## **From Reader Review The Unbound Empire for online ebook**

### **Unseen Library says**

The Unbound Empire is the third book in the Swords and Fire series and will be released in April 2019. I have really enjoyed the previous two books in the series, The Tethered Mage and The Defiant Heir, which were some of the best fantasy books in the last two years. With a fun combination of humour, intense fantasy adventure, enjoyable characters and excellent world building, I have awarded both of these books five-star reviews when I read them.

Definitely one to watch out for in 2019, I am expecting great things from The Unbound Empire.
