### **Jennifer says**

I thoroughly enjoyed the book. Cassie and Lawson were a great couple, and Lawson gave her the space to continue her growth, while supporting her in the process. The family dynamics were well represented.

I have started the first book in the series (Evidence of trust) a few times and just not got into it, while this one was far easier. I will go back and try again.

I received a copy of the book in exchange for a review.

Cassie Blake has decided that Las Vegas is not the place she wants to be. She wants to go home and repair the relationships with her brothers, finally having grown up being out on her own. Unfortunately, she can't go home quite yet. She has two days to pay of a vicious loan shark for a bogus amount of money. As she is heading to the poker tables to try and win the money she owes, she runs into Sherrif Lawson Graves, the man from back home in Colorado who made her toes tingle when she met him at her brother's wedding the month before.

When Lawson runs into Cassie, the combustible attraction he experienced at the wedding is stronger than ever. With and inexplicable bond that he feels, Lawson quickly realizes that Cassie's abrasive nature is a protective measure and also realizes that she is hiding something.

For some reason that she has yet to admit to herself, Cassie trusts Lawson with what is going on when he interrupts a confrontation. As Lawson does everything he can to help Cassie, they find themselves getting married for an extra layer of protection. With danger all around, will these take a moment to admit that they both want this temporary arrangement to become permanent?

This is the second Colorado Trust book that I have read, and I definitely need to go back and read all of the

ones that I have missed. They move along at the perfect pace and have great characters that you find yourself rooting for, especially with their flaws and insecurities. The blend of suspense and romance keeps you turning the pages until you reach the end.

I received a copy of this book in exchange for an honest review.

Vow of Trust by Stacey Joy Netzel [Colorado Trust Series Book 6]

What happens in Vegas does it really stay in Vegas?

Cassie Blake choose a life in Vegas and met up with a Sin City loan shark who gave her money to play with and she won it back and more and then he wanted \$50,000.00 and gave her a month to get it. Soon he started to demand that she marry him. Not so fast there hot shot loan shark.

Sheriff Lawson Graves was in Vegas to check out a new job and a fresh start. He knew Cassie and yet he never expected to run into her there. After all Lawson knew Cassie's brothers in fact one married the woman he had loved and lost.

Cassie has family that she has not been in contact with as she had left and turned her back on her brothers when the scandal broke out about her parents. She left them to clean up the pieces.

Lawson could not leave Cassie when he realized she was in danger. He never expected to marry someone and help them with a loan shark.

I always love to read books by Stacey Joy Netzel and this one is no exception. You can read this one alone or the whole series. Enjoy!

## **Bev Sten says**

I love anything written by Stacey Joy Netzel and Vow of Trust didn't disappoint. Cassie is in Las Vegas, and in over her head with a loan shark. She's trying to win back the money to pay him off but yeah, that's not going over well. While deciding to try her hand at a different casino she runs into an old friend. Sheriff Lawson Graves. One of Cassie's brothers swooped in and married Lawson's love right out from under him so he's not high on her list of people to run into. When Lawson finds out that Cassie is in to deep he offers his help. She's reluctant but doesn't know where else to turn. With a little humor, a lot of suspense and of course awesome chemistry Cassie and Lawson try to protect each other. Another awesome read in the Colorado Trust Series!
