## David's Debt Mikayla Lane

Lt. David Jacobs thought he'd done an excellent job of putting his past behind him. With only the Sibiox, Gibly knowing his darkest of secrets, he believed the pain of the past was finally left where it belonged. In the past. It only took one urgent phone call to bring all his nightmares into the light of day.

Now he's going to cross the country and head towards what he believes is going to be the finality of his nightmares, the end of a promise he never should have made and the repayment of a debt he never should have owed.

But David will quickly discover that the years of nightmares were of his own making, and he's got one last chance to make things right. This time there's more at stake than he ever could have imagined, but if he succeeds he may find it's the one debt, he'll gladly spend forever repaying.

### **Lisa books says**

#### **Dark realm**

If there's light then there's an equal dark realm in this 11th book in this series. If you haven't every read this author do its a great series of books

---

### **Dawn Gee says**

#### **Wow just wow**

David has a past no one knew about until now. The horrific abuse Tierian suffers at the hands of his unstable mother are fit wrenching. This whole series makes you wonder what atrocities occur everyday that no one knows about but the victim and the evil predators. My goodness a lot is revealed in this book. I'm totally shocked by Grai.

### **Lorna Walters says**

Love these books and cannot wait for the next ... thank you for writing such wonderful stories about the lightbringers

---

### **Melissa says**

#### **David**

Very emotional book. Author does a good job writing about very serious and difficult topics of pedophilia. Darker than her other books but good.

### **Tiana Rogers says**

#### **OMG!!!**

#### **David's Debt**

If you are looking for a book full of action, look no further.  
This book has it all. Mystery, murder, kidnapping and evil people  
in places of power.  
David is shocked to learn he has a son and that his ex wife is possessed.  
This book is a fabulous read. Well done.? Mikayla Lane?

### **Ellen says**

I have to say this story was a disappointment for me. I couldn't get into it like the others in the series.  
It was to busy going from one place to another. I Never connected with David and his wife ( her name  
escapes me at the moment), I don't really feel like it was about them at all but about the coming war.  
Their relationship was blah. We are left with more question than answers and I am not sure if I want to  
continue or not.

### **Angela says**

#### **Loved it**

I have read every book in this series so far and have enjoyed them all and that goes for this one am now  
waiting for the next book to come out

---

### **Frances Law says**

#### **Very esoterical!**

The theme is leaving the original plot of aliens landing on earth marrying 'special' women and having 'hybrid'  
children. After a thousand years these children have multiplied and are born with special gifts. They are

hunted by the army who want those gifts. Now the story has deviated and dark and light warriors are brought into it. I'm not sure how I feel about this but I'll wait and see.
