Quade's Babies

Brenda Jackson

Quade's Babies Brenda Jackson

Quade Westmoreland's one-night love affair with Cheyenne had branded him body and soul, but he'd never even learned her last name. Almost a year later, driven by memories and one incriminating photo, the sexy operative had finally tracked her down—and discovered three little babies bearing his features. Learning he was a father made Quade even more determined: he would claim Cheyenne Steele in every way. Shockingly, the irresistible beauty seemed intent on resisting him. But the Westmoreland destiny was at stake, and Quade would fight for what was his....

Veronica says

Brought this novel, when first came out- not sure of the date. Wonderful plot that pulled you in to characters' lives! Great job, Ms. Jackson- been a fan since the begin writing this series and other various novels.

Mina says

The bits about Cheyenne and her pregnancy in her sister Taylor's book (Irresistible Forces) intrigued me enough to make me seek out her story. I was hoping for some actual story but all we get is blather about the hero's sense of responsibility and some sex. I think more could have been done with these characters. Also, one major issue I have with the supposed romance between these two is their age gap. Cheyenne's self-assertion and shadowy career would've been more believable if she were closer to 30 than 20 - and that would have made her seem more able to match and hold her own against her super alpha baby daddy.

Karen says

Quade is one hot and passionate Westmoreland , not to take away from his one night stand beauty, Cheyenne Steele. After their one night affair, Quade did not know the last name of his beauty, nor could he get her off of his mind. It wasn't until he saw her photographed and pregnant on the cover of a Pregnancy Magazine did he set out to find in order to see if he indeed became a father after their affair. Their love story is both hot and passionate and a situation with one of the triplets seals their love for one another. Awesome story.

Shanae says

To be completely honest, the story was only moderately intriguing. I only kept reading "Quade's Babies" because I was desperately seeking a point of contention between the main characters, Quade and Cheyenne. The tale is a bit all over the place. Cheyenne is only 24, but has a career as a successful model turned secret agent? Did Brenda Jackson really write this foolishness? The novella is incredibly short, even for a romance novel, and is only good for the insight it adds into the stories of the other Westmorelands...the interesting ones. "Quade's Babies" just falls short. There was an excellent storyline and Jackson didn't meet my expectations. But that was nearly a given in the title, which sucks as much as the book.

Wsb says

Initial Thoughts: Let me start by saying that I am really enjoying this book. I just started yesterday but I like that there is a story line and more to it than just sex. The sex that has happened so far has been great. Here's my issue: I'm on chapter five and If I hear one more time "I'm a Westmoreland" or "That's what Westmorelands do" or "you've never been with a Westmoreland" I'm going to scream.

Update: I'm done. Very good read however I can only give it three stars because there simply was not enough meat. Also some parts of it were just unrealistic. What I did like was how Quade cared for the babies immediately. Also, when the crisis happened he was there to bring stability.

(view spoiler)

Fun read if you need something simple and quick. This did not encourage me to read another one of Ms. Jackson's novels however. I'm off to to find something that will stimulate my brain. This was a very nice and needed break from reality.

Emily says

With one look Quade Westmoreland knew that there was a strange chemistry between him and Cheyenne. Not one to go for one night stands, neither one can deny the desire brewing between them and give into a night of heated passion.

Quade has not been able to get the images of that one night of his head, but duty called. Now that he has retired from his government position, he sees a picture of Cheyenne on the cover of a magazine, a very pregnant Cheyenne. Doing the math, Quade realizes there is a strong possibility he is a father, to not one baby but three. Quade is determined to have the four of them take the Westmoreland name, but Cheyenne has no plans to marry just because he feels it is the right thing to do.

This was a sweet story, a little quickly paced so you don't really get a sense that they know each other that well. A little to accepting of the circumstances to make it believable. Had some charm though and Quade is definitely on a mission to win Cheyenne's heart.

Mrs. Elgin says

one of my favorite Westmoreland stories

Fanci says

I just can't get enough of these families...Loved It!!!

