So odd

I'm struggling to understand what the hell I just read and not in a good way. Clearly, this type of manga is not for me. While I'm a fan and purveyor of fart, poo, and sex jokes, this is a juvenile type of humor that just isn't funny, clever, or witty. It seems to try to be "shit wit" (if I may). None of the characters seem relatable, there is no real story happening, and the fan service is gratuitous at the least. I'm all for artwork of the human body, but this is out-of-proportions hentai disguised as mature manga. Give this a pass and try something with substance.

Nosebleed central. Funny, scary and swamped with fanservice.

**[Very NSFW manga. NOT recommended to read in public. But if you want to, go for it. I like your style.]**

I'm going to try to explain as best as possible what the hell I just read. Let's get the plot out of the way:

An all-girls boarding high school in Tokyo has just become coed. Boys are now allowed to attend. In its first year of being coed... only five boys are enrolled. It's a dream come true for them! But their dream is short-lived when a series of perverted "accidents" lands them in the school's prison.

I'll be straight with it - this was the funniest thing I have ever read. And I don't mean it had me blowing air out of my nostrils a lot, I mean it had me *rolling on my bed, laughing out loud*. The plot is interesting and actually pretty suspenseful. Will the boys ever get out of prison? Will they escape? How? Will they get caught? This is only one of the things that's going to keep me reading.

The art is perfect. That's opinionated of course, but I'm a fan of this particular artwork in manga. The realistic artwork reminds me a lot of *Terra Formars* and *Gantz*. It's even better when their faces are drawn to be exaggerated in intricate detail. It make me laugh every time, before I can even get to what they're saying.

I LOVE the characters. They're all very memorable and it's hard not to have a favorite. Of the male characters, Gackt is my favorite. He's the perfect creep! Long hair, glasses, and my most favorite trait of his is his use of old-English. Even though I think all of the females are great, my favorite is definitely Hana. What can I say? She's cute as all get out, and has a very unpredictable personality.

All right, time to get down to what this manga is pretty famous for. The sexuality.

In this manga, you'll see the boys get into a LOT of perverted and sexual situations. And I'm not talking about "whoops, he fell and accidentally grabbed her boobs!". That doesn't even happen, and the situations are much worse (or funnier, whichever way you put it). But is it "over-the-top fanservice"? I don't think so. This manga was meant to be overly sexual. That's part of the story, comedy, and most of all, its charm. It's supposed to make you think "what the *fuck* is going on?!" on top of a really attention grabbing plot. It's two amazing things in one! If the sexual scenes were toned down at a normal level, this manga would be rather boring and wouldn't have the same effect. Really, it's just one of those series that you shouldn't expect to be serious. After reading this, I highly doubt it was the author's intention.

Is this manga targeted towards just males? Maybe, but I know girls get a kick out of this too. Anyone who is a fan of absurd and sexual humor would get a kick out of this. I've been holding myself from making any updates because I don't want to spoil anything of the funny things that happen. Just when you think you've seen it all, another situation that these guys get themselves into just tops it. This is something you just go into head on with no expectations. That's the best way to enjoy this. I got a big fill of laughter from just this first 2-in-1 volume. I'm excited to start reading more and I'm hoping the comedy still holds up well in the later volumes.

The beginning of this book is very cliché to the echii genre of storylines. Some how/way one/few boys get entered into an all girls academy and the boys happen to be perverts - go.

The book is stupid, its funny, its what you expect in this genre. Not much to stimulate the mind just a quick read and toss for a good laugh. I think it consists of too much fan service and lack of story but this genre is pretty much like that I think. I did have a few deep guttural guffaws that found their way out of my soul and for that I say its a funny way to pass up 30 minutes, 4 star.

Omg this manga is so stupid but I can't stop reading it.

Oh.  
My.  
God.

I cannot believe this exists.

It's just your typical high school story about peeping, false imprisonment, forced labor, sadomasochism, water sports, pornography and homophobia.

It is purely tasteless and entirely wrong.

I cannot believe I sort of want to read the next one.

Wait, there have been 25 volumes of this released in Japan?!?!

Oh!  
My!  
God!

This is a manga that I started with great interest but ended up hating it simply because the story has been a plain failure and many of its characters wasted.

