The Irish Prince

Virginia Nelson

The Irish Prince Virginia Nelson

CEO Aiden Kelley's life of billionaire extravagance is flipped upside down when his ex shows up with a ten-year-old she claims is his. Totally out of his element and losing the control so integral to his success, he needs help. To top it all off, the only constant woman in his life, his executive assistant, has given notice just when he needs her help to survive his newfound fatherhood.

Chelsea Houston is an executive assistant, not a nanny. The only person more clueless about kids is her boss. Helping him on a daddy-daughter road trip is her last task before he'll accept her two weeks' notice and she can be free of the infuriating man she's had a crush on for longer than she'd admit.

Aiden's carefully ordered life has never been so disorganized, and he's suddenly tempted by the things he thought he could never have. Things like love and family. Who knew chaos could be so damn fun?

Each book in the The Billionaire Dynasties series is a standalone story that can be enjoyed out of order.

Brandy Painter says

2.5 stars

Why did I read this? I was looking for a fluffy, contemporary palette cleanser and this seemed like it might be fun. But it wasn't so much. It was more annoying than fun. The 10 year old is the character with the most emotional maturity in this book. (Her mother is also awesome. I would read a book with her as the heroine.) The back and forth of the two main characters (particularly the hero) gave me whiplash. They change their minds to extremes often and their actions don't ever match with what they say they are thinking. Here is the thing that REALLY annoyed me though: the name labeling every time the perspective switched. WHY?????? This is written in third person limited. I would say the majority of romances are written in this point of view. I can name countless titles of third person limited point of view romance novels that switch back and forth between the perspectives of hero and heroine. I've never had trouble figuring out which was which. Why did Virginia Nelson think I needed help with this? The inserted names were just distracting. And made me angrier as I read because exactly how stupid do you think your audience is?

Joelle says

Lets start off by saying the is a brand new author for us and we loved our first read by them.

Chelsea was my favorite this time around as she was confident, had a backbone, was witty, kind, smart, sexy and just so full off life.

Aiden well he was sexy, smart, controlling, egotistical, vain at times and had a dominating personality who always needed to be in control. All those things yet Aiden loved with his whole heart once it was given both to his daughter and Chelsea.

Aiden has always secretly harbored feelings for Chelsea yet never acted on them. Chelsea has felt the same as Aiden and once the opportunity has risen they both act on those feelings. The chemistry was hot and explosive!

The story was filled with love romance and a few surprises along the way and we loved it. The characters were engaging fun and easy to connect with. I love when you can connect with the characters that you read about and I was able to do that with these characters. I love when you know a couple is meant for one another yet you know when they start off so intense something is going to spoil it and put a wrench into a relationship. I loved seeing the party grovel that being Aiden. I loved what he was willing to do to get back into Chelsea's good graces.

Too Cute !

I have to say I fell in love with Aiden the minute he started taking dating advice from his 10 year old daughter.

A sweet romance with fun characters and once we started reading it could not put it down. What a fun read

that made me laugh many times throughout the story. You rock Chelsea thanks for making me smile.

Recommended read to all!

5 stars

Peggy R says

This is the first book I have read by this author and I enjoyed it. I thought it had the perfect mix of sweet, emotional and feisty moments. Both characters were strong and at times stubborn. It was fun to watch Aiden's carefully controlled life change on a dime and then watch him as he fell in love both with his daughter and Chelsea. I enjoyed Waverly. She provided the story with some moments of wit, humor and typically ten year old thinking. While the premise of the story (billionaire dating his assistant) I thought this was a fun easy read and will consider this author's other books in the future.

I voluntarily read and reviewed an advanced reader copy of this book provided to me by the publisher through Netgalley.

Mitch Castro says

Won't be surprised if this series will keep on adding new books. So far, this series has unique plots. Like movie-wise storylines. You know, those rom-com movies.

Me like it.

April Symes says

The Irish Prince is a sweet and slightly sexy romance read with beautifully charming characters that capture your attention from page 1 until the last page.