Shawnette says

I love the Westmoreland's, but I often find the depth and the length of these novels lacking. Unfortunately they're NOT long enough to develop a real bond with the characters. Everything seems to happen TOO fast and you never really get to see the WHOLE picture, at least not like with her Madaris series. However, that being said, I still love the passion and INTENSITY of this family/series. When they love they definitely love hard. And their close ties with one another makes you want to be a CAUGHT UP in the midst of their ever-growing circle of family and friends. Mrs. Jackson continuously brings the sizzlin' FIRE and DESIRE, it practically leaps off the pages of each of her novels, which is why I ALWAYS read her novels, long or short!

stilwaterz says

Ms. Jackson merges the Westmorelands and the Steeles in this fast paced tale of spontaneous actions that lead to unexpected consequences. "Irresistible Forces" Dominic Saxon and Taylor Steele are woven into this novel as family members of Quade Westmoreland's one night stand, Cheyenne Steele. The unbelievable procreation vacation adventure of Dominic and Taylor is matched by the one night stand of Quade and Cheyenne that produces not one, but three little Westmorelands. Poor Quade learns of his deed after seeing a very pregnant Cheyenne on the cover of a pregnancy magazine at the home of his cousin Cole in the novel "Cole's Red-Hot Pursuit". Quade tears out of Montana on a quest to find his "baby mama" that he learns after some quick research is living in Charlotte, North Carolina. Recently retired from the Secret Service, Quad had planned to enjoy his lucrative investments and purchase a helicopter business in Montana. Well, needless to say, his plans are changing fast. I loved the technique Ms. Jackson used to tell the story of Quade and Cheyenne in flashbacks. You are first introduced to Cheyenne in "Irresistible Forces" as the headstrong jet setting model that suddenly finds she is pregnant but isn't sharing any information. Speed forward and the illusive Quade is popping in and out of novels due to his elite job with the Secret Service. Bam! He hits a wall only to realize that three little ones now need him and that he actually loves his "babies' mama".

Originally Reviewed on The Bewitching Bibliophile

I'm so behind on this series it's not even funny. I dived into this one without reading the back, just knowing it's a Westmoreland book and that's all I needed. This one of the family saga is a crossover book between the Westmorelands and the Steels which is another family saga Brenda writes. I haven't read that one so I wasn't as invested in the back characters that showed up and now I'm going to go read their stories as well, I mean it was on the to do list but now they have moved all the way up.

This is a second chance romance, Cheyenne and Quade met overseas and had a brief affair. Cut to a eleven months later, Quade is looking at a pregnancy magazine in his sister's home and on the cover is a heavily pregnant Cheyenne, he does some digging to find out who she is and where she is and goes on the hunt to find out if this is his baby.

Cheyenne in the meantime decided not to search for the man who she had that brief affair with and is going to raise her babies in Jamaica, but is staying the states close to family until the children are a little older and

she's gotten a handle on being a single mom. With the door bell ring, all of those plans come crashing down because on the other side is her baby's father. And he's got questions.

I loved that Cheyenne was a strong independent woman, that she had more depth than even her family knew about. As she had a good career and used her privilege to do more than anyone knew. I loved that they had such a strong connection, it was tangible and left off the pages, I was excited to see them come back together and not just remember. This story is told from both of their points of view with lots of flashbacks explaining how they met, what happened and how the affair ended.

Very steamy and now I want to go read the siblings stories and fall in love with all the family, because omigosh I loved how they loved her and how they were all about making sure she was safe, even if it smothered her sometimes.

Very quick read and another great love story.

★★★1/2

Happy Reading my loves, and don't forget to check out the other books in the series.

Lili says

Oh my God!

O don't know if I want to laugh or cry!!!

the writing isn't very good and, as I expected, the plot is soooo dumb and extra cheesy.. and what's with all the name dropping?, so many people that had nothing to do with the story, seriously!

