**Great designs but definitely not for beginners. So disappointed.**

Some fantastic looking quilts with good instructions on how to cut them out, but no instructions on how to assemble the quilt, add the backing, add the binding or do any of the hand/machine embroidery. The book does mention certain links in it but I expect to be able to have instructions in front of me and not go searching for them! Very disappointing and a waste of money.

**Fabulous quilts**

I enjoyed this book because every quilt provides inspiration for another quilt. I refer to this book often a major part of my quilt library.

**Candy says**

I liked quilts 7 and 9. The designs in this book use relatively large pieces of fabric in bright colors.
