Supernatural & J2 Big Bang 2009 - Sam/Dean

Sam is trying to become the Antichrist in order to save the world. He has a small army of angels and demons, he has an adoring cult, he has a work of prophecy by Jack Kerouac, and he has Dean. Things are going pretty well until he accidentally signs Dean up as his Beloved Consort, a role that requires sex with the Antichrist on an altar. And that's when things stop going pretty well. Also, the soundtrack to the Apocalypse sucks.

### **Samantha says**

I was a bit sceptic about reading this, because well, I don't usually read crack.

But holy Chuck. I enjoyed it, I laughed so hard and it definitely became one of my fav fics.

---

### **Em says**

My first Wincest! I feel like I should pat myself on the back or something! Sam is well on his way to becoming the Antichrist but there's one obstacle in his way and it involves his big brother Dean. He accidentally names Dean his Beloved Consort and there is no backing away from what is required of them.

### **karlakolumna says**

More like 2.5 stars. Funny at the beginning, but turning clichéd, IMO, soon. I can't really put my finger on why exactly, but for some reason I really disliked this version of Sam and Dean...

---

### **Skye Blue ?\*~??(`?`?)~\*? says**

Strange to say that I laughed through an entire book, that featured incest that was pushed upon the boys. But I did. All the boys best recurring habits are played up. Laughed threw all but the alter sex, and by then I was panting to hard. Very fun Wincest.

### **GrEatE says**

full five star read!

Even though I never really watched SPN and had no clue half the time who all these characters were, I certainly enjoyed reading this fic. brilliant!

---

### **Julesmarie says**

This may be the wackiest, craziest, funniest and most disturbing thing I've read. Ever. I was thoroughly entertained! The inside of this author's head has got to be the coolest and strangest place in the world, and I just want to live there!

SO MUCH FUN!

**Favorite Quotes:**

"Are you sheeple?"

"Uh no?" Sam says.

*"If you back my brother on this, you can be Wolverine. You can all be the superhero of your choice."*

*"But not Batman," Castiel says. "They can't be Batman because we are." Uriel and the other angels nod.*

*"I had a plan," he says finally. "It was an awesome plan. And that wasn't it."*

*"and it's gonna be fine, and we're not gonna have any incest in this apocalypse."*

*"What's love got to do with it?" Sam demands, and is instantly prepared to bitchslap anyone stupid enough to call him on inadvertently quoting Tina Turner.*

*This is why it's unhealthy to have such a limited social circle, because when it comes time to choose your Beloved Consort, your options aren't exactly unlimited.*

*Not wanting to fuck Dean has never been a problem before, and that it is now is no doubt one of the signs of the apocalypse.*

*"Okay, yeah," he says. "Incest is funny, can we move on?"*

*The altar part shouldn't be forgotten. Because it's not just gay incestuous sex; it's gay incestuous sex on an altar.*

*"Not pie?" Dean sounds so horrified by the prospect that Sam wishes he could have started with that, and then consoled dean that actually, it was noting so terrible as giving up pie, it was just a little gay incest on an altar.*

*the latter being a splinter group of the Brotherhood, created to accommodate the worshipping needs of those who already had World of Warcraft on Tuesday evenings.*

*"Screw that! I deserve dinner and candlelight at least, don't I?"*

*After much more reading, he is also fairly sure now that 'scissoring' refers to the motion he makes with his fingers and is not an instruction to insert a pair up Dean's ass.*

*"Is it too late for me to go back to Hell instead?"*

*It's not that he dislikes Castiel. It's just that he's very aware that Castiel is pretty much Dean's second favorite person in the world, and Sam has yet to find opportunity to grip Dean tight and raise him from perdition, which leaves him feeling that maybe one Day, Dean will decide he prefers the person who can do that to the one who accidentally signed him up for assfucking on an altar.*

*Sam is deeply ashamed of his cock because it apparently thinks the trashy falsetto is kind of hot.*

*However, Dean has his faces pressed so firmly into the pillow that Sam suspects he is hiding; and therefore*

*should not be interrupted.*

*He is a bad bad evil man and shouldn't be allowed to have a dick or a big brother.*

and I want to make you realize that I want you even more than you need me.

*He wipes his wet hair out of his face and tries to look like a professional Antichrist in his towel.*

*"He's such a badass and yet he's so fragile, like, like, like a really badass flower. You know what I mean?"*

*"Like a Venus Flytrap?" Lucifer suggests.*

*"Yeah, like that, except much prettier."*

*"You kidding me? I got things to kill and a truck to take me to 'em. What do I need a man for?"*

*"Sorry, kiddo," Dean says, "but anything that feels that good is definitely 'send you straight to hell' material. Which is lucky for us, 'cause that's what we're aiming for."*

*"Together, you boys make one hell of a man."*

*"We have wedding gifts?"*

*"As I said, they were damaged. All that remains is a waffle maker and six autographed copies of the Bible."*

*And it strikes him how pointless it is for Dean to be his Beloved Consort when he's his Dean."*

It's one of those stories that either work for you or not. For me it didn't work, sadly.

Kudos for avoiding the -first time gay sex equals best sex of your life- bit but everything else was too OTT and irked me to no end.

