Loads of interesting ideas

Many ideas to make great and delicious gifts for friends and relatives. Can even make items for a craft show and sell them.

Mandy says

Pretty good ideas

I flipped through this book and marked things I'd like to try. There were quite a few. Some good ideas, though I may try to adapt some of my gluten free recipes to do something similar. I liked many of the ideas but the most novel ones were the slice mixes that could be used as starters for various cream soups or dips.

Katie says

I was expecting a book of recipes you could make and store in jars. This is about making gifts in jars to give away and then they add the liquid ingredients. It does an adequate job of how to make gift jars but I was expecting something different.

Angel Wilkinson says

Love this book!

Such great ideas for gifts, including jar decorating ideas. I am excited to make several of these as gifts and for my family as well.

Jennifer Newman says

This is actually an extremely helpful book for those on a low sodium diet who pretty much have to make everything from scratch because boxed and canned foods have too much sodium. This helped my husband greatly in helping prepare meals I could eat and that we both loved. Not to mention the great gift ideas.

Can't wait to try some of these out for gifts this holiday season. I like to give at least one home made gift to each family.
