## David Caldwell says

Superman and Batman get drawn into a case of catching Metallo.

This is a preview comic. Just like a movie preview, there is just enough there to hopefully get you interested enough to buy the rest. (I did download this for free.) It runs less than thirty pages and some of those are ads.

The story was a nice start. I enjoyed the way they told the basic origins of both at the same time. We all know these bits so it was nice to see it presented in a new way. The small ways that were used to show the different approaches of the two heroes was handled nicely as well. The double cliffhanger (yes, two major plot points are left hanging) should definitely make the reader want to continue the story.

I felt the artwork was decent but looked like it belonged in a cartoon at times.

Since it was free, you can't go wrong on the price. But it is not something that you necessarily need in your collection. Finally, don't read thinking that this will set you up for the movie. It really isn't connected. I would rate this as 3 stars due to its short length without really giving away any new information and artwork that didn't thrill me.

Meh.

ComiXology offered this for free. I am not a Superman fan, but with the release of the new movie, yeah, why not?

The story did not appeal to me, but the graphics are excellent! I probably won't continue this series unless it continues to be free.

### **Good Opening**

This is the first issue of the Superman/Batman comic that is being released by Amazon as a tie in to the forthcoming movie that features both heroes. The first part is an intriguing opening to the story arc that's in the first volume of the trade paperback compilation.

## **Terence says**

Batman and Superman had very different yet similar lives. This comic touches on those differences and similarities while giving the reader a view into what they think of each other.

This Dawn of Justice special edition felt largely pointless, at least for me. I know Superman and Batman's origins unnecessarily well. Seeing any new angle taken on that seems like a waste of time. The author and artist did capture the animated series look and feel of Batman and Superman which I absolutely appreciated. All in all it didn't feel very necessary.

### **Pro's and Con's**

This had great action and an excellent storyline.

## **Bryan Ricketson says**

### **Huge ripoff**

First chapter of a story for 3.99? I should have known that would be the case. This is why I don't buy digital comics.

Supes is dying, shot with a kryptonite bullet Bats is trying to extract.

*SUPERMAN: \*in a weak voice\* "...Where's the Flash when you... need him...?"*

*BATMAN: "Do me a favor, Clark. Lose the sense of humor."*

*SUPERMAN: "Do us BOTH a favor, Bruce. BUY a sense of humor."*

LOL LOL Awww.

Here's me:

*BATMAN: "I'm a flippin' psychopath with no life, no family, no woman and no reason not to murder people. I dress like a giant bat and go out at night to "fight crime" and talk in a growly voice. I have severe PTSD and desperately need psychiatric help, but I won't get it because I always end up putting the moves on my attractive, female psychiatrist."*

*SUPERMAN: "I am a happy well-adjusted man with an honest and loving long-term relationship with my woman, who is an employed, feisty, smart person. I have loving parents. I am merciful and kind. I have compassion for people. I grant mercy on those weaker than me, even those who don't deserve it - because men should be merciful to those weaker than them, and everyone is weaker than me."*

This sums up not only this comic but the whole Batman vs. Superman movie IMO.

Tl;dr - Bright, almost childish drawings - excellent. A pretty cute plot. Batman is a flippin' nutjob and Supes is dreading the day he's going to have to put him down like a rabid dog. (Rabid bat?)

Can anyone take these two seriously anymore?

### **Interesting story**

This is an interesting comic but us set up so that it is difficult to read on kindle. The pages get larger but I feel like it could have been made so it was easier to read. Good short comic about superman and batman.
