Detroit sets the backdrop for this arduous love tale.

Sisters Hill, Haven and Hailo live a lavish life built off the wealth of other people. With the help of one man who is undoubtedly the reason the sisters aren't lost to the streets they embark on new capers.

Andraco and Waikem become the target of Hill and Hailo and the story begins. What was supposed to be a quick and easy lick becomes everything but that and the women find themselves torn between what they should do and what they have to do.

Even with hearts as cold as ice the sisters really desire to be loved. When they come across men that connect with them on a level that reaches far beyond the physical they're left with the choice to choose love or loyalty.

Fye???

This book is so good!!! I'm hoping and praying that Draco comes through for his little brother. Hendrix is the worst type of scum. He has played on all of these Women when they were vulnerable to him. I'm hope he gets what's due to him next book. Hailo got a good one I hope like hell she makes it out alright. Haven is too naive for me. And Hill is a survivor so I'm hoping she bounces back.

Worth It

First off kill Hendrix already!!!! He gotta go. The girls was dealt a bad hand early on in life but I need them to become a strong unit after this fiasco. Those men love them even though they have not a glue of their sickening background. Waikeem oh my god he is book Bae. Where he at? Lol .. I hope Draye is okay and Draco? I know he's crazy but I need him to save Hill from the madness she calls a life.

Secrets lies and love whew!!

Where do i begin? Hailo my heart breaks for her and for keem ...damn!! Haven wake up girl geesh!! Hill I think is gonna be prego and Hendrix pleeaassse somebody kill that slime bucket so they can be free already ..he is the worse!!! Book 2 whew here I come!

Shonta says

WOW!!!

OMG!!!! Hendrix is a freaking lunatic. I didn't like him from the beginning of the book.. I knew he was going to use them girls. Hillary need to stop being so darn scared of him...I think if she be honest with Darco he would help her. Yes he'll be pissed off but I think he'll help. I like feisty Hailo and can't wait to see what happens with her and Keem. Poor Haven, I feel so bad for her... All she wants is to be loved and some advice. I hope she survives.

Faith is a poor excuse for a mother. I'm so mad at her I can scream!!! Dominique you never disappoint... Keep the book coming!!!

Ok so I will admitt, I was a little lost in the beginning with the H names lol. I was like it's to many characters being thrown at me at one time. But ohhhhh my gawd, listen when I tell you this book is BOMB ! Hendrix was an evil man and he got his just do ! Hailo is my favorite character I love how she learned about Allah and became a totally different person. Growth I love it, Dominique you never cease to amaze me. You always bring that fire gurrll ??????

Damn! Hendrix was a low down, conniving bitch. He preyed on the girls weaknesses and held their struggle over their head. To learn of everything he'd done to each one only heightened my hate for him. Hill took on a responsibility that proved to be too much in the long run. To be indebted to someone who'll never get enough or let go causes all kinds of problems. Hill and Hailo both met some solid dudes and I only wished they'd been more forthcoming once their feelings began to grow. Draco as well as Keem proved they weren't to be messed with and I hope they straight toe tag Hendrix. Haven is so clueless to a lot and that led to her getting caught up. Draye being a friend may have cost him so much. I can't wait for part 2 because the girls will see just how their decisions may have cost them the only ones they wanna be with.

Deceptive Clan

The entire family was compromised. They were without morals or true loyalties. The 5 star rating was because it was very well written, the characters were personally defined , it was entertaining as well the reality for some people. It's a page turner. Ready to read part 2.

Wow!

O m g! This storyline was very interesting and kept my attention. I feel so bad for the sisters. Hendrix is like Satan in human form. At the beginning I was hoping he would be their savior but he turn out to just be a manipulator. The way he did Haven proves that! I know things aren't gonna end well but I hope someway somehow, Hailo & Keem will end up together. This book brought out many emotions. I've read this author in the past but her writing has definitely grown. Im looking forward to part 2! I will be recommending this book to my friends.

Just when love was prevailing...

Let me tell you how this book took me through it and back then back through it again. First off I don't nowhere Dominique got Hendrix from but she need to throw him back. I loathed him this entire story and he gets worse each time. Hill, Hailo and Heaven already had a crappy childhood and he just made thier adult live worse. Money is the root of all evil, well Hendrix is the root of all evil..I mean the dog, really. In an attempt to go one of Hendrix mission the girl find themselves in unexpected situations. Their vibes changes, they started to see who they were, but then there is Hendrix. He made my life a living hell reading, I just knew thing were going to flourish. I really feel bad for Hailo, she was really doing her thing, but writing your feelings has a way of biting you back. I know part 2 is going to be a straight hell raiser cause with the changed of events somebody need to get that a** tagged..Hendrix.

Awesome read

Man this book was everything from the beginning to the end!!!! She made sure to develop all of the characters in the book. The book flowed and it seemed very realistic while reading it. There were some real issues that went on this book that I know people can relate to or know someone who has been in the situation. I also love how the women were depicted as strong women. The way it ended was bananas and I cannot wait for part 2!!!

Kutura Billingslea-Hamilton says

Noooo!!!

I need part 2! Omg! This story is beautifully written even in its sick, twisted way! Those sisters are something else and that Hendrix is the devil himself. I need to know how this end. Will Hailo survive this battle and end with her king? Will Draco discover Hillary's true motives after the fact? Will Haven survive? Hell, was she even shot?!?!?? Soooo many questions but nevertheless, this was a BOMB story! It was worth the one click and a definite 5star masterpiece!

Shanita Wade says

Really?!?!?

This story didn't even start until about 40% into the book, and as soon as it started it was over. So tired of authors doing sequels and even though this eventually became a good read, this might be the time I decide to be done with Urban fiction, it's ok to have sequels I guess, but to drag the book out solely for the purpose of waiting to the end to begin the story so you can write a part 2 is deceptive!

Ta'Quanna says

Every time I see anything with this authors name attached I read it. She is one of my favorites. Story is of three sisters getting mixed up with the wrong man to survive. The 2 oldest Hill, and Hailo is sent out to do the dirty work "scheming men" while baby sis Haven is sheltered from that life. On their latest scheme, What they got instead is a love that cause them to make a choice between love and "family". What a wonderfully written story. Can wait until the sequel comes out. Please don't make us wait too long.

Mannnn solo good!

This book was good from beginning to end. I can't wait til Waikeem and Draco give Hendrix what he deserves. The girls were dealt a bad hand and have a tarnished view of family. Hill and Hailo should kill Hendrix but they are suffering from heartache. Hendrix is a sick pimp that needs to be dealt with. Faith is such a weak woman and is still not taking up for her daughters. You are so gifted and talented I hope the girls will get their chance at true love. I can't wait til the next book drops!!!