I can't even begin to understand how a model can be also working for the Secret Service, I mean, yeah, it would be a really, REAAAALLY good cover but I still don't buy it, especially when the girl in question is Cheyenne, who freaked out in a crisis and is a total doormat.

ooooooh but nothing compares to Quade who's hung like a horse, I think his dick actually pushes at your lungs when you have sex with him, the poor guy is so big that he can't fit in the biggest condoms available, they just burst when he's "engorged"... but even more impressive than that is his super powerful seed, he spills buckets of his über fertile sperm when he comes and you can feel the condom inflating like a balloon! aaaaand it can even nullify the effects of the pill... HOLY CRAAAAAAAAAP!!!

LOL!

as I said... Oh.My.God!

jeeeez....

Shonnie says

I'm angry. I gave this book away several years ago however when I saw it at my friends house I thought wow I haven't' read this book. She told me it was my book that I gave her years ago. So guess what, I borrowed my book that I read years ago to re-read the book. So here I sit angry because I didn't like the book then and I don't like the book now. The story was too too too too unbelievable. Cheyenne meets Quade in

another country in which they never exchanged last names but yet they exchange body fluid (I know it's fantasy but come on), they sleep together and he doesn't see her again until 10 months later when she's on a cover of a magazine --- pregnant. The majority of the book takes place in like 48 hours and by the end of the 48 hours they love each other. Get (or should I say GIT) out of here with this waste of my time garbage. No wonder I gave the book away when my friend already had a copy. I just didn't like it.

Another thing this seems to bother me is the fact that most authors don't know how to transition well. If you have a series of books please do not give me a four page summary of the previous characters book. I don't care and if I do, then I should have bought that book.

This gets a "NOT A GOODREAD RATING".

Mel says

So far this one has been the most 'meh'. still hot and steamy with that sweet HEA, but it was quite a bit... unbelievable? rushed? all of the above?
but YAY more Westmorelands!

Ozzy Ross says

Baca ini karena habis baca irresistible force. Lagi hobby baca harlequin impor karena yang lokal tidak tertarik setelah baca reviewnya....seperti sekuel sebelumnya, masih belum dapat juga feel nya.
Buku ini menceritakan tentang saudara perempuan Taylor yaitu Chayene yang dalam irresistible force diceritakan pingsan & ternyata gara2 ia hamil. Chayene tidak menceritakan siapa ayah bayinya kepada keluarganya karena ia memang tidak mengenal baik ayah bayinya kecuali nama depannya "Quade", pria yang ia temui saat di Mesir, yang membuat ia tertarik & menghabiskan semalam di kamar hotelnya. Malam yang membuat ia menjadi ibu.
Quade sangat kaget ketika ia melihat sampul sebuah majalah dgn model sampul deppannya adalah Chayene yang sedang hamil. Majalah itu terbit beberapa bulan yang lalu & kemungkinan Chayene sudah melahirkan. Quade ingin tahu apakah ia adalah ayah bayi tsb. singkatnya Quade berhasil menemukan alamat Chayene dan ia terkaget2 saat diberitahu bahwa ia tidak hanya ayah seorang bayi tapi tiga orang bayi.....hahaha shock berat Quade. Chayene ternyata melahirkan 2 orang putri & seorang putra, anak kembar ternyata memang ada dlm keluarga Quade. Suaka banget ama Quade.... benar2 gentle, jauh2 menemui Chayene untuk bertanggung jawab, belum lagi saat ia akhirnya memutuskan menginap di rumah chayene...Quade ini loh yang beres2, masak & mencuci sedangkan Chayene dibiarkan tidur.....awal kejadianya malah lebih lucu, Quade & Chayenne sebenarnya sudah berhasrat banget terhadap pasangannya tapi Quade kelupaan bawa pengaman (padahal dulu ia pakai pengaman juga ga manjur sih...) pengamannya ini ada di mobil, ia ambil dulu lalu balik ke Chayene tapi Chayenenya sudah ketiduran hahaahah... Quade ga marah kok malah ia beres2 rumah seperti yang kuceritakan tadi... so sweet kan..Karena Quade ini akhirnya aku beri 4 bintang.... kalo cerita sih khas harlequin.. Cinderella banget....
