## From Reader Review Gantz/34 for online ebook

### **Nermene says**

the transfer works only when Kei meets Tae!!

.. "we may be fighting monsters but our squad has a few monsters of it's own."

Rekik die without deitals!!

Cherry what happen to him!!

the manga papers were to dark it make eyes hurt + the drawing wasn't clear to know who hit who and how!

### **Paulina says**

Pues no me termina de convencer cómo va ): en este tomo siguen peleando con los aliens y sólo se presenta la pérdida de Reika (por querer ir y salvar a Kurono 2, que al final sí lo logra). Tae y Kurono se reencuentran por doceava vez poco antes de separarse (wow, qué sorpresa). Quedan 3 tomos y ya me quedan pocas ganas de acabar con esto.

### **Variaciones Enrojo says**

Edición argentina, tomo 34 de 37.

---

### **Baal Of says**

Why the fuck would the aliens set up the final test to determine the fate of mankind inside their own city, so that their own people would suffer all the collateral damage. It makes no sense. Hiroya Oku has clearly been inspired by some Dali paintings for his monster design. I'm kind of ambivalent about this volume. Fuck the author for making Reika die just as a way to give Kei2 something to be emotional about.

### **Dony Grayman says**

Edición argentina con loguito brillante. Tomo 34 de 37, que traduce los capítulos 0352 a 0359.

---

### **Itzel says**

Lo único bueno de este tomo fue que ¡se murió Reika! ¡¡Yaaaaay!!

---

### **Nidah (SleepDreamWrite) says**

Another good volume.

---

### **Michael says**

Long going series, which lost all of it sense a long time ago

---

### **Valdir Duarte souza says**

So sad that Reika died without listen to as desired three words... life has its twists...

---

### **????? ??? ?????? says**

this was a much better volume

the writer had to kill of reika and the guy with the special powers that i forgot his name for me to be pleased it was so emotional seeing kurono crying for reika's passing especially that she died defending him

i dont know why i have a feeling that there might be scoring time after this invasion and everyone will get revived

but this would be too good an ending right?

the guys controlling the gantz balls are dead bombed away by the aliens which was the same plan they have for the aliens

nishi joins the war after hacking the gantz ball

---

### **The Stumps says**

Another good volume.

---

### **Gustavo says**

Este tomo es básicamente lo mismo que el tomo anterior, a esta altura algunos de estos capítulos ya parecen relleno... Incluido la muerte de algunos personajes principales se siente vacía de emociones, por más que Hiroya Oku intente darles el mayor dramatismo posible. Comienza la batalla final-final, al parecer.

### **Peter Barr says**

Gantz/34 is about a group of black clad Japanese recently dead who are pitted against aliens. In the last several issues, they are in an alien environment. The aliens they are against keep getting tougher and the rules of engagement change as well. In this one, the aliens are some times hard to comprehend and the dialogue sometimes become spaghetti westernlike. The series as a whole has been excellent.
