### Reina Marie says

#### 4.5 stars

Lately, this manga has been very heartbreaking. I cry in almost every chapter.

I didn't sign up for this. -.-

### Nona B. August says

covernya Pak Jino tapi sama sekali nggak muncul.

Well, kali ini cerita tetap berputar tentang Mikan lalu setelah bagian Mikan selesai, langsung berpusat pada organisasi Z yang hendak datang ke perguruan secara terbuka, membuat Hotaru dan teman-teman Mikan lainnya merasa cemas dan mulai menyiapkan rencana agar apapun rencana organisasi Z tidak akan terjadi dan itu untuk melindungi Mikan dan perguruan.

Ah, gila nih sama Natsume, keren banget. Mana ada anak SD yang seperti mereka -.- yah ini komik, sangat menjawab bukan. Well, suka dengan perkembangan Natsume-Mikan yang nggak lama-lama dalam hubungan 'romantis' mereka tapi mungkin karena sempat AA (alice academy) ini terbitnya lama membuatku sempat berpikir "kok sudah saling jatuh cinta aja? Rasanya di komik sebelumnya belum ada deskripsi tentang perasaan masing-masing." (yah mungkin hanya dari ekspresi mereka saja kali ya). "Duh aku lupa dengan tokoh yang ini," "ini tokoh yang mana ya? Hubungan sama Mikan apa ya?" itu adalah pertanyaan yang sering aku lontarkan di AA ini (entah karena aku yang pelupa atau memang gambarnya yang hampir mirip semua--orangnya). Ah bener-bener nggak nyangka AA bisa begini beratnya (jalan ceritanya), kagum deh sama Tachibana 'babi' Higuchi. Bener-bener bukan komik untuk anak kecil deh.

### Mikaela says

Ugh! It's sad that she's far away from everyone. :| atleast she has Bear as company. It wont be that lonely.

Damn it's even Christmas and they didn't let her attend the party and what's bad is that Shiki didn't think things through by letting her watch what's happening in the party on tv. Haha sad. But Shiki made a way that Natsume & Mikan would meet. There's still a barrier though. XD ahahaa and Natsume is asking a Kiss from Mikan as a christmas gift. Kyaaa! ? oh my gosh! Natsume! Yooooouu! Asdfghjkl :) Damn.. they're so cheesy! :)))

I have read the series until vol 26 now, and I must admit I liked the series more in the beginning.

Gakuen Alice was until a chapter like 100 very cheerfull and funny, from then on it has become more emotionally heavy and sad....

I do admit it was all around the corner but I thought of it as quite a big change of mood, it's not that I dislike the psychological impact but I started reading the series with a cheerfull expectation actually. The series do has gotten more depth and story and I wish for everything to end good and it being less tragic from now on because I really don't like teary, sad or tragedy stories...

It has been a long time since I set down and read a very long manga. Yup, you're not mistaken, there are 180 chapters and 31 volumes in total. No truth to be told I actually wanted it to continue, but maybe it will, in a spin-off series, I am still dreaming about that, but if it will, I'll definitely put the notice on the blog.

But let me get back to the story. To say the truth it has been around a week since I started writing this review, and it's only because there's a lot that I want to say, but every time I want to normally start writing the idea slips my mind. I know, it's so frustrating. Therefore, please do not be hard on me if my review today is too out of blue. I loved this story a lot. I was on the verge of dropping it a few times, but nevertheless the story's intrigue was too high for me to drop it. Why did I want to drop it? Well, the answer is very simple and unfortunately it contains a major spoiler, but I will say it nevertheless. As you know there are 31 volumes and 180 chapters and in 179 of those our characters are still elementary school kids, the time is going very slow in the story. We finally see the 16 year old Mikan and Natsume only in the last chapter. Yes, that was the main reason why I was frustrated with the story. It covers so many problems, but because the solvers are 10-11 year olds it's a bit unreal. The love that Mikan has to Natsume and he to her is too unreal for 11-year-olds. They truly love each other and trust me, from the part when Mikan leaves whom her parents are I was crying. I had to put away my tablet and compose myself to continue reading. The last 2 volumes are something that I believe everyone should focus their attention. Every emotion comes bare, every secret, the author just takes a knife and thrusts it into our hearts.

I remember when I finished this story I couldn't fall asleep and truth to be told I couldn't read anything else for several days. All my thoughts were getting back to it. I was getting back and thinking everything over. I believe this is one of the stories that everyone should read. It covers so many human issues that if I start discussing each and every one of them it will take me days maybe even weeks to cover it.

All characters are fantastic and we see a lot of their development. Some characters stay as villains, but some do convert to a good side and trust me you want to be there to see it. I can say that all of them have left a deep impact on me. I still can't agree to the choices that the principals made in the end. Better to say my mind understands, but my heart doesn't want to acknowledge it. However, the moment when Natsume confessed to Mikan will be in my mind for a long time. I really need to make that list of best ever confessions. I am not a big fan of the whole fate thing, but here I was felt it from the beginning that's why some moments shattered my heart.

I hope you will start reading this story. It did take me a long time to read, but I was reading it after 12 and that week was full of projects and exam preparations. In my normal days I would have finished it maybe in 2

full days. Are you ready to get to know great characters and also people because of whose ambitions lots of lives were sacrifices and many dreams destroyed. Enjoy this fascinating ride into the world of super powers. Don't forget to share your thoughts below. Stay tuned for more reviews as well as promos. Don't miss your next favourite book or manga! Happy reading!

XOXO
