Spooky Friends Jane Feder

Can a vampire and a mummy learn to share?

Scarlet is a feisty little Vampire, and her best friend, Igor, is a roly-poly little Mummy. Together, they star in three humorous, heartwarming stories about two friends who never agree on anything. That is -- until they discover different ideas can become even better ideas when they cooperate!

This book reminded me both of my own two kids and also some of my younger students when they have had too much "together time." It did, however, bring a smile to my face. They are only little once.

Vicki says

An early reader/first chapter book - with very refreshing & cute illustrations. A simpler similar version of Frog & Toad. I love the use of colored font to show when the two main characters Scarlet & Igor are arguing. This book could be shared in a friendship themed story time and could create a great discussion about differences and beliefs with the kindergarten age group.

Diana Pettis says

This book is definitely grade two reading level. It talks about two friends Scarlett and Igor and how they can find a common interest.