The plot: It started off with an interesting setting and exciting story with lots of hilarious plot twists. Even though the plot is a bit extreme, the comical effect still draws readers in. However the story completely loses its focus after the end of Sports Day. It seems that the author has created multiple story lines but could not decide which one to focus on. This lingers until the very end, which the story stops abruptly, and resolve only ONE plot line in a very BAD way.

The characters: the author has created several unique characters. Some of them are arguably extreme, but it contributed to the comical effect of the story. But as the author lost control of the story, he has also lost control of his characters. Some of them (eg. Lisa, Andrew, Chiyo) became OOC, others simply lose their uniqueness. What's more, some of the new characters are redundant and annoying (eg. Bitch sempai).

The author has started off with an interesting story, but completely ruined it after 2/3 of the story. He further pissed me off with the ending, which has only completed one plotline and leave its main character OOC (because Chiyo's change in personality is not well-explained). This is the only time that I've ever regretted reading a book.

I read the whole series, all of which I'm reviewing here.

The premise: 5 boys attend a formerly all-girls school and end up imprisoned and abused by girls.

Basically, an excuse for sex jokes and fan-service.

The fan-service was annoying, as were the dominatrix and submissive men. Plus, the series dragged as it went on, stretching what should have been single chapters out over 4 or 5.

But the real draw is the humor, and it delivered.

Este libro no ha sido de mi estilo por lo cual puede que mi opinión no sea muy válida. No sabía que tenía contenido sexual.

En realidad el manga es muy entretenido, pero me he encontrado algo con lo que no me esperaba para nada, me he dado cuenta de que o no terminé de leer la sinopsis o no supe interpretar bien la última frase.

Los chicos tienen una revolución hormonaria bastante importante, vamos que solo quieren ver tetas, culos y chicas desnudas y como a mí no me gusta ese tipo de contenido, no me ha gustado el libro, pero si que creo que tiene una trama interesante.

Kiyoshi se enamora de una chica, los chicos quieren ir a ver a las chicas en las duchas y él no se puede negar porque estaría traicionando a sus amigos y la traición sería pagada con muerte (si mal no recuerdo era eso). Total que por culpa de sus amigos termina en una situación muy comprometida con la chica que le gusta, pero ella no se da cuenta.

A partir de ahí, descubren a los chicos espiando a las chicas y los meten en la famosa prisión, y es allí donde Kiyoshi verá que sus amigos se comportan de una manera extraña y descubrirá que les gusta que las chicas los dominen.

Como he dicho anteriormente no es un libro de mi estilo, por lo que seguramente no pueda dar una opinión muy objetiva al respecto. No me gusta el contenido sexual en los libros, en cuanto unos personajes van a tener relaciones me salto las páginas hasta que se vuelve la trama.

Bueno, no seguiré con estos tomos porque no los disfrutaría, pero seguro que a muchos de vosotros os puede interesar

Quiero leer un poco mas, pero el resumen de este manga es que es un echi el cual les gusta a las mujeres.

### **Mariano Lastiri says**

Este es un manga con personajes desagradables y una trama aún más desgradable. Entiendo el chiste del pervertido, pero meterme un par, con personajes femeninos que tienen como único atractivo ser sádicas y tener pechos gigantes, no logra generarme ningún tipo de interés ni satisfacción.

Y es una lastima, porque Hiramoto es un autor con una obra destadisima como lo fue Me and the Devil Blues, sobresaliendo de la enorme cantidad de mangakas mediocres de estilo clónico que pululan hoy en el mercado ponja y sobreviven a base de toneladas de fan service e historias sumamente pobres.

Si quiero ver un manga pornográfico, mejor leo hentai y no pierdo el tiempo con esta basura irredimible.

Well,

There was a recurring plot about watching each other piss which culminated in being pissed on.

I'm not gonna write a full review for this but rest assured I am literally never trusting my friends Meshach's recommendations again as long as I live.

To its credit it a few of the panels were sort of nicely drawn??? I guess??? But then they'd be followed by a detail panel of a sweating vagina so like I don't think I'm the demographic for this creepy ass voyeurism comic. Gross. Retrospectively should not have purchased a second hand copy. Only takes one hand to hold a comic open, if y'all know what I'm saying.
