Handcuffs and Ball Gags Kim Dare

Police constable Andrew Rawlings is used to getting heckled while trying to maintain law and order at environmental protests. He's not so keen on the guy shouting the insults being his flat mate, Ben. A protest is no place for a well mannered school teacher, even if the guy is built like an ox. That's why Andrew expressly forbade Ben from attending it, and Andrew isn't used to his commands being disobeyed.

Ben has had enough of being bossed around by his best friend. He's a grown man. If he wants to protest against the new motorway, he will. And, if Andy Rawlings doesn't like it, well, he'll just have to step up to the plate and start playing the dominant role full time, not just whenever it suits him.

Nudity, spanking and ball gags—the punishment for civil disobedience has never been so much fun.

Ballgags! Don't you wish you had a ballgag for that person that never shuts up? In this one, it's pretty cute. It's between Andrew and his flatmate, Ben the teacher. Ben doth protest too much. Andrew is there to show him the errors of his ways. When Ben goes against Andrew's wishes to attend a protest, Ben earns a hard OTK. WOOHOO! It's nice to have two men who are close in size and age to be together. I like how both men are just your average Joe. The ball gag was a nice touch. Recommended for m/m lovers who enjoy a bit of kink and hot law officers playing "teacher".

Dealing with mouthy environmental protestors isn't out of the ordinary for Constable Andrew Rawlings. This time, however, the protestor mouthing off to him is his roommate, Ben...whom Andrew expressly forbade from attending the demonstration. When things get out of hand and Ben is arrested, Andrew isn't surprised that the seemingly well-mannered teacher manages to talk his way out of trouble. But he's downright shocked when Ben continues to challenge him after the fact. It turns out that Ben has no desire to follow Andrew's orders – unless Andrew delivers them as his Master. Andrew's not one to back down from a challenge, especially now that he's learned the roommate he's been lusting after is a sub. And he's got just the item to tame his new submissive...

The teacher becomes the student in the sassy HANDCUFFS AND BALL GAGS. Kim Dare packs a lot of heat in this fun story, adding in a dash of sweetness to deliver a wonderful erotic romance. Ben and Andrew are both likeable heroes who have an everyman quality about them, something I find quite appealing. From the start, it's clear that there's sexual tension between them and the leap from friends to lovers isn't a great one. It's easy to become entranced by Ben and Andrew's story because HANDCUFFS AND BALL GAGS has both the comfortable feel of an established connection and the spark of uncertainty that the new sensual dynamic between them presents.

HANDCUFFS AND BALL GAGS is the sixth story in Ms. Dare's RAWLINGS MEN series, but not having read the previous five stories, I can safely say that HANDCUFFS AND BALL GAGS can be read as a standalone. However, Ms. Dare has a seemingly effortless, entertaining style that is so charming I know it won't be long before I go back and read the entire RAWLINGS MEN series.

A ball gag is the perfect toy for a teacher who thinks the world is his classroom!

I've really enjoyed seeing the range of kinks highlighted during each of these little short stories. I didn't really expect the ball gag kink to trip a trigger, but it worked really well in the scene between Ben and Andrew and ended up being rather erotic. Since these guys were already friends, it seemed plausible they could jump more quickly into the D/s dynamic than pure strangers. Nice!

If you like BDSM kink, Kim Dare is your girl. I've really enjoyed every one of the Rawlings Men stories, and this one was no exception.

Ball gags are really **not** my kink so I was prepared to feel a bit of meh about this one, but I couldn't have been more wrong. It fit these characters and the story so well -- just as Ben and Andrew fit together so well. I loved Ben as the activist tree hugger. We need more tree huggers in our fic! Ben (a teacher) carrying properly spelled & grammatically correct banners created by his students and other subtle touches layer in personal detail that shows instead of tells us who Ben is. Excellent.

A special nod to Kim Dare's contrasting of a spanking for punishment versus a spanking that isn't intended to punish and how the sub feels/responds to each. Deftly played.

A great addition to the Rawlings series and not to be missed.

This one was cute because I loved the fact that Ben was physically bigger than Andrew yet Andrew was the top/Dom, while Ben was the bottom/sub. It started off very cute with Andrew patrolling a rally Ben is at. From there it gets pretty steamy when Andrew shows Ben what it's like to be dominated in the best of ways.

Adara says

I sometimes wonder if Kim thinks up the toy/title first and then thinks of a story to weave around it that makes sense, or if she decided on the story/characters first and then chooses the toy. I just thought that the ball gag was very appropriate for Ben. 3.5 stars.

Roommates Ben and Andy couldn't be more different. Andy is a cop who likes to be in charge, whilst Ben is a teacher who just wants to let go. Whilst they are best friends, the relationship can never be anything more, because self-professed Dom Andy doesn't think that his roomy wants the type of relationship he's offering. When Andy forbids Ben from attending a protest rally Ben decides he doesn't need a part time Dom telling him what to do; he takes the role on full time or he keeps his opinions to himself. Andy grabs the opportunity to see the man he has been lusting after since day one, submit to him in any way he wishes.

Kim Dare is one of the few short story authors I will willingly pay for. Her stuff is as romantic as it is kinky. This is the type of story that makes you feel a little naughty, whilst filling you with the warm and fuzzies. I didn't think that I would enjoy a story about spanking and ball gags but how wrong I was! Andy doesn't ease Ben into the lifestyle even though he is a new sub. The first thing he does is punish him with a spanking for attending the rally...and there was nothing hot about this punishment; it was all about drilling the message home. The ball gag came out because Ben just couldn't keep his mouth shut....He soon learnt that lesson. What became apparent was how well Andy knew his sub. He didn't know his limits, or what his triggers were, because they had never played together before. He did know how he would react to certain situations and pre-empted things so Ben didn't get himself punished (i.e. the ball gag). I never think that BDSM is completely satisfying unless there is a sense of trust between the participants, and you could see just how much these two really knew, and loved, each other.

It was very kinky, with the story focusing more on the kink than the sex. I enjoyed the build up to the actual climax of the story but I would have liked it to be just a little longer, just to see how these two fared! A lovely steamy read, but it does come with all the usual content warnings for a M/M BDSM story.

I am a big fan of Kim Dare's writing and subject matter. I have read many of her stories. I am always

impressed by how she is able to basically take the same underlying theme but present us with new and different characters we care about as well as plot twists that make each read seem new again.

Her stories are pretty short but you really don't feel cheated because she does such a good job of connecting you to the main characters in such a short time.

I plan on getting through all of the her books eventually but I am not going to review them all. I just wanted to note somewhere how much I like these books and since this is my most recent of hers, it seemed like a good place to do it!

Great fun - as usual.

Ben is so irreverent, and Andy so HOT !!

Serena Yates says

In many ways, and on the surface, this story seems like one of the lighter reads in the series. There isn't a heavy-handed Dom, but there is a struggling (with his own self-image and needs) sub. The dynamic where it's clear (to the reader) that the Dom is actually in love with the prospective sub is an interesting one. For me, it makes everything easier to understand and more enjoyable. I guess that is because I prefer the "softer" variation of D/s stories, the one where love is involved. As tough as some of the scenes are, it puts everything into a totally different light.

The essence of this particular D/s relationship is the fact that Ben, who is a teacher and has to be in control in his job, has a need to let go when he is at home. Andrew, his flatmate and a cop, understands this and when he "takes charge" it is mostly because he wants to give Ben what he needs. The fact that they're very hot together and the love I mentioned above goes both ways, just makes everything even better.

This is another great addition to the Rawlings Men series - long may it continue!
