O'Hajee sees nothing but a dollar, and even though Myeke does everything he can to keep him out the streets, the fast money appeals to him, and he'll do whatever to get it, even if that means selling drugs to his own mother. But when he starts to feed the habit of one of his neighbors, he starts to realize he bit off more than he can chew. Will he be able to slow down and get his life on track before it's too late, or will he end up being another victim to the streets?

All Zoie Neal wants to do is finish school so she can get out the projects and never look back. With a perverted step dad and an alcoholic mom, she does everything she can to achieve that dream, but one thing seems to be standing in her way: O'Hajee. What starts out as them being worst enemies soon blossoms into something much more, but his lifestyle is the complete opposite of what she wants out of life. Can she convince him to let go of all his dope boy ambitions, or will she walk away from the only person closest to her?

Take a walk through the lives of these three as they try to find their way in life without losing sight of the bigger picture. Can they beat their odds, or will they get trapped in the one place they don't want to be?

**Omg!!!**

Omg this book had me in my feelings I swear I just want to reach into the book and stomp a mudhole in Zoie's mother and kill that stepfather. Key need to be ok and just smack his brother around for being stupid. Monica needs to go away and Syia needs to just die Ole trifling as how. Other then that this book will have you all in your feelings make you laugh scream cry and want to fight and murder someone all in the same sentence.

**Excellent!**

How could book one end that way???? This was a banger and I felt sad at times with the book and loved Zoie! There are so many questions in my head and I need karma to strike certain characters in book 2! What lingers in my mind is what made Zoies mom the way she was? She disappointed and angered me but the reality is there are people that act like this! I can't wait for book 2! Well done and this book was a great distraction from reality for me!

It's sad that Zoie went through so much stuff during her young age. I really think her and Hajee may have been an awesome couple. Siya was grimey for how she acted and the stuff she did to Key. She will get here but I soooooo can't wait til part two. ???????

### **Must read 5? banger!**

What a great read! Zoie couldn't catch a break, and just when she thought she had, life threw her another curve ball. O'Hajee was trying to just live, when fate literally ran into him. He was just trying to be a shoulder to lean on for Zoie, and wasn't prepared for what was starting to brew between them. Myeke was the protector of the family, but didn't know that one of the people closest to him is who he needed protection from. This book definitely had me in my feelings. That ending had me in tears and feigning for part 2.

## **NekaNek says**

This book was EVERYTHING !!! I didn't want it's to end. I'm praying Zoie wakes up and her and O'Hanee kills every last one of the men who raped her and her mother. Her mother doesn't even deserve the title of mother. She's just down right evil! I'm just ready for part 2 to drop to see what happens next. I swear I was right there seeing it through everybody eyes.

### **O'Hajee**

This was the first book that I have read by this author. And man I can't wait to read more she pulls you in from the very beginning. O'Hajee is Bae. You can't help but feel for Zoie. I know O'Hajee really does love her in his own way! He's just letting his guilt get in the way. They are both letting secrets mess up what they have. Instead of opening up completely to each other. Instead of Zoie trusting him to protect her she keeps a secret that might just cost her, her life. You can't help but wish Siya gets what she deserves. I hope Myeke makes her suffer. I so loved this book! I can't wait for part2! This book was Bananas

### **Fetish leads to trouble**

Yo I don't normally give out 5??ratings on books and if I do it's cause it truly deserved it.....well darling you deserve this 5??.....my poor Zoie just can't catch a break and my heart went out to her. Siya just dirty and now Myeke sees what his momma has been telling him all these years!! Now Hajee gotta a lot of explaining to do and I'm hoping he can repair the damage done to his love Zoie and his relationship with his

Bro Myeke!! Now that dirty as momma Brenda and step daddy Mike deserve to die a painful death for all the years of torture that they did to Zoie!! Even though River is classified as a ho, I'm hoping she can be what Myeke needs just from the brief interaction that they had during graduation!!

NEED BOOK 2 ASAP!!!

**A must read!!**

You ever got Into a book and it felt like you just started reading and then boom you done lol. This is a book you will get lost in, it just that good. I can't wait for part 2. Editing on point, love the characters (not all lol).

### **Bella Jay says**

This was a very good book! I honestly am itching for part 2 so I hope it's not too long of a wait. I love finding new urban fiction writers that produce quality work along with a bomb storyline. This was my first book by Porschea but now I want to read more of her stuff (to past the time until part 2 lol). I was rooting for O'Hajee but damn when what's done in the dark comes to the light everything gets fucked up. He still kinda sorta bae though. My heart hurts so much for Zoie. Ooooooohhhh Siya girl you better run. I hope she gets what she deserves.

**Loved it**

Young love is good when you both want it. Love doesn't have an age limit on it. o'Hajee was wrong for a lot he done but he is young. He is gonna have to learn from them & because of it two people he love are hurt behind it. How it will affect him will determine what he does next. Zoie has had it rough her whole life & when she thought she had someone to trust he turns on her. How will she overcome all she has endured? Will she be able to forgive & move on or will this just destroy her even more. Now Myeke never thought his brother would betray him. Now cause of it he is in trouble. Siya is in on it & will definitely suffer behind it. All her lies will catch up with her when she had it all. She just had to be stupid & greedy. Ready for part 2 to see how it all plays out. This book makes you really question trust even from family. Also the extent that people will go to get what they want even by hurting u. This book is entertaining, sad, but most of all true to

what we see today.
