Conflicted

Sophie Monroe

Conflicted Sophie Monroe

When you think about your life are there things you would reverse?

Derek Scott is the twenty-six year old drummer of Battlescars. With a past marred by tragedy, he has a hard time letting people in. He's also made his share of mistakes. Now, he's trying to come to terms with the choices he has made recently and what they mean for him.

When someone from his past comes back into his life, Derek thinks maybe he can get back on track. However, things unravel, leaving him more unclear than ever. When long kept secrets find him and force him to decide what really matters in his life, will he be able to choose a path - or will he always be conflicted?

Taralinda says

[don't even get together until literally like the last five pages of the book (hide spoiler)]

Shirley says

Another brilliant read and I already loved Derek from the other book but this one told a lot of his history didn't see the love interest tho that was a shock and god bless granny she was always my favourite in this series can't wait to hear more from this series hope this isn't the end

Holly Craft says

Sophie, Sophie, Sophie. You amaze me every single time I read a book of yours. I was truly grateful that I was given a chance to review this book. This is the BEST one of the Battlescars Series and that's saying something because who doesn't love Jake and Blake (yes, that rhymes lol) This is unlike any of the other two in the series. You don't see too much of Derek in the others which makes you really wonder about him. Let's just say the title of this book is definitely appropriate. He is so conflicted with so many things in his life that it's one big mess to deal with. Then, you have Joss which I love by the way who is so care free and doesn't seem to have a care in the world. Their connected is WOW and it'll ROCK YOUR SOCKS :) you get a lot of different POV in this story which is great because you get the different side of each one. The one thing that is so different than the others is that I was so focused the entire time because you just had to know what comes next. Sophie has you guessing the entire book and you will definitely has some drop you jaw moments and be like wow didn't see that coming. So job well done Sophie for being bad ass :)

K.A. Graham says

Love me some Battlescars!!! D finally had his story put out, and OMG...you gotta feel for the guy, he's been through some rough waters and somehow stays afloat!!!! Conflicted is the perfect title for his story too, because D has so much going on in his head, it's a wonder he doesn't explode...literally!! Biggest confliction...telling your best friend and band mate (Blake) that you're in love with his little sister, and knowing this could go in his favor or be a blow to his friendship with Blake...either way, he has to make that decision. At first, Joss seemed too young and immature to be in a committed relationship...but then again, look at D's history...so at the end of the day, they seem to be a match made in rock and roll heaven...and I'm rooting for them to have their HEA <3

Kami Dodson-Perry says

Derek and Joss were a match made in HELL. They knew this but tried to keep it on the Lighter side. Three

problems with that; First is Derek and Joss have a real connection that goes way back; Second is Joss is Blake's little sister; Third is they are a lot alike and that spells disaster.

Derek and Joss take the plunge and try to keep the feelings out of it but that does not happen. They try to move on from each other and it proves to be very difficult. Derek has a lot of secrets and a lot of them come out in this story. You see way Derek is so shut off and guarded and way he does not do relationships.

Story was good. Joss is refreshing with her honesty. Brittney you feel bad for and hope her character gets a better ending down the road. Derek is just a sad character and even though this story gives him a happier ending I still feel sad for the character. There is a little cliffhanger but nothing too bad at the end of this one.

Stefanie Herold says

I love this story :) so many times this story changes keeps you on the edge of your seat!

Kristi says

LOVE LOVE LOVE Conflicted! The Battlescars Series is my favorite to begin with but Conflicted just made it even better! I love that you get so many point of views in this one. It has you seeing have everyone feels and leaves no guessing. Derek was seriously messed up but I am so glad he found out who he is and was able to find happiness in the end.

Tabitha Willbanks says

ARC was provided for an honest review

Another fabulous Battlescars installment!

Oh my gosh... Poor Derek! He has been put through the ringer! Through it all Joss, Blake's baby sister has been his rock. She is young and inexperienced at life, but Derek has always been there. It takes a while and both have to explore other avenues, but they both finally realize that they can be each other's HEA! Next up is Kevin and Kennedy! I can't freaking wait!