I liked how Castiel's love for 'humanity' was clear from the text. :D

### **Td says**

Wincest. Follow Sam in his bizarre quest to become the Antichirst with Dean and a team of angels, demons and hunters by his side. Tons of dark humor, pure quackery and wacky fun. I gladly left of all sense at the door, couldn't help cringing and laughing manically, more often than not at the same time, and had a blast through this insane ride. Recommended for SPN fans and those who don't mind something way, WAAYYYY out there once in a while. :D

### **Vio says**

There is insanity and bedlam, I was speechless, horrified, engrossed and laughing my head off at the

absurdity of it all, I was dropped into the craziest world of angels and demons imaginable. Even with the creepy wincest storyline, which I did escape I think unscathed "trembles" by convincing myself there were no blood ties so I could jump over that huge hurdle. There really is no escape the author is relentless about it and enjoys rubbing your face in it, the black humour though made this a riot of a read. I am still peeved that Sam was picked as the Antichrist and Dean is eh hem the Beloved Consort "snort" the miserable darling has a rough time of it. I had a ball even when I was being freaked out, I am surprised I went along for the ride. Recommended for diehard fans!

## Lex says

*"Who is the one who speaks with your voice, whom you raise above all others, whose word is as yours, who loves you as no other and is loved by you as no other?"*

### Reread January 2015.

I firmly believe that you should never apologize for enjoying a story, but I am almost ashamed for how much I love this fanfiction. It borderlines on truly ridiculous I'm not even kidding. I downloaded the ebook and put it on my kindle and have a good portion of it highlighted because of how much I love it. I thought I should sit down and finally *explain* why I love it so much, but there really aren't words. It is everything I didn't know I wanted and truly sets a bar for every other fanfiction I read. I've never wanted to give a fic five stars before reading it.

I love the tone set for the entire story. Sam's voice, the demons & angels that have grouped together to support him, and Dean being Dean. The Incestuous Courtship of the Antichrist's Bride didn't feel like a fanfic, it felt like an actual episode of Supernatural.

*If he had to classify 'The Paths of the Black Messiah,' he'd probably pick horror too. Or maybe, because his life sucks just that much, biography.*

It was so realistic. The awkwardness between Dean and Sam, but the reality that there really isn't anyone else Sam *could* pick to be his Beloved Corset even if he wanted to.

*It's not a question of there being anyone else Sam loves more than Dean. It's not even a question of there being anyone Sam loves anywhere near as much as he loves Dean. It's been Sam and Dean for so long that nobody's had a chance of getting inside that.*

It was also, of course, *hilarious*. I've read this three times already (at least - from what I can remember) and there were parts that still made me actually LAUGH. OUT. LOUD.

*"Okay, yeah," he says. "Incest is funny, can we move on?"*

*"Not pie?" Dean sounds so horrified by the prospect that Sam wishes he could have started with that, and then consoled Dean that actually, it was nothing so terrible as giving up pie, it was just a little gay incest on an altar.*

*"Uh," he says. "Are we hugging?"*

*"Silently," Uriel says.*

*Sam silently accepts the hug.*

Then there's the general Sam being a freaking badass. Seriously. The things Sam can do...

*He twitches his fingers, both in invitation and threat.*

*Thunder rumbles in the distance. It's possible that, considering Sam's the Antichrist and his mood is currently great, the approaching storm isn't a coincidence.*

*Sam looks back at the city, breathes in the bloody ash and broken glass and screams. "Dust," he says, and the city crumbles.*

And the perfection that is Dean. And also Dean and Sam being *DeanandSam*.

*The silence is long and profound, and Sam doubts himself just long enough to miss Dean.*

*Beside him, Sam feels Dean twitch on the instinct to move in front of him.*

*because being forcibly separated from Dean when he's in the middle of something important makes him want to take out half the eastern seaboard*

So basically I have zero complaints about this. My original reaction has not changed:

---

## **Maiko-chan says**

*"It exists, Dean. That path, it exists. And all it requires is some personal sacrifice from you and me."*

*Dean's quiet for a moment. There's still a flaking streak of gray mud along his cheekbone. "What kind of sacrifice are we talking? We gotta give up sex or something?"*

*Immediately, Sam is totally fascinated by the speckle of bug corpse on the windshield, which is helpfully in the other direction to Dean. "Not exactly," he says.*

*"Not pie?" Dean sounds so horrified by the prospect that Sam wishes he could have started with that, and then consoled Dean that actually, it was nothing so terrible as giving up pie, it was just a little gay incest on an altar.*

Do you need another reason to read this masterpiece? Just in case you do need another reason, here we go:

*The Brotherhood of the Stolen Eyes was the first church to spring up in Sam's name. It's since been followed by the Cult of the Shadow King and the Order of Lost Souls, the latter being a splinter group of the Brotherhood, created to accommodate the worshipping needs of those who already had World of Warcraft on Tuesday evenings.*

### **Jarta says**

Favorite Wincest fic ever. Insane and hilarious and so much fun to read that I've lost count of how many times I've reread it.

#### Updated Review:

This is my favorite comfort read and can be credited as my first Wincest fic which successfully converted me into Sam/Dean pairing. There are pop culture references and the plot and characters are so ridiculous that I couldn't take it seriously and had me grinning throughout the story. Lovely crack that is recommended for anyone who likes dark humor.

### **Maygirl7 says**

Cracktastic! :)

### **Dreamer says**

5 Stars. A very funny fanfic - Sam accidentally chooses his brother Dean as his 'Beloved Consort' that he is required to fuck on an altar to become the Antichrist (and save the world.) He just needs to find the right moment to tell Dean this. The book quoted in this story is (sadly) fictitious.

*"Who is the one who speaks with your voice, whom you raise above all others, whose word is as yours, who loves you as no other and is loved by you as no other, Sam?"...*

*"Oh, you mean Dean?"*

*first read: 17 March 2014*

*second read: 23 July 2016*

### **Anna.E says**

Ok, so I don't know the show too well but this is.... Well I gave it a star cause it was free.

If you like the show it'll probably make more sense to you, and maybe be funny.

I was just lost and couldn't get over the lack of editing. If you open a speech quote IT NEEDS TO BE CLOSED!
