...

I kindly received this ARC in exchange for my honest opinion.

Isha Coleman says

Catching Irish reminded me of my favorite song. I got lost in the moment. Tate and Fin are like a catchy melody stuck on repeat in my head. The words are embedded and your heart is lost before you realize what's happening. When a heart finds its match it never lets go. No matter what the odds, Regnery reminds us that true love is worth fighting for. Love is a gift and this series is a treasure inspired by that gift. Loved it.

Naughty Mom Story Time says

Catching Irish was the perfect way to round out the Summerhaven series. I fell in love with the Haven triplets and their cousin Finian was just as lovable.

He and Tate shared a quick, very passionate and deep connection but neither are in the right place for something more. Though they know bone deep there is something there, commitment is something that has always been off the table...but the weekend of Rory and Brittany's wedding sets off a spark that causes a slow but deep burning ache within them both. Fin is so intuitive to the inner workings of Tate that he knows giving voice to that ache would only scare her off, so he does the opposite. This in turn forces Tate to re-evaluate herself and her feelings for the "fling" that should mean a thing to her.

For a quick story, Fin and Tate's take was beautiful. Filled with fear of heartbreak but a sense of hope it had everything a love story should have. And their flaws gave life to a realistic quality that made it all that much greater to experience.

I have loved Katy Refinery's writing from the first book I read of hers and I have been a fan of hers and her characters ever since. Her writing style always leaves me feeling light and refreshed with a sense of renewed hope that HEAs like hers could be real. She will always be my go-to author for when I want that feel good love story.

AC Book Blog (Anne Christine) says

I can seriously read the Summerhaven forever. This is the final book (novella) of the series and I don't want this to end at all!!!

Finian and Tate met at a wedding. It was lust at first sight – they agreed on physical with no strings attached but of course when it comes to matter of the heart, things never quite happen according to plan. Finian just got out of terrible relationship and he is in no hurry throwing his heart on the line again. Tate lives in Florida Keys which is a perfect arrangement. No dates, no phone calls, no expectations. Since the wedding, Tate could not stop thinking about Finian so when she got an invitation to spend St. Patrick's wedding back at Summerhaven she jumped at the chance. The two picked up right where they left off – heated but they both know it was temporary. Will Tate and Finian finally take a chance at love again? I really love Katy's story – beautiful, charming, light-hearted, sweet, romantic filled with funny banters and passionate chemistry. Summerhaven is one of my favorite series by Katy and I feel bittersweet it has come to an end. Perfect summer read and I can't wait for what to come next ...

Guilty Pleasures Book Reviews says

I loved this series and sorry to see it end. Finian and Tate get a happy for now ending but the author gives us a final chapter that rounds out the series perfectly.

Finian and Tate weren't looking for love or a relationship but sparks flew between them at the wedding between his cousin and her best friend.

I thought both main characters were stubborn and sweet. Fin realized before Tate how much he fell for her. Despite these two traveling across the country and oceans it took prodding from her uncle to help her move on.
