Catch up with the coolest new girl detective on the block, Goldie Vance.

Sixteen-year-old Marigold “Goldie” Vance has an insatiable curiosity with dreams of one day becoming a detective. Luckily, she lives at a Florida resort with her dad, who manages the place, and with a rotating roster of guests and events, there’s bound to be some mystery afoot! With the Prescription One race in town, Goldie and her biggest rival, Sugar Maple, find themselves in an unlikely alliance to find who is sabotaging the drivers before the big event.

Eisner Award-winning writer Hope Larson (*A Wrinkle in Time: The Graphic Novel*) and artist Brittney Williams (*Patsy Walker, A.K.A Hellcat!*) are joined by writer Jackie Ball and introducing artist Noah Hayes in another exciting whodunnit adventure!

## From Reader Review Goldie Vance Vol. 3 for online ebook

### Maggie Gordon says

I really appreciate that Goldie Vance exists. It's everything I want from Nancy Drew, including the retro vibe, but with a contemporary social norms. In this volume, Goldie has to solve a mystery surrounding her arch-frenemy: Sugar Maple! The mystery in this one is weak unfortunately, even for a kiddie book. But the character interactions are what make this one fun!

Now this is back to the fun *Goldie Vance* I know. Much more action throughout and as always, excellent artwork. I'm looking forward to Volume 4. ?

Hold up!

When did Diane and Goldie become an item?

They're dating? How long has that been going on?

Did that happen in the first volume and I just don't remember?

I thought they were only on flirting terms but suddenly, they're kissing and I feel like I missed something.

So we have a new illustrator and while his pictures aren't quite as squeetastically adorable as Brittney Williams', these illustrations bring back the feeling of whimsy and expressiveness I so enjoyed in the first volume. I felt it was a good emotional adaptation of the original work. I hope the next volume is as enjoyable; I see it has yet another illustrator.

The story here is also more engaging than the random mess found in Vol. 2.

I'm still not nearly so in love as I was but I'm not on the edge of dumping this series, either.

Maybe my favorite volume yet? THIS SERIES IS SO GOOD.

---

### **Alice-Elizabeth (marriedtobooks) says**

I'm honestly addicted to the Goldie Vance series, mysteries, adventures and a cute f/f romance! Bright and colourful to read.

### **Emma says**

In this volume I reevaluated Sugar Maple so much, in the end she was really good and came through with the promise made to Goldie. And also I really did appreciate the fact that Maple has all girl mechanics for her racing car, it was just so nice to see something like this.

Goldie keeps being the fantastic character she's always been, I just love her.

This series is just the cutest. You should definitely read it if you want a funny mystery comic filled with diverse and relatable characters.

### **Sylwia (Wish Fulfillment) says**

I love Sugar Maple so much and I loved this whole redemption arc.

### **Claire says**

LOTS OF CHARACTER DEVELOPMENT MY FAVORITE

### **Devann says**

Another cute volume in this series. I never really have much to say about this series but they're always quick reads and the art and stories are cute if a bit simplistic. It is nice to have a vintage style comic with so much diversity though, and also with tons of cute girls who love to race cars [even though I personally know NOTHING about cars lol]. It's maybe a bit too kitschy for me at times but I think it's still a really great title.

### **Natalie says**

Love this series.

**Kate (GirlReading) says**

BEST VOLUME YET.

Girls supporting girls, an effortless f/f relationship, female empowerment, sabotage, character development, an all girl mechanic crew, a racially diverse cast of characters and an addictive plot. This series is a breath of fresh air and an absolute delight to read.

**Krista Regester says**

The colors alone in this series are exquisite!

---

**Kienie says**

I wish this were the first story. This is about the right size for a mystery for a teen detective. The other two stories were in that too-fantastical but not fantastical enough area. This feels just right.
