## From Reader Review The Last Good Knight for online ebook

### Danny Tyran says

When I started reading this, I was convinced that it would be a very good Tiffany's, but in the end, there was too much sex. O.K. sex is intertwined with BDSM, but I like a story to support sex and BDSM.

So I give 4 stars for the parts without too much sex and 2 for the rest. That gives an average of 3.

Too bad, it had started so well.

---

### Claire Sayan says

Ah i loved Lance and i LOVED Nora in this one <3

---

### Ella Reese says

***“You’re mine.” She kissed his lips. “My property. My possession. My slave and servant. My knight and my protector.”***

***“Yours,” he said and seemingly could say no more.***

Now that *The Original Sinners* series is over, I’ve been scrambling to read anything and everything that’s available in the kinky world of Nora, Kingsley, and Søren. I found this gem, a serial of novellas that find Nora working as a dominatrix for Kingsley at The 8th Circle prior to the events in *The Siren*. There she encounters Lance, an ex-Navy SEAL who is both chivalrous and submissive.

While fairly short, this was a very fantastic read. Tiffany Reisz has crafted such an amazing character in Nora Sutherlin, and I love love love her! On one hand Nora is strong, sexy, and fierce kinkster that doesn’t take shit from anyone. On the other, she is a thoughtful and compassionate person, as any good dominatrix should be, and she truly cares for others. But her quick wit and filthy mouth are what I love most about her.

***“Bastard,” she said under her breath but still loud enough for him to hear.***

***“Watch your language, Eleanor. You’re never too old for me to turn you over my knee.”***

Lance is such a contrast to Søren, so it is fun to see his and Nora’s relationship play out. While Lance is one sexy beast of a submissive, I love that there is still so much of our favorite sadist, Søren. The sex is off-the-charts hot, as usual. My only complaint would be not enough Kingsley.

This little novella has helped to quell my *Original Sinners* addiction for just a bit. Certainly a quick but wonderful read.

Five stars

## Sarah says

**The Last Good Knight** is a serialised novella in **Tiffany Reisz**'s Original Sinners series, it fits into the time line before **The Siren** but I wouldn't recommend reading any of the prequel novellas until you've read at least the first main book in the series so that you'll be familiar with the characters and their relationships with each other. This novella was published in five instalments (see list below) but I have chosen to review the story as a whole so I'm going to keep my discussions about the plot fairly vague and focus more on how I felt about it.

I have been a huge fan of this series from the get go, **Tiffany Reisz** has managed to pull me into her world so completely that I feel like she's actually writing from personal experience and that all of these characters really do exist out there somewhere. I can't think of any other series where all of the characters feel so real to me, even the ones we don't get to spend a lot of time with like the newbie in this story Lance.

I have to tell you how much I adored Lance, he was such a wonderful, sweet and caring guy and I really wanted him to find happiness more than anything. I was so angry with life for screwing him over the way it had and it was actually painful to see what he had to give up in order to get the one thing he'd been fighting for for such a long time. I know that sounds vague but like I said, I really don't want to give you spoilers and I'm sure once you've read the story you'll understand exactly what I mean. The chemistry he had with Nora was absolutely wonderful and I really did feel that they could have been perfect together so it was hard to see the world trying to pull them in different directions.

As with any story by this author **The Last Good Knight** is incredibly hot, and will definitely leave you fanning yourself. **Tiffany Reisz** never fails to turn up the heat and Nora doesn't like to be kept waiting so you know you're in for a treat when she's in full on Domme mode. Her relationship with Lance isn't just about sex though, there is so much more to it than that and they have a strong emotional connection too. The story also has plenty of drama, action and mystery as well as giving us glimpses of both Soren and Kingsley which always makes me happy. As much as I would have loved a full length novel staring Lance (and I kind of hope we'll get to see more of him in the future!) I still enjoyed every minute of this novella and it's helped tide me over until the release of the next full length novel. I don't think I'll ever get enough of this series so I hope we've got many more stories to come!

Here is the reading order for the instalments in **The Last Good Knight** serialised novella:

1. **Scars and Stripes**
2. **Sore Spots**
3. **The Games Destiny Plays**
4. **Fit to be Tied**
5. **The Last Good Night**

(Novellas 1-5: Scars and Stripes, Sore Spots, The Games Destiny Plays, Fit to Be Tied and, The Last Good Night)

Source: Netgalley

Rating: 5/5 stars

\*\*Contains spoilers for other books in The Original Sinners series\*\*

Welcome to round two of the Tiffany Reisz love fest!! The Last Good Knight is the latest addition to the world of serial novella reads and I am all kinds of loving this format.

The Last Good Knight takes place three years before The Siren (Book #1: The Original Sinners series) and in this time and place we find Mistress Nora all out of sorts. As one of the most sought after Domme's in the world, Nora is exceptionally good at mixing pleasure with pain for her clients. Her only hard and fast rule is that she never, in her words, f\*%ks her clients. Business is business and Mistress Nora's pleasure is her pleasure and not work so on the night Lance walks into The 8th Circle, Nora is all about her pleasure.

