In the fourth book of the series, Kingston Raine is at his wits' end as he tries to protect the most dangerous prisoner to have ever escaped from Hell: a Scottish muse driven mad by one of Satan's devils. Chased across the realms by millions of bounty hunters, this muse's fate is left in the hands of Death and Satan amid an epic political tug of war. Kingston and his friends do their best to keep the muse from turning against them, and for the first time in their lives their charm and great ideas are outclassed on every occasion.