Stephanie Wallace says

I absolutely LOVE this series. Each book I read I say it is my new favorite (in this series) and that is true with this one as well. This was the first of the three novels that really had me emotionally tied to the characters - the other two were good reads but I wasn't fuming mad when they made stupid decisions...half way through this one, if I could have gotten my hands on Derek, or Joss for that matter, I would have strangled them both! ***SPOILER PAST THIS POINT*** I truly thought that Sophie was going to surprise us all and Derek would end up with Britt and Joss with Zach. (Don't get me wrong, both of the new characters seemed nice enough but just not the electric couple Joss and Derek are). I wanted to rip Kevin's heart out for cheating with Derek's wife and hug the snot out of Joss for "fixing" Derek's issues. I just loved

this book - I can't say enough good about it.

Kizzy says

Review to come soon when the book releases

* 9/15/13---Released early :)

For fans of the Battlescars series, you will not be disappointed. if you haven't read any of them, then what are u waiting for? I loved Jake in Battlescars and Blake in Afflicted , but now Derek in Conflicted had my heart. He has dealt with so much from a young age and you just feel for him. So much happens including twist and turns that keep you sucked in until the end. it was great having Granny back for a few..lol..loved her as always, as well as the great relationship Derek has with the guys..not giving away spoilers, but wow! once you start you will not be disappointed ;)
Sophie, you rock!! Looking forward to more from you ;)

Sue Czarnomski says

****MAY CONTAIN SPOILERS--DO NOT READ UNLESS YOU'VE READ THE BOOK****. I'm "Conflicted" over my opinion of this book. As a huge fan of the first two books in this series, I'm afraid this one was not a #1 hit for me. The good....I loved how Sophie Monroe included the other band members in this book and kept you updated on their stories. Her continuity was flawless. Loved seeing Granny in this book too! The bad....Derek had way too many sub plots going on. His father's release, his questioning his sexuality, Britt or Joss, his ex-wife, his sudden surprise of fatherhood, etc.....Many of these stories weren't necessary. I also had a huge issue with his need to confess a very private sexual encounter with everyone. Why did his band mates need to know this? And....why was Derek friend's with Piper's loony ex-boyfriend Cole? This was absolutely unnecessary and irrelevant to the storyline. I'm assuming that Sophie Monroe will release another book following Kevin's story. This may be the opportunity to dive into these other plot lines from Derek's story a bit more. Not a bad book, just not my favorite from this series.

Tiffany Readz says

I liked the first Battlescars book, the second not so much and this third was the worst of the three. Derek has everything but the kitchen sink going on in his past and present, it's a wonder the guy can drum at all. I felt like he may have had one too many book cliches happening to him.

Derek is the drummer for the band Battlescars and is an emotional wreck starting from what happened to his family when he was a teen, to what happened to him in Vegas. He doesn't know how to feel about what went down in Vegas and decides to let his best friend's little sister in on his secret.

Joss is the little sister to Blake, another member of Battlescars. She has known Derek since he was a teen and had a crush on him and Jake (the lead singer in the band) since she was little. Joss and Derek have some sort of friends with benefits thing going on whenever she is in town. She knows Derek's secret and life story and wants to help him out.

Joss and Derek clash, they only thing they can do right is in bed, so they decide on just going the friends route without the benefits. Then Derek meets Brittney, Joss meets Zach, Derek's past is holding another secret from him and Joss and Derek really love each other. Got all of that??

The story starts to get very convoluted quickly, the meeting and liking of others, and I can't forget the bomb thrown at 97% which pretty much gets glossed over as the book ends. Plus the haunting Vegas secret just kind of went away it seemed. I think the book could have been better, too much to follow at one point and I just didn't connect with any of the characters.

Eye Candy Bookstore says

I have read 99% of the unpublished ARC- it is not complete yet, but I read enough to know it deserves 5 stars as it was so damn good that I read it all in 4 hours in one sitting. VERY bad ass Soph!

Ok, here is my full review now that the book is live and I have read ll of it:

Tracy says

Definitely different from the others, but great! I loved it and couldn't put it down! It left me wanting more, what can I say. There was so many suspenseful moments! So many shockers! Loved it! Sophie does not disappoint in her books!

Steph says

Loved this book! Best one of the series. The chemistry between Derek and Joss was amazing. Wish there had been more of them together and happy though.
