## Desire Ava Alexia

Jaime sipped her drink and looked at the people dancing. She would like nothing better than to engage in a 'friends with benefits' relationship with Jules. The hotter and more erotic the friendship the better. Jules was the most handsome man she had ever seen. The past ten years sat well on him. He was taller, more muscular and fit and he carried himself with a confident, casually elegant swagger. He was all male and she itched to get her hands on every part of him.

"What's in it for me?" she asked boldly.

He raised his eyebrows in surprise. She had definitely changed from the quiet, tongue-tied child of ten years ago. She had grown into a beautiful young woman who was daring enough to ask for what she wanted...just his type of woman.

"I think I can make it worth your while. Are you interested?" he murmured.

Jaime knew exactly what he intended. Here was the opportunity she longed for. Was she courageous enough to take it?

## **From Reader Review Desire for online ebook**

### **Renee says**

Mediocre New Adult. The female character was whiny and the male a jerk. Was not badly written just not my cup of tea!

---

### **Miccilina Piraino says**

#### **Enjoyable but not without issues.**

Plot was ok, writing, grammar and other issues took a little bit away from the story. In need of editing before publication.

---

### **C.C. Cartwright says**

Desire was a fabulously sexy and steamy read! The author's descriptive writing brought to life Jules and Jaime's sizzling romance. I look forward to reading another one of Ava Alexia's books.

---

### **Shannon Davison says**

#### **Sweet Romance**

Great story and I just loved the characters. There is always one woman that will get the Billionaires attention and change their playboy ways.

---

### **Deborah says**

#### **JUST OKAY**

This book was lacking chemistry between Jamie and Jules. There was just a lot of sex. The dialog between the two wasn't all that interesting and what's with the extremely long paragraphs? Reading on a Kindle Fire, some paragraphs would take up 2 1/2 to 3 pages, which is way to long in my opinion. The two Drama Scenes, were too short and easily forgotten.

### **Donna Fernandez says**

#### **Awww**

I loved this story. It's actually really cute how 2 people were just destined to be together. I just wish it was a bit longer

### **Carol says**

#### **Good Book with some action and Hot Love Scenes**

I enjoyed this short story that had some action, great secondary characters, and explosive HOT sex. MS Alexia is a talented author that keeps her fans entertained with descriptive characters whether it's the H/H or the secondary characters.

The editing could have been better as I realized that it was distracting from the story.

The storyline was cute.

I recommend this book for a fast fun read.

HAPPY READING MY BOOK FRIENDS....

Sweet, heart warming story. A feel good book. What a great Saturday afternoon read. Looking forward to Ava Alexia's other stories.

### **Lisa Couture says**

#### **Poor editing**

I was frustrated with the poor editing of this book. I had to go back and re-read many parts several time throughout.

#### **Pretty good**

Needed a bit more but overall good. Nice, quick read....I'd like it more if she had stood up to ex girlfriend and gave her what for but the last act helped.

---

**Sally Hannoush says**

This was a quick cute love story with a Happy Ever After ending. It good for light reading.

---

**Kirsty Turner says**

loved the book but thought it moved a bit too quick. A great story though.