Aiden Kelley is a self-made man who is now a billionaire from humble Irish roots and a self-confirmed bachelor. Chelsea, is his assistant who keeps him grounded and looks out for him. Suddenly an ex-lover dies and leaves him their daughter, advising him that he is the child's father and leaves him custody of a daughter he didn't know existed... suddenly he is a father.

Aiden went from this self-absorbed man to a man who started to actually show he cared about people., and show emotions. Chelsea at first was about to leave but she stayed and showed Aiden her love in many ways by always being there for him. He repaid her by being a total jerk and there was some ups and downs and then when something big happened, Aiden wasn't there for Chelsea. Will she forgive him and let him back in or will she quit for good and move on?

There was many times that I felt Chelsea needed to move on and forget Aiden but he can be a good guy. I just think there were too many times he was a jerk. Overall, this was a good read and could have been awesome if Aiden wasn't such a jerk.

My Rating: 4.0 stars *****

"I voluntarily reviewed an Advance Reader Copy of this book in exchange for an honest review***

Carly says

I just finished this book after picking it up two hours ago. I laughed and I cried.

Virginia Nelson, once again, has brought her characters into physical beings through the words she puts out onto a page. She has poured her heart out through another sweet Prince novel and managed to give me faith that there is somebody out there for everyone - and they're probably right in front of you. The Billionaire Dynasties is beyond worthy of picking up if you're looking for something steamy, or even just something with a little kick. It's sexy, but modest at the same time. She has a way of balancing drama and emotion and perfection with a twist. You will not be disappointed!

Chelsea and Aiden are both amazing characters and I can't wait to get my hands on the next book in this series, even if I have to wait another year! Hopefully they will be back with a Cameo in the next one, just like Cam and Jeanie were in this one!

MammieBabbie says

A short and easy contemporary romance...

Let's keep this short, sweet and to the freaking point. I opted to review Virginia Nelson's The Irish Prince because I loved the blurb. The cover, on the other hand, well, quite frankly it was pure shite! I've come across some other books with exactly the same cover... different dude on it though. It's just lacklustre, and sadly for me it set the tone to the actual book. Please let me emphasise that I LOVED the blurb. But, the reality is that the story lacked je ne sais quoi.

The protagonists, Aiden and Chelsea, were just childish. They should not be allowed to date, or even engage in grown up relationships. They just irritated me. Their back and forth held no humour or banter, at times came across as maliciously hurtful. Quite frankly he's egotistical and unattractively domineering. To say the least. Chelsea, had her moments of wit and feistiness— they were few and far between. In all honesty their saving grace on my regard is that they truly loved his 10 year old daughter. Oh, and he did go out on a limb to get back into Chelsea's good graces, after he screwed up.

This was a short story and easy to read. The character development wasn't amazing— probably why I didn't get to love them even a little bit. The plot development was wishy washy and needed some more fire and spark behind it. It's really rather unfortunate that the book didn't live up to the blurb. I love myself and hero with kiddy baggage.

Virginia Nelson says

Did you love Camden James in The Penthouse Prince?

This is the long awaited next book in that series!! I'm so excited to share this book with you!

Dawn says

Funny, smart, and loveable!

After years of being a voice in his ear Aiden Kelly's administrative assistant, Chelsea, has turned in her notice.... Again!

It's the same time that he finds out about a huge surprise ten years in the making.

The characters in this book are funny and smart. The humor that Chelsea and Waverly and Kimmy all have will make you laugh out loud. Not to mention Camden and his wife.

You'll enjoy reading this romantic comedy. I did.

I received this ARC in exchange for an honest review.