Lance is a beautiful and broken man with nothing but good intentions in his heart and his actions. After suffering a serious, career-ending injury in the Navy, Lance returned home to a wife and daughter he thought he could be happy with for the rest of his life. Turns out, Lance's wife wasn't quite so optimistic and in a turn of events that still has Lance's head spinning, he lost his wife and his daughter in a nasty divorce. In an effort to earn the money necessary to fight for his daughter, Lance has taken a job with Kingsley Edge and in the course of his first night's work, he meets Mistress Nora. Turns out, what the Mistress has to offer is exactly what Lance is looking for and the two spend a most painful and pleasurable night together.

In a most disconcerting way, Nora discovers that she doesn't just like Lance's body and his well-trained submissive side, she like the man. He is honorable, he is kind, he is caring and, as an employee of Kingsley's, he is Nora's bodyguard. Their time together is riddled with conversation, strange encounters (the hotel adventure is excellent!) and, a very good deal of sexual tension and release. As the series unfolds, one novella at a time, Nora and Lance both have some very serious decisions to make. Can Nora actually commit to a real relationship? Can Lance justify giving up his daughter for what he describes as "the perfect woman"?

**The Bottom Line:** This was a fantastic read that gave me even more insight into Nora, Søren and, Kingsley and left me with a butt load of questions. I have, to date read this novella series and The Saint totally out of order so I am a bit lost on a few topics but that didn't stop me from devouring this read in a single sitting. This is a whole new side of Nora for me and Lance is completely delicious. From the moment he walks into Nora's life everyone, including the reader knows that Lance is going to change everything for Nora. I very much enjoyed "seeing" the duality of Nora – on the one hand, the completely competent and confident Domme and on the other, a soft and vulnerable woman willing to cede some of her considerable control to a man she may just be able to love. In all, this novella series totally and completely convinced me that I am now and will continue to be a Tiffany Reisz fan. I am all kinds of ready for the rest of the series, most of which I have already purchased :)

### **Love, Holly Xx says**

I loved this one so much! It was incredibly sexy, while also filled with emotion. The ending had me both sad and really happy. I just wish we got to find out what happened to Nora's knight after their story ended.

---

## **Solveig says**

I absolutely adore this series sp much heart on their characters is just simply fantastic

---

## **Serena says**

This shit was awesome. What a perfect man. The end hurt like shit even though I knew it would happen. I think it hurt just as much as the Virgin.

He and Nora were perfect together and now it will forever be perfect.

He looked like Chris Evans in my head.

---

## **Karin says**

I love this world. I always feel so sad for Nora/Eleanor though. Goodness! Lance was amazing. Wish he could have stayed around, but that wouldn't have allowed for the angst between Eleanor and Soren to continue to be a part of the story.

---

## **Séverin Grimm says**

I loved this story. Particularly since I paid nothing for it. Reisz is good.

---

## **littleKitten says**

4.5 Stars

Great novella by Reisz, I burned through all 5 audiobooks in day. None of the characters sound what I would have expected them to, but hell who's going to live up to the holy trinity that is Soren, Nora and The King?

---

## **A??ela W. says**

This was a really good book. Lance, an ex Navy Seal and a perfect sub. Nora likes him, she likes him a lot and I admit he was really the perfect man and the perfect sub. The story takes place 3 years before The Siren after Nora gives up her life with Soren and she's playing Dominatrix Mistress Nora. The chemistry he had with Nora was absolutely wonderful and I really did feel that they could have been perfect together so it was hard to see the world trying to pull them in different directions. The story also has plenty of drama, action and mystery as well as giving us glimpses of both Soren and Kingsley. This book was well written with no errors in spelling or grammar. I am really looking forward to reading The Siren.

---

### **Kimberly Carrington-Fox says**

Como siempre Tiffany Reisz consigue emocionarme (y ponerme perraca) como muy pocas escritoras hacen. Se me cae la lagrimilla con la Nora pre-*The Siren*, con su eterna búsqueda de lo imposible y su eterna huída del que sabe que no puede huir.

Muy fan de Lance y su relación con Nora, me ha acabado tocando el corazoncito (ay, qué pena me da que la Reisz no se quedara con él -que joarl!- y sí con el mñe de Wes).

Y como siempre los momentos con Søren son maravillosos y brillantes, no hay nada mejor \*.\* Ahora tengo ganas de releer *The Siren*...

---

### **Lou says**

I thought I loved Daniel, but he has nothing on Lance! Loved this

---

### **F.S. Faqir says**

Oh how I'll never get enough of Nora!!

These stories just throw me back into the world of Orginal Sinners and I couldn't be happier!! ❤?

So exciting to see Søren, Kingsley and Nora again, they're still the same witty, arugumentative people! I live back into these books.

Now with the added touch of Lance, he truly was a Knight in Shining Armour. An awesome short read!

Always bring back the feels of the Eighth Circle!