Reckless Readers says

4.5/5 stars

This book was a slow building of chemistry with a sweet ending. I liked that the two-main character had known each other for years and once they realize their attraction to each other is was a true building of a relationship. Waverly (Aiden's 10-year-old daughter) is an absolutely hoot and I think a stand out character in this book. Chelsea Houston is your girl next door take charge executive assistant but also deals with insecurities. Aiden Kelley is the CEO who came from humble beginnings and is an uber control freak, when things don't go his way he gets extreme anxiety. It takes Chelsea and Waverly showing him the softer side of life to open his eyes and realize what is right in front of him.

Favorite Quotes:

“...don’t waste a moment of this time you have with either of those girls. Love them hard, because that’s what matters. The moments.”

“Why’d you have to make things right again?” “Because I found the one thing I didn’t want to learn to live without.”

Beth says

Aiden Kelley's life is turned upside down when he discovers a fling from 10 years ago had his baby. He is an uber success driven CEO with an amazing secretary, Chelsea, that is just as devoted to the companies success.

Chelsea has been crushing on her boss, it seems like forever. She has decided to give her 2 weeks and make a clean break just when her boss, Aiden, asks her to come along on a “family” trip to the Grand Canyon with his new found teen daughter. Chelsea immediately connects to Aiden's daughter even though she's never

really been around children.

Chelsea seems to be exactly what Aiden needs to get through this difficult adjustment. But Aiden will do whatever it takes to be around his daughter, no matter the cost.

What a sweet and endearing story! *The Irish Prince* should become a Hallmark movie. It just had that feel good vibe with the perfect amount of emotional moments and strong character connection that pulls you right into the story-telling. Although the steamin' scenes are sure to get the show band to cable.

I received this ARC copy of *The Irish Prince* from Entangled Publishing, LLC - Indulgence. This is my honest and voluntary review. *The Irish Prince* is set for publication May 15, 2017.

Nicole P says

A pleasant office romance and everything one expects from that. A grumpy, controlling boss and a PA who knows just how to handle him and stand up to him. A little bit of a love/hate tug between the two, with Chelsea trying numerous times to quit. Things change when she's given an out if she accompanies her boss on a road trip with his newly found out daughter. Taking them out of their usual environment casts them in a different light and things change one stormy night.

A quick and enjoyable read and I look forward to reading the next one in the series.

Mary McFarlane says

This was very cute. I loved his daughter, a spitfire for sure. I would say much dirtier then the first book but still an all around easy read. I also liked that we got to see Camden and Janie again and see more of their life. Not sure if there is another book for someone else but I'm sure it would be just as good

Linda Quick says

What a wonderful book! I was completely engaged by Aiden and Chelsea's story and loved how it unfolded. Chelsea has a bit of a crush on her boss, Aiden, a control freak billionaire. She's never let him know about it or acted on it in any way. However, circumstances create an arena where she feels safe to kiss him, then to have him respond and sweep her off to bed.

What good would a romance be without a bit of angst? When the terrible thing happens, Aiden turns cold and totally shuts her out. He's turned so cold that Cheslea is even sure if she can continue working for him.

I loved the push/pull of this novel. Yes, it's a bit predictable, however, the author told the tale in such a delightful way that I just didn't care....she made me feel immersed in the story and enjoying every page of the characters' journey.

Fans of the genre will love this book. It's the first book I've read by this author, but it won't be the last. I'm adding her to my must read authors' list.

Emily says

CEO Aiden Kelley has become bored with his playboy life but he wouldn't admit that to anyone. However he did not plan that the announcement he is a dad to a ten year old girl will be what shakes things up. Aiden wants to get to know his daughter and when he is told to take her to the Grand Canyon he decides he needs his assistant Chelsea Houston in tow.

Chelsea has quit her job more times than she can count but each time Aiden talks her into returning. Now he wants her to help with his daughter Waverly, she knows nothing about kids but deciding this would be a paid vacation she goes. A trip that is planned goes slightly awry and unaddressed feelings come in to play and Aiden is faced with admitting what he really wants.

This was a entertaining read had several humorous moments. Great characters and I thought Waverly was a hoot. This is a book you pick up and enjoy in the warm weather.
